A GENTLE LAXATIVE FOR LITTLE ONES

Baby's Own Tablets are a gentle laxative. They are absolutely safe and are so pleasant in action that once the mother has used them for her little ones she will never again resort to that harsh, ill-smelling, bad tasting castor oil, which baby always fought against taking. Baby will take the Tablets with a smile and thousands of mothers tell us their little ones will coax for them. They are sold by medicine dealers or by mail at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Fourth Tuberculosis Sunday in Ontario Churches

The date for the fourth Tuberculosis Sunday in the Churches throughout Ontario has been set for Sunday, 14th November.

The movement has again been endorsed by representative bodies of Clergymen of all denominations—Anglicans, Methodists, Catholics, Presbyterians, Baptists and Congregationalists.

Jewish congregations have arranged to observe Saturday, 13th November. 2150 Ministers throughout the province will be supplied with an "outline of Sermon or Lecture" showing what Tuberculosis does; what it is; what the predisposing causes are; the immediate causes; the commonest early symptoms; how the disease may be treated and cured; how prevented; suggesting ways in which parents, children, churches, working people and everyone may help in combating the Dread Disease, and, lastly, giving particulars of the great work done by the National Sanatorium Association.

4000 Scouts and Cadets will again attend in uniform at the Churches. Both Cadets and Scouts will be on duty in the city of Toronto. Throughout the province apart from Toronto, Scouts only will be on duty. The boys will wear conspicuous badges, "Tuberculosis Sunday", with a double red cross, emblem of the Crusade Against Consumption, and will distribute literature on Tuberculosis to Congregations as they retire from the morning service.

Distribution of Seed Grain and Potatoes

By instructions of the Hon. Minister of Agriculture, a free distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples will consist of spring wheat (about 5 lbs.), white oats (about 4 lbs.), barley (about 5 lbs.) and field peas (about 5 lbs.). These will be sent out from Ottawa.

A distribution of potatoes (in 3 lbs. samples) will be carried on from several of the Experimental Farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. If both samples are asked for in the same letter only one will be sent. Applications on any kind of printed form cannot be accepted.

The destruction by fire of the cereal building at Ottawa, which contained grain-cleaning machinery and a large stock of seed grain for distribution, may make it necessary to curtail the distribution to a certain extent. We shall fill as many as possible of the applications which conform to the rules; but requests received after the end of December will probably be too late. Samples cannot be sent in response to applications (no matter when received) which fail to state clearly the needs of the applicant, his experience in crop-raising, and the character of the soil on which he intends to sow the seed.

All applications for grain (and applications for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed, delay and disappointment may occur.

Applications for potatoes from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest branch Experimental Farm in that province.

J. H. GRISDALE,
Director, Dominion Experimental Farms.

Three weeks ago Fred Brooker, of North Ridge, was seriously injured by a kick from a horse, rendering him unconscious, and fracturing several bones of his face from which, it is expected, he will not recover for some months to come. One day last week his Masonic and Odd-fellow brethren of Essex, to the number of seventy, showed a splendid brotherly feeling by husking, picking up and drawing in ten acres of corn for Mr. Brooker.
