"LITTLE WIRELESS PHONES"

For the ears that will cause you to

HEAR

What eye glasses are to failing sight, my invisible ear drums are to lost or failing hearing. Just as simple and common sense and on the same principle, for they magnify sound as glasses magnify sight. They are really tiny telephones of soft, sensitized material, safe and comfortable, which fit into the orifice of the ears and are invisible. They can be removed or inserted in a moment and worn for weeks at a time, for they are skillfully arranged for perfect ventilation and anti-friction. These little wireless phones make it easy to hear every sound distinctly, just as correct eye glasses make it easy to read fine print. Among the nearly 400,000 people whom they have enabled to hear perfectly, there has been every condition of deafness or defective hearing. No matter what the cause or how long standing the case, the testimonials sent me show marvellous results.

Common - Sense Ear Drums

have restored to me my own hearing—that's how I happened to discover the secret of their success in my own desperate endeavors to be relieved of my deafness after physicians had repeatedly failed.

It is certainly worth your while to investigate. Before you send any money just drop me a line. I want to send you FREE OF CHARGE my book on deafness and plenty of evidence to prove to you that I am entirely worthy of your confidence. Why not write me today?

The Kalamazoo

Loose Leaf Binder

has no Exposed Metal

THE exposed metal parts of Loose Leaf Binders are a constant menace to the office furniture and there have been many devices to save it from destruction. - - - -

The "Kalamazoo" binder has the only rational method of overcoming this difficulty—it has eliminated exposed metals altogether. - - - -

The leather back which protects the sheets is taken up into the cover and a "Kalamazoo" binder has much the appearance of a bound Ledger. - - -

The "Kalamazoo" is a book, not a box, and it can be made in any size and to suit any purpose.

Write for illustrated booklet "C.M." if at all interested in Loose Leaf Systems.
