

Shorthorn Breeders' Association and in the Dominion Cattle-Breeders' Association. He is one of Ontario's progressive and liberal farmers who take an active interest in the well-being of the agricultural class generally. Not only has he proven an excellent secretary of the Farmers' Institute, but a helpful member of the Live Stock Associations. He reports the demand for Shorthorns very good and the prices realized better than in former years. Mr. Shaw recently visited the herd of E. Gaunt & Sons, Lucknow, and bought from them a purebred Shorthorn bull, Lovell's Heir, to head his Shorthorn herd which now numbers 18 head of females.

A QUEBEC FARMER VISITS ONTARIO AND BUYS SHORTHORNS.

Mr. J. W. Mooney, of Inverness, P.Q., recently visited Ontario and purchased three Shorthorn heifers from Messrs. E. Jeffs & Son, Bond Head, Ont. Under date of April 10th Mr. Mooney wrote as follows: "My brother and I have decided to purchase six or eight young cows and a first class bull, also five or six pairs of Leicester ewes and lambs. We will visit Toronto again about the time of the Toronto Exhibition."

Breeders of pure bred stock who have animals for sale are earnestly requested to send a detailed list to F. W. Hodson, Secretary of the Dominion Cattle Breeders' Association, not later than the 9th of each month. A great many parties make enquiries for these lists, and it is to the interest of breeders and the country at large that they be made as complete as possible.

During the past year the sales effected through these lists have been very numerous, the Newfoundland Government alone having bought upwards of \$1100 worth. But for the publication of these lists not one dollar of this money would have reached Ontario but would have been spent in the New England States if spent at all for pure-bred stock.
