**METALS AND HARDWARE.**—Dealers in heavy metals all say that they are still waiting for the long looked for improvement, and we do not learn of any transaction of note. An advance of \$3 a ton is reported in American steel billets, etc. Canada plates on spot are quoted 5c. a box lower all around; black sheets are also lowered a little. As a result of the railmakers' convention, the discount on horse nails has been put at 50 per cent., instead of 55 per cent. as heretofore, and advice has been given of an advance in cut nails to \$2.75, to take effect May 10th. Wire nail prices have been revised; the discount for Quebec has been changed from 75 per cent. to 70 and 12½ f.o.b. Montreal; for Ontario, 70 and 7½, shipping terms the same. **OILS, PAINTS AND GLASS.**—Large quantities of goods have been shipped out since last writing, and activity still reigns in this direction. Later advices from Newfoundland report the arrival of further steamers with moderate catches of seal, and the estimates now range up to about 150,000 seals, which at best are small figures, and damage to the fleet has been severe. The price of oil, however, has not yet been advanced in St. John's, and the local jobbing price is still 42 to 43c. A stiff market for turpentine is reported in the United States, and castor oil rules very firm at quotations. In other lines we hear of nothing new. We quote: Turpentine, 1 to 4 brls., 45c. Linseed oil, raw, 54c. per gal.; boiled, 57c.; 4 to 9 brl. lots, 1c. less; olive oil, machinery, 90c.; castor, in lots, 6½c.; single cases, 7c.; tins, 7½c.; Nfld. cod, 34 to 35c. per gal.; Gaspe oil, 35c. per gal.; steam refined seal, 42 to 43c. per gal. in small lots.
