Minard's Lintment cures Burns, etc.

MESSRS. C. C. RICHARDS & Co.

Gentlemen,—I take pleasure in giving my testimony to your well-known MINARD'S LINIMENT. I feel that it saved my life. In the winter of 1887 I was attacked by a severe pain in my left side caused by a fall from a building during the previous summer. I got relief every time it was bathed with the MINARD'S LINIMENT, and eventually cured by the use of only a few bottles. This liniment has made some wonderful cures.

CANADA'S POLICY

A demand for a form of insurance in which there is more insurance and less investment has become an absolute necessity. The Manufacturers' Life has, therefore, introduced and is now operating most successfully what is known as the TEN-TWENTY PLAN. By this plan they can offer to that class who wish only protection, and who believe that they can invest their money to better advantage than any Company can for them, and are quite willing to take that part of the risk, the fullest and most perfect protection possible, and to those who cannot afford to pay the premium for Investment Insurance, the plan is equally attractive. On the Term Plan the policy holder pays for what he gets; he does not tie up any portion of his capital in an investment which he does not require, and, during the years when insurance is most needed, the largest amount can be secured for each dollar expended. By this plan also the insured can protect his family at the Actual Cost of carrying the risk, and may continue his insurance in either of the following modes, at his option:

- FIRST—As a Whole Life Policy.
- SECOND—As an Endowment Policy.
- THIRD—If not satisfied with the offer the Company can make on the above options, he may continue his Insurance for another ten years, or IN ALL TWENTY YEARS, at the ORIGINAL RATE. In case he changes, all the surplus and accumulation from his original policy will be applied to reduce the premium in the new policy.

In no other way can a man obtain so much insurance for so long a time at so small an outlay.
