To parties who mean business the above will be sent on approval for prompt cash. Those who send cash with order will get 5 per cent. discount. Money refunded if stamps not satisfactory.

T. S. CLARK,

BELLEVILLE, ONT., CANADA.

OUR CATALOGUE.

Annexed to this you will read advance pages of "OUR CATALOGUE," which will undoubtedly be the best priced list of postage stamps ever published. A page makes but a poor sample of a thousand, therefore it is necessary to call your attention to some of its features.

Its catalogues and prices all known varieties of postage stamps, both used and unused, including errors, watermarks, perforations, etc., and when these stamps are required by any class of collectors on the original letter, they are priced in that condition. Also, when any special cancellation is more desirable—as, for instance, Old German letters, etc.—then prices are given for the various cancellations. All existing reprints are catalogued and priced as such.

Foreign Envelopes are listed entire, with shapes, trademarks, etc.; prices given for entire and those cut square.

Collectors of Post Cards will find "OUR CATALOGUE" the most comprehensive list.

United States Locals are carefully listed, fully illustrated, and all priced both on and off the envelope.

U. S. Revenue stamps are accurately described, including Match, Proprietary, Playing Card Stamps, etc., in all varieties of paper and watermarks.

The entire work is fully illustrated and is both the largest and best priced list ever issued.

ONE WORD MORE!—The catalogue is not issued by any one dealer, with prices made to fit his stock, sometimes with very high prices to effect sale; by offering large discounts, or other times with enormous undervaluations for buying purposes, but is published by a stock company of stamp dealers, including the most important in the country, and is the joint work of all.

You can get this work from T. S. Clark, but be sure and order "OUR CATALOGUE" or you may have some other book sent you in its stead. Send 50c to him and you will be sure and receive it as soon as published.

ISSUED STAMPS.—PROVISIONAL STAMPS.

Alexandria, 1862. Value and inscription in circle. On letter
