Canadian Manufacturers Oppose any Change in the Fiscal Policy.

Toronto, Feb. 27.—The Canadian Manufacturers' Association at its annual meeting to-day adopted resolutions putting on record its opposition to any change in the fiscal system of the country, congratulating Sir Mackenzie Bowell upon his elevation to the premiership, and promising him its support, declaring in favor of the creation of a railway commission to prevent discrimination in freight rates and favoring the idea of Imperial Federation.

The following officers were elected: President, A. A. Kemp; First Vice, Jas. P. Murray; Second Vice, Jas. Kennedy; Treasurer, Geo. Booth; Secretary, J. J. Cassidy; Chairman Executive Committee, R. W. Elliot; Chairman Tariff Committee, W. K. McNaught.

PROTEST AGAINST HARRY.

The Conservative Association of Kingston Hope to Unseat the Minister of Public Works.

Kingston, February 27.—A protest against the return of Hon. Wm. Hart, M.P., Minister of Public Works, was entered this morning by the Conservative Association. The usual charges of bribery and corruption embrace a long list. The Conservatives feel sure of unseating Mr. Hart, as they claim they have sound proof to justify their claims.

THE FIRE RECORD.

Bath Beach, Feb. 27.—Fire here to-day destroyed six buildings. Loss, \$50,000; partially insured.

St. Louis, Mo., Feb. 27.—Fire broke out last evening in the basement of the seven-story building occupied by Friedman Bros. & Schaefer, manufacturers and wholesale dealers in boots and shoes. The total damage suffered by Friedman Bros. & Schaefer, and their partners, Messrs. R. W. Elliot and Guler Bros., importers and owners of gent's furnishing goods and notions, adjoining, was between \$50,000 and \$75,000.

The First Break in the Cleveland Cabinet.

Washington, D. C., Feb. 27.—Postmaster-General Bissell tendered his resignation to the President at five o'clock this afternoon, to take place on the appointment and qualification of his successor. He will probably remain in office until April 1. In speaking of the matter to-night, President Cleveland expressed his regret at Mr. Bissell's retirement. "I am not taken by surprise," he said, "for I have known for some time that it was inevitable, because Mr. Bissell's reasons for his action were of a personal nature, and inexcusable." The President spoke highly of Mr. Bissell's "splendid and valuable public services."

Whiteway and Colleagues Re-elected.

St. John's, Nfld., Feb. 27.—Wm. Whiteway and Messrs. Elie Durr, P. Scott, Edward Morris and Henry Wood were to-day elected members of the Lower House of Colonial Legislature. They encountered no opposition. A petition signed by the United States Government, to recall Mr. Ryan, U. S. Consul here, has been signed by a number of citizens. They petition for the reappointment of T. N. Molloy.

A RELIGIOUS RIOT.

The Presence of an Ex-Priest Lecturer Causes Trouble in Savannah, Ga.—Buildings Blown Up.

Savannah, Ga., Feb. 26.—Savannah escaped a riot to-night through the intervention of military. The trouble was started by ex-Priest Jos. Slattery's lecture on the Roman Catholic priesthood. For several days past efforts have been made by members of the Ancient Order of Hibernians to get the mayor to revoke the permit for the ex-priest's lectures, but the Mayor, on legal advice, replied that it could not be done. Threats were openly made against the lecturer, and a detachment of police was placed at the hall where the lecture was delivered. The lecture contained no offensive language, but the crowd which had gathered on the outside began to hurl stones through the windows and among the audience. The police ordered the crowd to disperse. It refused to do so, and kept shouting and jeering. The Mayor was notified, and after a consultation with the Chief of Police, decided to order out the military. The riot alarm was sent in, and in a half hour eight companies of infantry and a troop of dismounted cavalry were on the scene. A portion of the mob kept yelling and hurling bricks at the windows of the hall where the priest was. A few shots were fired in the air by the rioters, but no one was hurt. The streets were cleared for a block in every direction, and the troops remained on guard until the disturbance had subsided, when the lecturer was brought out and escorted to his hotel. The crowd followed and jeered along the streets, but there was no attempt at an open attack.

