

# PULP WOOD MACHINERY

## Large range of BARKERS

52" Barks to  
11' 6" Diameter.

60" Barks to  
1' 6" Diameter.

96" Barks Slabs  
48" long

Cases faced, making perfect fit and tight joint—bottoms of bearings and brackets they hold to planed, making perfect alignment.

Runners heavily banded.

Steel Blower Wings when desired.

Machines all very heavy, built for fast work.

Butterfield's Patent Turning Attachment fitted to these machines.—Our cutting up rig handles 100 to 125 cords per day, taking logs from the water and delivering them cut into 16 to 26 inches, or any length, to the barkers.—Only 2 men required to operate this outfit.

## PULP MAKING MACHINERY

### SUCCESS GRINDERS

(Like cut) with adjustable take-up to bearings

Little piping.

All waterways in cylinder.
