**CARPETBALL.**

One of the most exciting contests participated in this season under the auspices of the league took place in St. George's Hall, Elm street, between Lodge St. George and Lodge Eastbourne.

The seaside boys came fully prepared to put St. George out of the running for the championship of the Eastern District Carpetball League, but in this respect they were sadly disappointed, St. George coming out winners by a majority of seven points.

The winning of this contest now places St. George in the happy position at the top of the table, with only one point lead over the nearest rival, Lodge London.

The latter lodge, however, have another game to play, against Stafford, and if they fail to come out on top the silver cup will remain in St. George's Hall, Elm street, for another year, in the possession of Lodge St. George.

**LACROSSE MEETING ADJOURNED.**

MONTREAL, April 12.—No decision as to increase for this season was arrived at by the N.L.A. representatives, who met at the M.A.A. clubhouse yesterday afternoon, but it was understood that the national game should be carried on as a year ago. Another meeting will be held soon, possibly next Saturday, when officers may be elected and a schedule drawn up. President James Murphy was in the chair.

**LANGFORD V. McVEY.**

NEW YORK, April 12.—Sam McVey and Sam Langford have been matched for a meet in a ten-round bout at the St. Nicholas Rink next Wednesday night. McVey, who recently returned from Havana, where he acted as sparring partner for Jack Johnson, is in good condition after a long lay-up. Langford has been working in ready will in St. George's Hall, Elm street, for another year, in the possession of Lodge St. George.

## RUN THE DERBY AT NEWMARKET

Flat Course Superior in Every Respect to That at Epsom for Star Racers.

Recent advice from England convey the news that a determined effort is being made to have the Derby transferred from the Epsom course, where it has been decided since its establishment, in 1780, to Newmarket this year. This rumor follows closely on the heels of the decision of the English Jockey Club at its meeting recently to continue the running of races during the war, although on a smaller scale than had been customary before the beginning of the European conflict.

From a purely competitive standpoint, the course at Epsom Downs, in England, has always been considered unsatisfactory for the greatest classic of the British turf, but heretofore the social features of that meeting gave the Derby such prestige that the shortcomings of the course have always been overlooked.

The Jockey Club, however, in its recent announcement that no luncheon tents would be permitted, and that no special trains would be run, eliminated entirely the social atmosphere of Derby Day, so that those who are working for the transfer are of the opinion that, unless there are some who are desirous of maintaining the traditional features of the Epsom course, the last objection to the removal of the Derby from those historic grounds to the more suitable Newmarket course has been removed.

The Newmarket flat course is regarded as a splendid one for crack performers, and already many of the owners whose thoroughbreds are eligible for the classic have expressed themselves as in favor of the transfer.

**AMATEUR BASEBALL.**

The Older Baseball Club held a very enthusiastic meeting last night in the Royal Temple Hall. It is expected that all of last year's players will sign. A. Lavan was elected manager.

The Dunlop Rubber Company Baseball Club is reorganizing its team for Saturday, April 10, and the following officers were elected: Honorary president, Mr. J. Western; honorary vice-president, Mr. King, D. B. Heyson and W. S. Northam; president, Mr. D. Huether; treasurer, Mr. W. Hall; manager, Mr. B. Woods; secretary-treasurer, Mr. Monaghan. Mr. Woods has a large number of Dunlop boys who have come from this coming season. Practice will start at the Dunlop athletic field, corner Caroline and Queen streets.

A fast juvenile team wants to enter a league fifteen miles or under, or some one to assist in forming a league. Write D. Pulver, 122 D'Arcy street.

A meeting of the Riverside Manufacturers' Baseball League will be held on Wednesday evening, the 14th inst., at 8 o'clock, in the Broadway Y.M.C.A. building, Broadway avenue. The league is open to consider applications for any other club, business house preferred. Telephone Main 427.

The Wyonema ball team are holding a special meeting on Wednesday evening at 8:30, at the Central Y.M.C.A. College street, near Yonge street, and request all the signed players to be present, also any others wishing to join a good fast senior team.

The Dovercourt Senior Baseball League will open the season with four teams, viz. Kenoson, Royal Edwards, Baracas and The Kings. The Kings, last year's champions, managed by Jimmy Fleming, who knows how to bring a good fast team in from the front. Last year Fleming did a lot towards bringing the championship to the Parkdale club by his work behind the bat. The Royal Edwards, runners-up, managed by their peerless leader Frank Ryan, "Dunk" showed what he could do last year, and considering that he lost the league championship by game and hard luck, is coming right back stronger than ever this season. The Baracas, managed by big Ed. Weale, who pitched splendid ball last year, are strengthening up and will be right there from the drop of the hat. The Perth, a new club, managed by N. E. Geary, are getting on their feet. The Perth, a new club, managed by N. E. Geary, are getting on their feet. The Perth, a new club, managed by N. E. Geary, are getting on their feet.

## A Stirring Tribute To Sport in England

Unfettered support for racing in England during the coming season is recommended in an editorial in The Field, those holding the opposite view being asked to heavily for their voice against a continuation of turf competition at Epsom and Ascot, while a stirring tribute to all sport in the belief that the country is deeply indebted, in its hour of trial, to the benefits which have been derived from the competition of past years.

The editorial reads in part: "We only urge that the opposition to racing, as such, has been artificially manufactured out of a crusade which is somewhat new to healthy Englishmen. The crusade against the alleged possibility of bad behavior on the part of crowd-waiters at race meetings. If that behavior is bad during war, the crowd should not be allowed to consider applications for any other club, business house preferred. Telephone Main 427."

That racing continued from the first week in August till the end of the season of 1914; and any one who saw Doncaster could have found little to complain of bad behavior on the part of crowd-waiters at race meetings. We confess that we have not seen any of the crowd-waiters who pay scant attention to Germany's opinions. She darkened the streets of our capital, stopped our getting a drink after 10 p.m., and still failed to bring date recruits. But if she eliminated the 15th Derby, she might well score it as a triumph which the whole world would appreciate. Nor can we understand why anyone should consider the mere proximity of fighting makes a race meeting indecent. What did those censors say when they saw the attacks which followed the thunder of the guns bombarding the city last year and can be reckoned on giving a good account of themselves. The league have secured as umpire W. Baldwin of Lindsay, Ont. A meeting of the league will be held Wednesday evening at 8 o'clock in the West End Y.M.C.A.

Clean sport, either in this country or elsewhere, either in 1914 or any other year, is not open to the attacks which have been made upon it; and unclear sport should be swept out of the country, whether it be at war or not. Victory to the nation a consistent balance of common sense and courage which will enable us to face this crisis, and whatever worse may be our lot, better than could any of the alternatives between feverish sociability and ponderous gloom which serve our enemies as background for their rancorous hatreds. Are our best friends offended when we meet the unseen with a cheer? It may be true that with the same frolic welcome that smiles upon the sunshine of our sport; but our New will be the last to misunderstand a spirit which they have learned to value thru seven months of fighting. We may have had too much pleasure in the past; but that any reason for our Puritans to insist on too much pain in the present? We have to "beat the course" which is brought nearer by every historical public exhibition of over-tragic idealism. We have to "beat the course" better than the Germans. We shall do in the English way, which is not given to purring what it feels most deeply. It is not racing we want abolished at the present time; it is the cant, the hypocrisy, the half-baked treason, and those other harmful elements in the body politic which are alien to sport.

All Thistle players are requested to turn out for training tonight at the club rooms, Leppin avenue.