Savannah, Feb. 27.—About one o'clock this morning four three-story buildings at the corner of Fama and Margaret streets were blown up. The explosion wrecked them completely. Efforts are being made by some persons to connect this with the riot of last night, but there is no evidence thus far to sustain this. The riot is the only topic of conversation. Feeling runs high, and Slattery has received assurances from many sources that he shall be protected at his lecture to-night by citizens, regardless of police or military. Savannah's good name is held to be at stake, and many citizens express a determination that it shall not be said that freedom of speech is suppressed here. Slattery has made formal application for permits for his wife to lecture this afternoon, and for himself to lecture to-night. Mayor Myers will grant them. He has been urged, instead of using the military in the event of trouble, to call out the fire department, and pour streams of water on the rioters. These probably will be adopted. A large element of the lower class of Catholics are intensely bitter in their feelings against Slattery, and threaten to attempt to mob him again to-night. They are being frowned down by others of their faith, who thoroughly condemn last night's proceedings. It came out this morning that one or two small pieces of dynamite or some other high explosive were among the things thrown at the hall. One explosion had shattered two or three frames of glass. Guards were kept at the armories all last night. It is stated that members of the A. P. A. have sent for an organizer to come here and take advantage of the excited state of the public mind. Unsuccessful efforts were made this morning to burn the Masonic Temple. The police have a long list of names of leaders of the rioters, and they will be arrested as rapidly as possible.

Women Discuss Dress.

Washington, D. C., February 27.—The National Council of Women had the largest attendance at the morning session to-day since the triennial began. This was natural, for the topic for discussion dealt with that which is paramount in the minds of many women, "dress." From every standpoint it was considered, and the audience seemed to take particular delight in the statement of one speaker that the dress worn by men was comfortable, but certainly not beautiful. The discussion was based on the report of the committee on dress, prepared by Frances E. Russell, of St. Paul, Minn., and read by Mrs. Rachel Foster Avery, of Philadelphia. In presenting the subject to the audience, Mrs. Sewall, the presiding officer, said that from the time Eve plucked the first fig leaf to the present dress had been most interesting and perplexing question for women. She also remarked on the large audience that had been drawn so easily by the announcement of the subject. Rev. Ida C. Hutton, attired in a clerical costume that suggested her ministry, spoke on the ethics of dress. The body and all that pertained to it, she said, must be used as an avenue for the education of the inner self. Its desires and passions must not destroy, but they must be subjugated. Nothing could be a power over the body but that it will have its influence on the spiritual part of the individual. Woman in the past, she said, had dressed for the admiration of men, and had not clothed themselves for health and enjoyment. Three things were necessary for the proper dress reform. They were economy, comfort and beauty. The speaker, had comfort and possibly economy, but not beauty. Dress should adapt itself. Women could not climb the Alps in a drawing-room gown. The ethics of dress in the future was that in which the minimum of thought should be displayed and the maximum of comfort, of beauty and of personality. Mrs. Martha Strickland, a lawyer, of Detroit, spoke without notes on "Dress as an Art." Mrs. Annie White Johnson, of Chicago, discussed the subject of dress reform from the standpoint of comfort, health and beauty.

Wreck of a Steamer.

New Orleans, La., Feb. 27.—A cablegram has been received from Havana announcing that the Southern Pacific Company's Morgan Line steamer William G. Hewes, from New Orleans for Bluefields, before reported ashore on the Colorado reef off Cape San Antonio, the western extremity of Cuba, has bilged, and will prove a total loss. Her passengers and crew were taken off by the steamer Whitney, which was sent to her assistance from Havana, and all will be brought to New Orleans. The William G. Hewes was built in 1860 at Wilmington, Del., and was making her first trip after having been almost rebuilt at New Orleans, at a cost of \$20,000.

JUST THINK OF IT.—You can relieve the twinges of rheumatism or the most painful attack of neuralgia; you can cure a cough or heal bruised or broken skin with a bottle of DR. THOMAS' ELECTRIC OIL, costing only 25 cents.

MESSAGE FROM THE SEA.—The only person saved from the wreck was one little maiden, and she—with the forethought natural to her sex—had provided herself with a piece of Cleaver's Juvenia Soap and washed herself ashore. Cleaver's Juvenia Soap has the most marvellous effect in preserving and rejuvenating the complexion.

THE PUBLIC ACCOUNTS.

What It Cost to Run the Province—Total Appropriations, \$3,534,120.94—Expenditure, \$3,842,505.23.

