BELGIANS REFUSE TO SURRENDER.

A story of the General De Schepper and 150 Belgians who escaped from Antwerp eluded all pursuers and reached a point on the Dutch frontier. The soldiers of Holland invited them to cross and give up their arms, but they refused, and have established a strong entrenchment, declaring they will not surrender to the Germans.

GERMANS DRIVEN FROM LILLE?

A despatch to The Daily Mail from Boulogne under date of Friday says: "It is reported here that the Germans have been driven from Lille."

GERMAN DEMANDS ON ANTWERP.

LONDON, Oct. 16.—(4.42 p.m.)—The Amsterdamm correspondent of Reuter's sends a despatch in which he quotes Councillor Langnor of Antwerp as describing the situation in Antwerp as follows: "Antwerp now has a garrison of 17,000 marines and 200 officers commanded by an admiral. As a war contribution the Germans demanded 300 hundredweight of potatoes daily, 2000 bottles of wine, bread for the whole garrison, 85,000 cigars, 8500 kilograms of meat, and pay for the officers and soldiers estimated at \$10,000 daily."

AUSTRIANS ANNIHILATED.

ROME, Oct. 16.—The British correspondent of The Tribuna says that Montenegro has annihilated a battalion of Austrians in a defile of the Romania mountains, near Sarajevo, and that other Austrian troops are fleeing, having lost their artillery.

FRENCH FIRE IS DEADLY.

PARIS, Oct. 16.—The recent fighting around Verdun and the attempted advance of the German crown prince thru the Argonne forest indicate that the French machine gun fire is proving more deadly than the German. In the Argonne gunners of the republic hoisted their maxims to tree tops and decimated the German columns. Their guns were so cleverly concealed that it was impossible to search them out and the German infantry finally refused to advance before the rain of bullets. In the Woerze region the same is true. French Alpine regiments have won special distinction during the fighting in this mountainous country.

NO LIGHTS IN RHEIMS CATHEDRAL.

WASHINGTON, Oct. 16.—The French embassy today issued the following statement: "An official telegram received this morning at the French embassy states that there is no truth in the report from German sources that close to Rheims Cathedral two heavy French batteries have been located and light signals from one tower of the cathedral have been observed."

It seems from the contents of this report that it has come to the knowledge of the Germans that the destruction of the cathedral has been less than they contemplated, and that they mean to perfect their work, placing, as usual, the blame on the sufferers. ALLIES TAKE HANNECAMP. The Germans have advanced from Audenard toward Courtrai. The enemy occupies the line of defence Meron-Armentieres-Givency. To the west of La Bassée he is in contact with our troops that locality and an arduous combat took place northwest of Lens to Vermelles, which resulted in our favor. We have taken Hannescamps, southwest of Arras."

doctors and thru Plymouth to the station. Hundreds of good townspeople scarcely went to bed all Thursday night, but hung round the station gates and threw cigarettes and other trifles among the ranks of the "Canadians" who were marching to packed into our tiny English trains, yelling meanwhile in sheer delight their own particular slogans with lustiness sufficient to wake the crows around Edgemoor away across the sound. The train journey lasts almost the long night for troops alone run on an erratic schedule. Afterwards comes the demoralization of the march thru Wiltshire's pleasant roads to the broad sweep of Salisbury Plains. Highlanders Have Good Time. The Highlanders were having an easy time last night, having fixed up everything. Great fun was going on in some of the lines where a packman soldier, minus kit, was being tossed in a blanket. The Canadian soldier will find that this camp is in the middle of the fattest and richest part of old England. It is a country of thatched cottages, of gray churches, and of decent inns, where the horse is in its own way a member of the household. The correct address for letters to members is: Headquarters, Canadian Contingent, Salisbury Camp, Salisbury Plains, with full name, rank and regiment. NEWFOUNDLANDERS LAND. ST. JOHN'S, Nfld., Oct. 16.—Colonial Secretary Hurd wired Lieutenant-Governor Davidson today advising him that the steamer Florizel, with the Newfoundland Regiment aboard, reached Plymouth yesterday and safely debarked the contingent. The Florizel, with the Newfoundland regiment, five hundred and thirty strong, joined the Canadian convoy off Cape Race last Monday week, and proceeded with the same to the British coast. WAR SUMMARY. Ostend, the famous Belgian resort on the North Sea, was occupied by the troops of Emperor William last Thursday, according to a German official report arriving from Berlin by way of London. This report, which is believed to be true, states that the Germans have been driven from Ostend. On their way to Ostend the Germans also took Bruges, which previously was reported to have been deserted, and where no resistance was expected to be shown. The latest French official report does not touch upon the movements of the Germans and the allies near the Belgian coast line, where the advance is being made. Of the fighting in the west it merely says that in the vicinity of Lille ground has been gained by the allies. Farther to the east along the battle line that now stretches from the North Sea to the Swiss frontier, a repulse of the Germans near Malines is chronicled. A newspaper despatch declares that a German column has been hurled back with heavy casualties by the allies in the Vosges. Another newspaper report from London says the Germans have been driven from Lille. Fighting is still going on between the Austro-German and Russian armies near the Polish frontier, and the Gallican fortress of Przemysl continues to hold out against the attacks of the Russians. In the south the Serbian and Montenegrin troops claim a victory at Glasinatz, Bosnia, over the Austrians. Commandants representing all the Congregations of the Free State north of the disposal of the placed their services at the disposal of Gen. BRITISH FUNDS WILL RELIEVE WAR'S BURDEN

Finance Minister Announces Arrangements With Bank of England. ADVANCES WHEN NEEDED Much Larger Outlay Than Fifty Millions Will Be Necessary.

