HAMILTON

Hamilton, Sept. 12.—Premier Hearst and Senator Robertson, minister of labor, have accepted the invitation of the Hamilton Trades and Labor Council to take part in the opening of the Trades and Labor Congress here on September 22. The convention will continue one week.

Ald. Thomas O'Hier, father of the movement to transfer Central Market to another site, took heart today when it was stated that the cost of erecting market shelters would be nearly \$60,000 more than the \$50,000 voted by the people last January, this necessitating another delay until next council meeting.

Visiting an alleged blind pig at 256 Barton street today, Inspector Sturdy found \$6,000 hidden in a glass jar under a bedroom floor. Two gallons of alcohol and a quart sealer of the same liquid.

Major-Gen. Sir Edward W. B. Morrison, C.B., K.C.M.G., D.S.O., will be the guest of honor at Monday night's luncheon of the Canadian Club in the Royal Connaught.

News of the death of Lieut. Evan Price, D.S.O., M.C., who died in Toronto as the result of wounds received in France over a year ago, caused regret here. The deceased soldier was well known in Hamilton, having been a popular officer of the Canadian Mounted Rifles for several months prior to going overseas. He will be accorded a full military funeral.

The east end police made a raid at 25 Earl street this afternoon and found John Cava and Mary Cava, Italians, busy engaged with a still. A quantity of liquor and raisins were found. The woman had \$301 on her person. They are both charged with violating the O. T. A.

Daylight is best for the eyes, but, unfortunately, a great deal of our work is done under artificial light. This increases the strain, and the first part of the human machine to give way is usually the delicate nerves and muscles of the eye. At the first sign of trouble consult Luke.

The expense of an examination is very slight when compared with the comfort and protection received.

POULTRY DRAW CROWD

Over Thousand People See Outstanding Specimens of Feathered World.

The second and third days of the fall fair meeting in Royce Park has demonstrated the fine spirit of co-operation existing in this northwest section. The number of visitors exceeds last year's fair by over 100 per cent, and the features prepared by the entertainment committee have proved exceedingly popular. Drawing crowds afternoon and evening. Old country fairs are being reproduced to the amusement of all-comers. Over a thousand people visited the poultry and vegetable exhibits yesterday, and astonishment was depicted on the faces of visitors, that such a magnificent show of poultry could be brought together in such a short time.

Baby Show Day. The silver cup prizes are very much admired, and the silk ribbons are profusely arranged on the coats in the tent. Friday was baby show day, and brought crowds of mothers with their babies, friends and a few fathers who could get away from their work. Home baking exhibits brought Earlscourt housewives to the demonstration in large numbers, and many were the criticisms passed on the fancy and plain bread, the rolls and doughnuts. Aunt Emily's doughnuts being voted the best ever. Lieut. Whittemore and Sergt. Smith brought over the York Rangers from North Toronto last evening, and after parading the boys were given the run of the fair. The merchants of Earlscourt have extended into the community spirit and supported the fair by their presence and by contributing to the funds.

Broadview League. Last evening representatives of the Broadview Y.M.C.A. attended, and admitted that Earlscourt could teach them a few things on how to run a community fair. A big procession formed up at 6 o'clock Friday night and marched along St. Clair avenue, singing and inviting residents to the fair, and the crowds responded once to the invitation. The electrically-lighted midway, which is 50 feet wide, is greatly admired, the booths on each side being patronized liberally by happy crowds of men, women and children.

Winning Babies. The winners in the baby show contest follows: Boys' class, 3 to 6 months—Albert Thompson, 98 per cent; 1, Charles Hall, 95 per cent; 2, Ernest Hodgkins, 95 per cent. Class 12 months—Stanley and Clifford Hoesack, twins, 1. Girls' class, 3 to 6 months—Margaret Davey, 97 per cent; 1, Amy Stewart, 96 per cent; 2, Evelyn Smith, 95 per cent, 3.

Sixty Comests. There were some sixty babies in the contest, and it took a staff of twelve members of the ladies' auxiliary to handle the little ones. It was the noisiest feature in the fall fair. Dr. Roy Simpson and Dr. Melvin Tiffin were judges, assisted by Miss Wheeler of Earlscourt Methodist Church and two nurses from the Sick Children's Hospital.

Today, the last day of the fair, is veterans' and children's day. School children of the various public schools will sing patriotic songs and dance the old-fashioned dances of 100 years ago. They will also be entertained by the late Louis Cosburn, a free punch and judo show.

Band Concerts. In the afternoon the Veterans' Band of overseas soldiers will entertain the public with band concerts, and in the evening the full band of the Governor-General's Body Guard.

The list of sports include: Boxing events open to all boys who have never entered or won prizes in boxing competitions—115 lbs. 130 lbs. and 145 lbs. Girls' 50 yards race, under 7 years of age. Boys' 50 yards race, under 7. Girls' 100 yards race, under 10. Boys' 100 yards race, under 10. Girls' 100 yards race, 10 to 14 years. Girls' 100 yards race, 10 to 14 years. Girls' race, 25 yards, under 4 years. Boys' race, 25 yards, under 4 years. 100 yards dash, directors of Earlscourt Fall Fair. Before the close of the fair the president and committee will meet in the secretary's office for a final meeting. The committee takes this opportunity of thanking the police commissioners for the protection afforded the fair for the four days. Sergt. Walker was in charge.

FAIRBANK RATEPAYERS.