Toronto, Feb. 27.—The public accounts of the province for the year ending Dec. 31st, 1894, were handed to the members of the House yesterday, in order that they might be examined before the budget speech is submitted on Thursday next. The total appropriations, according to the Supply Bill of last session, were \$3,534,120.94, and the total departmental expenditures amounted to \$3,374,379.75. The amount unexpended on appropriations was \$232,769.66, and the over-expenditures were \$73,027.87. The overdrafts on appropriations were \$36,459.24. The grand total of the year's expenditure was \$3,842,505.23. This is somewhat less than in 1893, when the total expenditure was \$3,907,145.32. The chief difference between the two years are in the administration of justice branch, which shows an increase of about \$38,000; education, which increased \$22,000; public institutions, which decreased \$22,000; hospitals and charities, which increased \$18,000; public buildings, which decreased \$115,000; new Parliament buildings, which decreased from \$159,690.50 to nothing; Brockville asylum, which increased \$105,000; and miscellaneous, which increased \$25,000. Criminal justice and Crown prosecutions cost the country last year \$173,322.23, which is about \$30,000 more than in the previous year. The industries at the Central Prison make a good showing. The debit balance on January 1st, 1894, was \$91,753.77, which added to the total expenditures for the year, made a total debit of \$1,863,360.01. The revenue during the year was \$1,424,406.53, leaving a debit balance of \$43,956.48. The surplus for the year was therefore \$37,797.29. Apart from these items the figures presented show little change from the previous year.

CAMPAIGN NOTES.

Political Points of Interest from All Parts of the Dominion.

Mr. J. F. Gillespie has accepted the North Ontario Liberal nomination.

Major R. R. McLennan will again be the Conservative candidate in Glengarry.

The Restouche County Liberals in New Brunswick have nominated Mr. Haddow, who has accepted.

It is stated that Sir Hector Langevin will run for St. Maurice and Three Rivers against all comers.

The Belleville, Ont., Board of Trade dinner to the Premier will take place on Tuesday, March 12th.

Mr. H. C. St. Pierre, Q. C., Montreal, is mentioned as the Liberal candidate for Jacques Cartier county.

A Victoria, B. C., despatch says:—Hon. Amer. de Cosmos has announced himself as a candidate for the Commons.

The Maritime Provinces, says the Morning Times, will send a three-to-one contingent in support of the Conservative party.

Mr. McNeill, M. P. for North Bruce, it is stated, will accept a seat in the Senate, and the rumor is that Hon. J. C. Patterson will run in North Bruce.

Premier Blair, of New Brunswick, has informed a delegation of Queen's and St. John's that he will not run in the Dominion elections.

A meeting of the North Simcoe Conservative Association will be held in Stewart's Hall on March 7 for the purpose of nominating a candidate for the coming election.

In consequence of the withdrawal of Mr. Stark in North Grey a Patron convention will be held on March 9 to make a new nomination. Grand Trustee Gifford, it is expected, will be nominated.

F. W. Hale, a former Liberal member of Parliament and a gentleman having large business interests in Carleton county, N. B., has gone over to the Conservative side, and may run as the party candidate.

A convention of Conservative electors of Nicolet will be held on Thursday. It is understood that Hon. Mr. Angers will be offered the nomination, but if he declines Mayor Rall, of Nicolet, will be the standard-bearer.

The Liberal-Conservative convention at Brampton on Saturday will be a great one. Hon. N. Clarke Wallace and Hon. J. F. Wood will be the speakers. Officers will be elected and a candidate chosen. There are a number of names mentioned, and there is no doubt a strong candidate will be elected.

A Liberal convention for North Simcoe was held in Stewart's Hall at Stayner, Ont., yesterday for the purpose of nominating a candidate for the coming election. Eighteen nominations were made, but all withdrew from the field except Mr. E. Stewart, of Collingwood, and Dr. McAllister, of Nottawasaga. When the ballot was cast Mr. Stewart was found to be the winner by about a dozen votes. The choice was then made unanimous.

Peru's National Affairs.

Lima, Feb. 27.—The British legation has been advised indirectly that Peru will allow no interference in her national affairs.

A number of furniture dealers from Toronto, London, Brantford, St. Catharines and other places met with the Hamilton furniture dealers yesterday to discuss matters of the trade. It is probable an association of furniture dealers will be formed as a result of the meeting.

GREAT BLAZE AT HALIFAX.

THE LOSS ESTIMATED AT FULLY A MILLION DOLLARS.

Emigration Shed and Other Dominion Government Property Destroyed.