By a Staff Reporter. OTTAWA, Oct. 16.—The minister of finance informed the press today that financial arrangements had been made to meet the war expenditure of the Dominion for the present fiscal year. The funds will in the first instance be obtained from the Bank of England, which will make advances to the Canadian Government from time to time as required for naval and military purposes. At a later date, when market conditions permit a Canadian permanent funding loan will be issued and all temporary indebtedness liquidated. The Canadian permanent loan will be made at such time as will not conflict with any new issue or issue of the imperial government. This can be made the subject of an understanding between the chancellor of the exchequer and the Canadian minister of finance. Must Increase Expenditure. The War Appropriation Act of Aug. 1st covered a total of fifty million dollars. It is probable that the organization, equipment, transportation and maintenance of Canada's contingents will necessitate during the year a much larger expenditure, which the government is now in a position to meet. The negotiations between the minister of finance and the Bank of England have been carried out thru Hon. George H. Perley as the representative of the government in London. The minister of finance said today that the purpose of the advance was to secure the necessary funds for the present fiscal year. He said that the advance was not only most gratifying in itself but that it would have a direct bearing upon the important question of exchange between Canada and Great Britain, and the payment of our obligations abroad without resort to gold exports. If Canada were to raise by domestic issues any substantial part of our war expenditure, the funds now available thru our banks for the credit needs of the country would be diminished to the serious detriment of the entire community. The cash condition of the Dominion treasury continues strong, large credit balances being maintained both in Canada and in London. in getting equipment from the government for a civilian organization. Oil Funds Missing. That nearly a million gallons of oil were missing from the city yard of oil in 1913 was learned for the first time at a civic investigation yesterday morning. It was missing from the asphalt plant at Gage street, which was supplied by the Barton street asphalt plant, 2408 gallons of oil from the same company. Contract For Gravel Proved. Eldoras Todd, owner of a gravel pit at Bartonville, stated that he had agreed to supply gravel for the city. The latter had told him that he must have a standard contract with the city. Engineer Hollingsworth and W. C. Brennan. He also informed Todd that it would require a contract with the city. Todd later got a contract with the city. Under cross-examination by Controller Cooper, Todd denied having offered to supply gravel for the city. He said that he had never had any conversation with John Jesse and made the following statement in his own behalf: This afternoon at 3 o'clock the memorial portrait of the late Mrs. John Henderson was unveiled in the Westworth Historical Society's hall, the work of the Stony Creek battlefield by Mrs. John Henderson, Lieutenant-Governor Sir John S. Hendrie and Sir John M. Gibson was present. The taking of criminal action against all vice prostitutes found guilty or admitting irregularities in connection with the civic investigation was discussed by Mayor Allan yesterday. He had not made up his mind as to what action to take in connection with the developments.

It Pays to Advertise

OTTAWA, Oct. 16.—The department of trade and commerce finds that it pays to advertise. Recently in the Canadian press advertisements were published urging each Canadian home to buy a barrel of apples. In view of the domestic market being glutted for lack of foreign markets. A booklet giving recipes for the use of apples is being issued by the department, and over twenty thousand copies of it have been received.

BRITISH CRUISER WAS TORPEDOED

Neither Can Outflank the Other—Progress of Allies Confirmed. (Continued From Page 1.) Thus far, according to the French reports, the allies have repulsed every attempt of the Germans to achieve this object, and now have them pressed well back from the threatened railway. Germans Reinforced. The Germans are said to be sending further reinforcements from Germany to stiffen their lines and enable them to resume the offensive. The French are reported to have offered successful resistance to the use of the gas by the Germans of the advance they made to the River Meuse at St. Mihiel. All this is drawn from French sources, the Germans having been more silent than usual with regard to operations in the west. There have been no reports of fighting south of the Bruges-Ghent line, which is taken to mean that the forces which opposed the Germans around Ghent have been drawn southward to join hands with their main body. Any allied force fighting on the coast will have the assistance of British warships, but it is unlikely that these vessels will bombard German forces occupying Ostend or other coast towns. There is no mention of the destruction of the towns without the gaining of any military advantage. Basle, Switzerland, again reports a defeat of the Germans in the Vosges. There is no mention of this in the official communications, although such a defeat has been reported several times from unofficial sources.

