

Judaism, and an appropriation of one-seventh of time to the Communion of Saints, the worship of God, the hearing His Word, union in prayer and religious exercises and charities, excluding all labour except that demanded by necessity or mercy.

There is no intrinsic holiness in days, times, or places; but since the Lord of the Sabbath on the first day of the week rose from the grave, and His inspired, followers the Apostles and the disciples, afterwards in each week met together with Him to "break bread" and unite in religious services, transferring to that day the observances of the seventh, we have an assurance amply sufficient that the change made (if not as there is reason to believe by His command) was with His sanction, equivalent to a command. As in the natural world there are regularly recurring periods, day and night, seed time and harvest, summer and winter, in constant succession, for the service of man's temporal wants, it was fitting and characteristic of Divine wisdom that there should be, as there are, regular periods for labour and rest, and the appointment could only proceed from such a source. The observance of these periods is followed by the promised blessing; their neglect, sooner or later, by evil. Nations disregarding the rule either decay, perish, or exhibit every form of ferocity and vice, and man, individually, is blessed or not, as he conforms to or neglects the Divine command.

Let no one among us be persuaded to relinquish our belief, and resign to secular use, a day so consecrated in exchange for a vague theory, however specious, based on literalism and fallacious reasoning. PRINCIPAL ORNSTEIN.

If You Don't Believe It, Ask Any German. And he will convince you that St. Jacobs Oil is the most wonderful remedy that has ever been brought before the public. Rheumatism of many years standing has yielded immediately to its almost magical influence. As many have expressed it, its action is electrical, seeming to drive the pain before it until all discomfort leaves the body and the warm glow of health and comfort remains. It is a certain cure for neuralgia, giving immediate relief upon the first application, and curing, in a short time, the most inveterate cases.

THE BLOOD AND NERVE TISSUES owe their healthy existence to Phosphorus, and become diseased when it is lessened in quantity. It is necessary to the proper preservation of the functions of the Nervous System, and the use of Phosphorus combined with Cod Liver Oil, Emulsion, &c., in Dr. Puttner's Emulsion, by providing a palatable and perfectly digestible form, all the elements necessary for the healthy growth and vitality of the body, and rapidly cures all diseases which are due to the being present in less quantity than Nature demands. Hence its inestimable value in Brain diseases, Nervous Debility, Wasting and other Lung troubles, which, beginning a loss of flesh and vitality, with Cerebral, Cerebral and Bronchitis, resulting in that fatal destroyer of the human race—Consumption.

WILKINS MICAWBER longed for something to turn up, as rapid writers longed for a steel pen to write like a quill. With this purpose, Esterbrook's pens are concluded to turn up the points of three of their pens the "Telemachus," "Clayton" and "Telegraph."

Almost Young Again.

My mother was afflicted a long time with Neuralgia and a dull, heavy, inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physician or medicine did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although 70 years old. We think there is no other medicine fit to use in the family. A lady in Providence, R. I. - Journal.

THE AVERAGE BOY

And a good-sized lump of maple candy, form the materials from which we might expect self-evident conclusions regarding the faculty with which attachments are formed in early life, when the circumstances are all in favour of it. Among other good illustrations we might also particularize the case of the little fellow, who, as an inducement to his indulgent material relative to make an addition to his customary dose of

Robinson's Phosphorized Emulsion, suddenly brought the matter to a focus by exclaiming, appealingly—"Just give me our more teaspoonful and I'll go right off to sleep."

Prepared solely by Hamilton Bros., Pharmaceutical Chemists, 55, John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

Get Out Doors.

The close confinement of all factory work, gives the operatives pallid faces, poor appetite, languid, miserable feeling, poor blood, inactive liver, kidneys and urinary troubles, and all the physical and medicine in the world cannot help them unless they get out of doors or use Hop Bitters, the purest and best remedy especially for such cases, having abundance of health, sunshine and rosy cheeks in them. They cost but a trifle. See another column - Christian Recorder.

Protection on Iron.

Iron, one of the principal constituents of "Hamilton's Quinine Wine and Iron," is also therapeutically prominent in the above named preparation that it does not in the least degree affect the Enamel of the Teeth, and can be taken with all confidence by any one suffering from Weakness, Want of Appetite, Indigestion, Hiccups, Pimples, Boils, and many other troubles arising from impure or thin blood.

After an Attack of Fever, Measles, Diphtheria, or any wasting disease, HAMILTON'S QUININE WINE AND IRON is the best medicine to take. It gives lasting strength.

LIVER COMPLAINT CURED BY GATES' LIFE OF MAN BITTERS -AND- INVIGORATING SYRUP.

PARISHBORO, July 12, 1879. Messrs. C. Gates, Son & Co.: I was suffering with what the doctors said was Liver Complaint, and has tried medical treatment all for no purpose, but continued growing worse, and thought I should never be well again. A friend persuaded me to try your medicine, and I felt so badly that I knew something must be done, so I purchased a bottle of your LIFE OF MAN BITTERS and one of your No. 1 SYRUP, and before I had taken half I felt like a new being, and when I had finished them I felt as well as ever. I would recommend them to the public as an invaluable remedy. Yours, etc. J. W. JENKS, Farmington.

Labor Omnia Vincit! PUTTNER'S EMULSION

Has obtained the highest medical reputation of any other preparation known, and soon after taking it one is sensible that it is "not a bogus preparation" but performs all that it claims.

Read what the Rev. P. J. Filleul says: WEYMOUTH, N. S., May 6, 1881. C. E. PUTTNER, PH. M.: Dear Sir,—I have used your Emulsion myself, and so have members of my family, and must say with signal benefit. Soon after taking it one is sensible that the article is not a "bogus" preparation, but all that it claims to be.

I am 62 years of age, undertaking the performance of three full services each Lord's day, besides weekly duties, and I am occasionally greatly indebted to your Emulsion for the tone and vigor in which I am able to go through the physically oppressive duty. I have recommended it to parties suffering from coughs, colds, debility, &c., and I am thankful to add that the results have in every instance been attended with most beneficial results. Wishing you all success, and with every good wish, I am, Dear Sir, very faithfully yours, P. J. FILLEUL, Episcopal Minister.

PUTTNER'S EMULSION. I ESTEEM IT A SOVEREIGN REMEDY.

HALIFAX, N. S., Feb. 7, 1881. MR. C. E. PUTTNER, PH. M.: My Dear Sir,—My physician having recommended me your Emulsion, and having used it for some time, I esteem it a sovereign remedy. It has cured me quicker than anything I ever used, and has no trouble taking it, as it digests so easily. Yours truly, Mrs. A. GLASS, 97 Cornwallis St.

PUTTNER'S EMULSION. A GREAT DESIDERATUM.

C. E. PUTTNER, PH. M.: Dear Sir,—I have much pleasure in stating that having had occasion to use the "Cod Liver Oil Emulsion with Iron and Hypophosphites," prepared by Mr. C. E. Puttner, containing as it does Iron in combination, I find it everything that could be desired where such a compound is required. It is also quite palatable, which is a great desideratum in all preparations of Cod Liver Oil. Annetta Lawson, M. D., M. R. C. S., &c., Physician to P. & C. Hospital and Asylum of the Blind, Professor of Surgery to H. C. Med'l. Col.