Halifax, N. S., February 27.—Fire started just after 10 o'clock this morning in the large shed at the outer end of the Deepwater Wharf. A strong north wind fanned the flames into fury, and in a short time the fire-shed, wharf and the elevator chute were doomed. Part of the contents of a shed on the upper part of the wharf were moved, but the contents of the outer shed were nearly all lost. It consisted of merchandise, the steamer Indiana having discharged a quantity of goods last night for points west. The flames ran quickly along the elevator flue and communicated with the elevator, which was soon a mass of flames. Its sides and roof were covered with slate, and the heat caused these to fall about in a dangerous manner, driving firemen from the scene. It is reported that one fireman was killed by falling slate and that a number were injured. The Samaritan and other houses on the opposite side of Water street caught fire from embers, and in a short time fully a dozen houses were ablaze. The conflagration is almost beyond control.

Fortunately, there were no steamers at the Deepwater terminals at the time. The steamer Indiana left early this morning. The loss will be fully a million dollars. The flames are still spreading. The Dartmouth Fire Department have come to the assistance of the Halifax Brigade. Western Union wires have been destroyed by the firemen. Messages must go through North Street Depot.

The fire is now under control. The chief loss is sustained by the Dominion Government, whose property around the deep water terminus is pretty well destroyed. The big immigration and other sheds are gone, and the long wharf is burned. The big elevator and the elevator chute are also burned. The block of wooden buildings opposite the elevator are badly scorched. No firemen were killed, but two were badly injured. The total loss will be over half a million dollars, and the whole of which will be sustained by the Dominion Government, on which there is no insurance.

Four hundred thousand dollars' worth of goods were stored in the Government sheds burned this morning, which will bring the loss up to a million dollars. Two hundred thousand dollars' worth were the spring stocks of the city, which had no insurance. The remainder belonged to western firms. The cargo of the steamer Indiana landed yesterday and last night. One train load of eight cars left for Montreal this morning before the fire started.

Halifax, N. S., Feb. 27.—The loss by to-day's fire will reach about a million dollars. Of this amount the Dominion Government will lose fully half. The grain elevator and chute, which were completely destroyed, cost, with appurtenances, over a quarter of a million. The immigrants and freight sheds are all gone, the immense wharves are burned right down to the water's edge, and the railway tracks, offices and a dozen cars consumed. In the shed were a steamer's cargo of goods, those of the Indian and Corean, and the remainder of several other cargoes. Great efforts were made to save this, but unavailing. Nothing whatever could be moved. About 200 tons of these goods were for city merchants, whose losses will be very heavy—probably \$250,000 in the aggregate, but different firms will lose from \$500 to \$1,000 individually. Then there are 200 tons more destined for New Brunswick, Quebec and Ontario, probably \$200,000 worth. The latter goods, it is believed, will be insured. The policies covering the transit of goods till they arrive at their destination, but there is no insurance on the stocks of the Halifax merchants. Neither was there any insurance on fourteen cars of coal, eight cars of potatoes and one carload of beef consumed. The Canada Atlantic Railway lost \$10,000 in cars burned. In addition to this there were large quantities of goods there waiting shipment to New foundland, and these were all lost. The Armour Beef Company, of Chicago, lost four cars. The Government disinfecting apparatus, which cost \$15,000, was also burned. On Water street the wooden buildings—from 150 to 355—were more or less damaged; most of them insured. It was the liveliest fire that has occurred in Halifax for many years, and the firemen, who put forth herculean efforts to prevent its spread, had many narrow escapes. As it was, several were badly injured. How the fire started is shrouded in mystery. It will be some time before city merchants know the amount of their losses. They have not yet received invoices of their goods.

TO BOYCOTT THE GRAND TRUNK.

New York Steamship Agents have a Grievance Against the Canadian Road.

Buffalo, N. Y., Feb. 27.—A special from New York says:—The local managers of the transatlantic steamship companies have sent a communication to the Grand Trunk Line Association, calling upon the railroads to boycott the Grand Trunk Railway Company of Canada and the Chicago & Grand Trunk Railroad on immigration passage business destined from New York to the west. If the trunk lines refuse to do this the steamship companies will intend to break off their relations with the railroad association and no longer allow immigrant passengers to be routed by the clearing house, as has been done for several years. The grievance of the steamship companies is that the Grand Trunk, by paying a commission of \$6 apiece on all prepaid passengers routed via Montreal, while the trunk lines charge only \$1.03, is diverting business away from New York to Canada ports, and hence the lines putting into New York are losing their legitimate share of the travel. There have been conferences about the matter for several days, and yesterday Secretary T. S. Sanford, of the Transatlantic Association, obtained the signatures of all the leading companies doing business between this country and Europe.

When walking along Colborne street, Brantford, yesterday, Rev. Mr. Tennant slipped on the icy sidewalk, both feet going from under him. He fell heavily on the sidewalk, striking the corner of his forehead over the left eye, giving him a severe cut, which rendered him unconscious. He was carried into a hotel and in a short time revived. A doctor was soon in attendance and sewed the cut, after which Mr. Tennant was taken home in a cab.