RESULTS SATISFACTORY THO MONEY IS SCARCE

Work of Canadian Mission Board Outlined by Speaker at Baptist Convention. The convention of the Baptists of Ontario and Quebec at Walmer Road, Toronto, opened with a hearty display of interest at the sessions yesterday. Dr. Mable of Boston addressed the convention in the morning on the Old Testament. Testimony was given by the Rev. A. de L. Mission Board was presented, showing a membership of 18,866 in the Old Testament. After the report of the Rev. A. de L. Mission Board, the Rev. H. J. Harris said that the next twenty-five years would decide whether the evangelical Christianity would control the province of Quebec or the Roman Catholic church. At the afternoon session the board of governors of McMaster University reported regretfully that they had a deficit of \$2,500. Of the students 387 were enrolled at McMaster, 141 at Woodstock College and 556 at LeLaud College. Chancellor A. L. McCrimmon M.L.D., spoke at some length in the evening, on the subject of Education and emphasized the fact that the church had a great opportunity and the field should be taken hold of at once. Rev. B. Goodfield B.A., of Ottawa, outlined the work of the Canadian Mission Board and how the work had spread throughout the country. The lack of finances in some cases had made the work difficult but results were very satisfactory.

GERMAN FORCES NEAR WARSAW

Russians Are Being Pressed Along Immense Line of Battle. (Continued From Page 1.) France and Belgium when the big battle commenced in the east has again been delayed in its fulfillment. The German advance on Warsaw, in fact fighting has taken place only eight miles from that city and while their advance to the Niemen was halted, the forces of Emperor William apparently have retrieved some of the defeats of the Austrians in Galicia, and advanced as far as Jaroslau, 17 miles northwest of Przemysl. The German advance seems to be to have two armies advance along the Vistula River on the left bank, while the other armies advance round on the right bank. The Russian army on the right bank is said to have withdrawn the Vistula so that they would have the Russians in their back. Both Sides Claim to Have Gained Advantages in the preliminary fighting, but these victories and defeats can only be judged by the general result of the battle in which it is estimated nearly 5,000,000 men are engaged. The Russians, it is said, have 2,500,000 men and the Austro-German force is declared to total nearly 2,000,000. The armies cover a front of nearly 300 miles. The battle on the East Prussian front has ceased. The two armies are facing each other across the border, both doubtless being satisfied to chief battle in Poland is decided. This may not be for months, although the Germans, it is said, will attempt to achieve quick victory so as to release their troops for the western campaign. PRZEMYSL LACKS FOOD. Canadian Press Despatch, LONDON, Oct. 17, 2.25 a.m.—The Morning Post's Petrograd correspondent telegraphs the following: Reports from the front in the east as making a determined and brave defence. Up to the moment of the investment of the fortress tens of thousands of the garrison were compelled at work on additional lines of defence. The Russian advance, however, was complete. Moreover the Russians secured in files of stores intended for the garrison of Przemyśl, the fortress is well supplied with cannon and ammunition it is very short of food.

SORRY THAT SHE DRANK CARBOLIC

Edith Stevens, Realized Too Late What She Had Done.

THIRD CHILD IS SICK

Constance Taylor Taken Ill Yesterday—Michael O'Hara Killed by Trolley.

Because her mother told her she would have to remain in the house 15-year-old Edith Stevens, 533 Carlaw avenue, drank carbolic acid about 5.30 o'clock last night and died at 8 o'clock. After she had taken it she ran into the room where her mother was, and after telling her what she had done said she was sorry. Her father has been dead some time. Dr. Island of Carlaw avenue and Dr. Morrison of Danforth avenue were called, but were unable to do anything. There will not be an inquest. The rain at 7.45 o'clock last night a man who was thought to be Michael O'Hara, of 554 West Front street, walked in front of a southbound Bathurst street car at the corner of Wellington street, and was instantly killed. Dr. Hawkins of West King street was called, but could do nothing for the man. His body was removed to the morgue, where Coroner W. Russell will hold an inquest this morning. A man who the authorities think is Lynn Jewell, is in the General Hospital in a very serious condition as a result of being struck by a northbound Yonge street car, number 1228, near the corner of Gould street shortly after 4 o'clock last night. The only article in his possession was a letter addressed to Lynn Jewell, 177 N. State street. At that address it was stated he had moved six weeks before to 49 Gloucester street. At this latter address nothing concerning a letter injured man could be ascertained. It is feared he has been fractious.

SHORT SESSION ABOUT NOVEMBER

No Agreement Now, But Parliament Will Meet Next Month.

CHANGES IN CABINET

Quebec Wing May Be Reorganized, But Not as Part of Appeal.

OTTAWA, Oct. 16.—Parliament will not be dissolved and therefore no immediate election held. The indications are that parliament will be summoned to meet about the middle of November and an effort made to get the limited business the government will offer all despatched and prorogation over before Christmas. This might please a lot of members. There has been a prominent section of the cabinet in favor of an immediate appeal to the people, and they apparently also sought to facilitate the move by reorganizing the Quebec section of the government by making J. C. Chase Casgrain of Montreal a minister. In fact, it was hinted that Messrs. Pelletier and Coderre would resign. In fact, the postmaster is still out there two because they would like to take positions on the bench or in the public service. Mr. Pelletier is very ill and confined to the house, but Mr. Borras wants him to remain in the cabinet even if he takes a long vacation. Mr. Casgrain may even now be taken into the government, but if so it will not be to discredit Mr. Pelletier in any way.
