VERSAILLES, Jan 24-A special to theLondon Times says Favre is here and is proposing the capitulation of Paris, soldiers and garrison with honor of war. Terms are not deemed admissible. The attack on Fort Denis and the disaster of the 19th mainly led the French to ask for terms. Trochu is sick and Vinoy is in command. The arrangement of the terms of surrender will take some time. The French demands are by far too large. BRUSSELS, Jan 25-Letters from Paris by

VERSAILLES, Jan 24-At the interview to-day with M Regnier, Bismarck said Bourbaki, is caught between Werden and Manteuffel, and must shortly surrender, and Paris will surrender in a day or two, when 300.000 Prussians will be released to subjugate France. I want a party to negotiate with. I cannot negotiate witcout a nation. Regnier suggested it would be suicidal for any party in France to make peace. Bismarck then angrily closed the interview.

San FRANCISCO, Jan 29-The Womans' Suffrage convention is degging its existence out. Beyond scolding and lecturing the press and getting off a few windy resolutions and speeches, one of which at least was too indecent for publication, nothing has been done. Very small seams of coal, which burns freely, have been found on the peninsular of San Francisco, not far from the city, this week. A number of girls, of from 13 to 14 years

THE COAL COMPANY'S EXPLANATION TO THE PUBLIC.

It is well known that the San Francisco and Colonial

occupants in bed, burning down a building, and the like, show that some of the men were determined to act with-out any regard to consequences. Pressing over various minor incidents of a vindictive and malicious character that have transpired the, position now assumed by the men is simply this --They hold out for their own terms, vanily hoping to rock THE COMPANY to agree to anything THEY dictate! The Company have endeavored to arrange the dispute upon the basis of mutual cencessions, and are determined to yield no further. It will thus be seen that the miners are SHUTTING THEMEMORY BOUT OF WORK, and are assuming an attitude alike overbearing, arbitrary and unjust to the Company, and detrimental to the investment of capital in any (co-lonial enterprise, the success of which depends on the labor of one claws of men. The Public can estimate how far men are entitled to claim support and sympathy under the above circum-stances.

WASHINGTON, Jan 26-The statement in regard to the re-opening of the Alabama claims attracts great attention. The fact that steps have been taken by 'Thorn'on and Fish was considered secret and hence

its publication created alarm among persons having knowledge of it. Sumner says the report that he told Fish the proposed terms would be rejected by the senate is unfounded. He says he has no hostility to any treaty which might be negotiated by the administration. He does not however deny the fact that the Alabama claims are in process of settlement at the present time but whether the treaty is negotiated on the basis proposed cannot be predicted yet, but it is certain the terms now under consideration include amendment of certain positions beretofore taken by the U S, and it reports are correct the most important question of the recognition as belligerents of
