"THE use of approved joint notes or "THE use of approved joint notes or bankable paper in negotiating purchases made at farm sales is not much required these days," said a banker the other day in speaking of conditions in this part of the country. "The farmers reaped a splendid harvest during the war and nearly all of them have snug bank accounts, so they do not need to give their note in buying anything at a sale. The transactions at sales are for the most part now made in cash. When the farmers are prosperous you don't need to ers are prosperous you don't need to worry much about the welfare of the country, providing they spend a little occasionally."

IT is the wish of every patriotic par-nt that his child shall stand in the front ranks of the business world. To get these results, the teacher, the parent and the child must work together. Open mutiny with the school means hindrance to the child to attain this high standing. There should be along with should be close unity. Consult freely on these subjects which will largely deter-mine the welfare of the future of the child. If your child is not doing well in school it is your duty to see the teacher and help her revise plans which will remedy the evil. Don't pour your wrath on the teacher in the presence of the children. It only means that your children will reap what you sow for them They will have no confidence in the teacher, cause trouble in the school and lose all interest in learning. If the evil exists in school see the teacher and it will be made right.

THE Hydro Electric Commission and nounced on Tuesday a reduction in rates of fifty-one municipalities in the Niagara listrict. The list does not include Watford, although the Village Clerk was advised by the Hydro Anditor that the surplus of last year warranted a reduction for this municipality. Surrounding towns for this municipality. Surrounding towns seem to have been more fortunate, as Petrolea, Oil Springs, Wyoming, Forest, Brigden, and Strathroy are named for a cut in rates. What is the explanation? It is certainly up to the Reeve and council to immediately investigate, and obtain from the Commission a full explanation why Watford is placed in such a humiliting position. As the matter now stands every small village in the district can offer better inducements to manufacturers than Watford. Not only hydrousers but all ratepayers are entitled to an explanation and the Reeve as chairman of the local hydro board should give it to them by publishing all the correspondence in connection with the matter. The people should know why this discrimination against Watford. crimination against Watford.

AN HXCEEDINGLYSAD DEATH occurred.

in our midst on Friday morning last when Mrs. John C. Smith of Canandaig-na, N.Y., passed away at the home of her parents, Mr. and Mrs. Edward Clark, Watford. Mrs. Smith came here Clark, Watford. Mrs. Smith came here about three weeks ago to help nurse her mother, who was dangerously ill with pneumonia, and was taken down with the same disease, becoming rapidly worse until the end came after a week's illness. Her husband, who accompanied her here, had returned to Canandaigua and was recalled, but all hope of saving her life had been abandoned before his arrival. The news of her death was a arrival. The news of her death was a shock to her many friends. She was a kindly-natured lady of bright disposition and madefriends of all with whom she and made friends of all with whom she became acquainted. Mrs. Smith had no children. Besides a sorrowing husband she leaves per parents and two sisters, Mrs. F. W. Rogers of Watford and Mrs. Frank A. Gibson of Kitchener, to mourn her early demise. The funeral was held on Monday afternoon to the Watford cemetery and was private. The Revs. Forster and Sawers, of the Presbyterian Church, conducted the service. The many friends of the family extend the most sincere sympathy to the husband and other relatives in their sad affliction. KING and BORSALINO HATS—20th Century Clothing.—A. BROWN & Co., Sole agents.

WE presume there never was a news-WE presume there never was a newspaper in any locality that gave all the local happenings. It is often that some one comes or goes that the reporter does not see. It happens that the family is missed several times. They get the impression that the editor does not care to mention them. This is a mistake. In most country towns the local work is the most country towns the local work is the most country towns the local work is the hardest work connected with a newspaper. A man may be a good editorial writer, but a flat failure in the local work and vice versa. Editorial material is obtained by study, by reading newspapers, sometimes by using scissors. Persons and local happenings can't be read and clipped from other papers not by a jury. clipped from other papers, not by a jug-ful. It takes physical as well as mental exertion to get out five or six columns of local news in a town of this size. Most people take a local paper to get the local happenings. Don't be afraid to tell the editor or reporter that you have friends wisiting you. There are lots of people who are interested in your friends. You owe it as a duty to them to let your friends know their doings. Perhaps you think the paper shows partiality, but just see if the paper doesn't treat you right if you give it a chance.

It is not known what the operations were as the soldier resolutely refuses to discuss them. So far as is known Chester is the only private in Lambton county to receive the French decoration for valor.

Any agent coming to your door whom yon do not know may be a scoundrel and he may be honest as the day is long. But you do not know and it is your duty to be prudent, and not nibble at every bait. You don't want to be caught as many are by signing "orders" "agreements" "receipts" or other innocent looking papers for strangers. These harmless and simple looking documents have turned up later as bona-fide notes.

HIGH SCHOOL NOTES

The staff and students enjoyed a rare privilege on the morning of April 1st, when Lient. C. R. Bird visited the High School and presented the aims and needs of the Navy League of Canada. His of the Navy League of Canada. His address was full of bigh, holy and en-uobling thoughts, his quiet and com-manding personality and voice compelled profound interest in him and in his great and noble theme. A whirlwind campaign of the staff and students at the close of his address brought to the Navy League 76 junior members and four associates. The High School is a "Navy Solid." In the evening Miss McCaw, assisted by Lee Smith, presented twelve magnificent stagings of "The Merchant of Venice." The slides were from the stagings of great world dramatists. Miss McCaw gave a "run-on" lecture which McCaw gave a "run-on" lecture which the audience thoroughly enjoyed. Her work was excellent. The splendid stereopticon has a range of 80 feet and an image range of 12 feet diameter and was presented to the science department by the student body from their society funds. Two splendid musical readings were presented by Miss Nellie Kinnell and by Harold Roche and a literary reading by Miss Margaret Cameron. and by Harold Roche and a literary reading by Miss Margaret Catheron. Each reading was of marked excellence in technique and rendition. Miss Cran gave "The Mirror" in excellent form. Apart from Miss McCaw's rendering of the "Merchant of Venice" the major item of interest was a second fine address by Lieutenant Bird. Miss Jessie McKercher presided excellently wall "the cher presided excellently well. The High School has been assured splendid material and assistance from the Navy League in any effort they make to advance its interests. Representatives of the various forms have been appointed to co-operate with the senior members in aby work they may undertake. The High School invites the co-operation of youths not in attendance to join with them in all efforts to ennoble and satisfy the best aspirations of honorable boy-hood and girlhood.
