

Convention and maintain, for the use of any requesting State party, a data bank containing freely available information concerning various means of protection against chemical weapons ...".

5. In this connection, the early establishment of such data bank will be a significant step towards the fulfilment of the spirit and letter of the CWC. The Czech and Slovak Federal Republic as an advance expression of its interest in the CWC would like to provide, on a voluntary basis, the data with means and equipment for protection against CW. These means are specified as follows.

6.

Mean	Characterization	Note
7-MEOTA	Antidote against psychotomimetic compounds like BZ	Possible use for civilian purposes (injections and tablets)
Injection part of the Autoinjector	Antidote against nerve agents containing reactivator and atropine	In plastic syringe, it can be used also without Autoinjector (injection)
FOSAN	Antidote against nerve agents. Multipack of reactivator with atropine (solution)	Injection
CHONOL I	Antidote against nerve agents. Multipack of atropine (isotonized solution)	Common drug, injection
CHONOL II	Antidote against nerve agents. Multipack of benactyzine (isotonized, lyophilized)	Common drug, injection
RENOL	Antidote against nerve agents. Lyophilized new reactivator	Pharmacological efficacy is very high, injection
PANPAL	Prophylactic antidote against nerve agents containing reversible inhibitor of cholinesterase, combined with two parasympatholytics	Obduced tablets and capsules
DESPRACH	Emergency decontamination kit	Based on a sorption mechanical principle (powder)
Antichemical carrier PCHB-60-P	For decontamination and disinfection of the skin (two parts solution)	For decontamination of 50 sq. dm