Photos taken on Saturday night at Westlake's, 201 Dundas.

THE NEWS IN BRIEF.

European, Canadian and United States Despatches Condensed.

EUROPEAN.

Francis Coppée, the author and poet, is suffering at Paris from inflammation of the lungs, and it is feared dying.

The Japanese officers serving in the German army have received orders from Tokio to return home at once for service. The order of merit has been conferred upon Herr Von Schelowsky, who has just resigned the post of Governor of German East Africa.

Dr. Schweninger has advised Prince Bismarck to receive only a few deputations on April 1, and to meet the others on subsequent days.

Baron Von der Goltz, German admiral-in-chief, is sick with influenza and inflammation of the lungs. His condition is serious, and much anxiety is felt.

A despatch from Athens, Greece, of the 27th says the Hamburg-American Line steamship Augusta Victoria, with the American excursion party on board, has arrived here from Smyrna.

AMERICAN.

Gustav Carlson, an 11-year-old boy, was killed at Brooklyn, N. Y., yesterday. The lad was returning to school, when, as he attempted to cross Humboldt street, he was struck by a car of the Meeker avenue trolley line and instantly killed. This is the 100th victim of the trolley car since its introduction in Brooklyn.

Deputy-Sheriff O'Brien, who was shot by the Griswold, Ia., bank burglars, is very low and slight. Lopes are entertained of his recovery. The authorities have identified the wounded robber who was captured. He is Cad McGuire, of Omaha. The robber who shot O'Brien and then escaped is Charley O'Connor, also of Omaha. The authorities are hot on O'Connor's trail.

CANADIAN.

—Rev. Abbe De Guire, parish priest of Notre Dame, Montreal, is dying. The sacrament of the Church has been administered to him. He was struck with paralysis a few days ago.

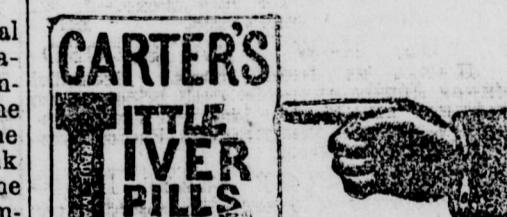

—Thirty Chinamen from New York and Boston took the Canadian Pacific transcontinental train at Montreal Tuesday morning for Vancouver, where they will take the Empress of China for their native land.

—The position of Assistant Law Clerk of the Ontario Assembly, rendered vacant by the death of Frank Joseph, has been filled by the appointment of W. H. Wardrope, barrister, of Hamilton. Mr. Wardrope will assume the duties of secretary of the Private Bills Committee, which will keep him employed in Toronto during the session of the Legislature until, and he will not withdraw from the law firm in which he is now a senior partner.

Suicides at Buffalo, N. Y.

Buffalo, N. Y., Feb. 27.—The suicide epidemic seems to be on. At the Carlton Hotel last night in room 25 was found the body of a man who had registered Monday as "Harry Brown, Grand Rapids, Mich.," but whose lines were marked "Frank M. Garie." Brown's relatives, who were telegraphed to, say the dead man's description does not fit Brown. At the Crystal Hotel a man, about 50 years old, engaged a room Monday night and came again last night. He had not left his room at 2 o'clock, and the room was entered only to find the dead body of the stranger on the bed with a 40-calibre revolver in his lifeless hands. Two empty bars of the revolver were empty. One bullet had gone into the ceiling and the second directly into the centre of the forehead. Forty-nine cents and a ticket from Buffalo to Niagara Falls was found on the body, and the shirt collar of the dead man bore the name "F. Young." The man was, during his stay at the hotel, perfectly sober and well behaved. A report was received at the coroner's office this afternoon saying that a woman attempted to commit suicide at 339 Cedar street by drinking high wine.

—Chief of Police Fawcings, of St. Thomas, has received a letter and newspaper clippings from Butte City, Montana, containing particulars of the death of Mr. Stephen Bowey, brother of Mr. Mark Bowey, of that city. It appears that he took a room at the Clarendon House, Butte City, that he was then unwell, and asked that a doctor be sent for. He lay down across the bed, and when next seen was dead. The physician sent for did not come at once. An inquest was held, a verdict of death from natural causes returned, and the county physician censured for not promptly responding to the call. The cause of death was consumption. He left St. Thomas some six or seven years ago.