The regular meeting of Fairbank Ratepayers' Association was held in the Caledonia hall last evening. Business relating to the welfare of the association was discussed. A committee was also formed to arrange plans for an old country fair to be held September 20, when sports will be held in the afternoon and a dance in Ratepayers' hall in the evening, A.

debate took place regarding the side walks on Caledonia road and the short-ages of children, it being the opinion of members that "gravel" could be used, taking into consideration the fact that the township owns a pit in this vicinity. There was a full attendance of members.

WESTON
OPENING DAY AT
WESTON FALL FAIR

Over Twelve Hundred Children Parade in School Competition.

School children practically took possession of Weston fall fair on the opening day yesterday. The directors had announced a special field event in the form of a procession, open to all pupils attending public or separate schools of West York. In awarding prizes, 10 per cent was allowed for numbers on the basis of September enrollment, 40 per cent for marching and 50 per cent for appearance. Over 1200 children paraded, and a better looking or better dressed group of children probably could not be found elsewhere in the city or country.

The prize winners were: 1. King George School; 2. Lambton Park and Weston Separate School tied for second place; 3. Maple Leaf S.S. 31, York; 5. Sunny Lea, Etobicoke; 6. Humber Crest. Weston public and high school pupils were in the procession, but did not compete.

Splendid Display. Weston fair is the short title for Weston, York, Etobicoke district fair, and the display is quite as pretentious as the name, embracing a splendid showing of industrial and art exhibits, as well as live stock, poultry and all agricultural lines. The entries of farm produce are more numerous than in former years, but the quality of a number of staples, such as potatoes, onions and apples, is not on a par with former exhibits.

Miss Powell of the department of agriculture was judge of the children's display for hybrid tea and hardy perpetual roses. The winners were: 1. Mrs. G. M. Lyons; 2. Mrs. Wilby; 3. Jessie Wright; 4. Miss Pritchard.

The winners in the special class was a good one, in spite of the lateness of the season. The prize winner was Mrs. Hollinsworth, with a display of hybrid tea and hardy perpetual roses. The winners in the special class was a good one, in spite of the lateness of the season. The prize winner was Mrs. Hollinsworth, with a display of hybrid tea and hardy perpetual roses.

The south side of the tent was a blaze of color from a magnificent display of hardy perennials put up by Miss Blacklock, Riva Park, Gardens, Meadowdale.

Mrs. G. M. Adam of Weston also made a splendid display, not for competition, of the hardy autumn flowers. She also contributed a fine collection of vegetables, including two kinds of pumpkins, which would make a picnic's mouth water.

On a large screen a display of flowers and pressed weeds was made, the result of the nature study in the public schools of Weston.

FARM PRODUCE.

Among the winners of first prizes for farm produce were: Wheat—F. Stephens. Oats and barley—C. Slavin. Apples—Morgan Bros., H. A. Coon, E. Manning, F. Stephens, R. H. Lever, Grapes—Dickin. Onions—R. Aymer and F. Reeves. Potatoes—R. Aymer, Reeves and G. W. Martin. Cabbages—Chas. Plunkett.

But the main feature of the exhibition was the display of vegetables shown by the boys and girls of Weston. Eight prizes were awarded for beets, carrots, potatoes, corn and parsnips. The sunflowers shown by little children were stood up all around the tent and formed a most effective background. A. H. MacLennan, S. B. McCready and George Baldwin, all government experts, had their knowledge as judges put to the test, so high was the quality of the exhibits. From the community gardens alone there were 23 collections of vegetables of high value shown. This is the splendid work that Rev. W. M. McKay has been in charge of in Weston for two years now. The Fair Association have splendid grounds for field events, including a race track. A long program of com-

Stock judging will take place this morning, while the horse show and trials of speed will feature the afternoon program.

STEEL & RADIATION, LIMITED
311 Fraser Avenue, Toronto.GOVERNMENT TRIES
TO CRUSH SINN FEIN

(Continued From Page 1.)

At him. Hoyt had given testimony at several recent court-martials and also had acted as one of the bodyguards of the lord lieutenant of Ireland.

An exhaustive search was made of the private house of Count Plunkett, and that of the Sinn Fein member of parliament, Michael Staines. This is the twelfth raid that has been made upon the Sinn Fein headquarters here.

The government's recent proclamation regarding the Sinn Fein organization has been believed to have had their motive largely by reason of the fact that there had been numerous persons killed and attacks made on policemen and others throughout Ireland. Not a single conviction has been obtained in the evidence given at the trials evidently having failed to satisfy the jurors of the guilt of the defendants.

It was said today that the new proclamation would give the authorities fresh powers to secure evidence against the conviction of offenders. The plan revives what in the 80's was termed the Star Chamber. It was this system which resulted in the capture and execution of the Phoenix Park conspirators in 1883.

BAYONETS DISPERSED CROWD.

Londonderry, Sept. 12.—While the police were sealing arms in a house in Rossville street here today, a stone was thrown. The officer in command ordered the troops to fire bayonets. The crowd thereupon dispersed. Reports from various districts in Donegal say that large parties of military arriving in detachments also have reached Nenagh and Ballinacorney, where rifles and shot-guns were captured. While the troops were carrying to the barracks arms which had been seized in Londonderry, Sinn Fein members of the house of commons spoke to a crowd from a motor car opposite the barracks. The police broke up this gathering also.

RAIDS AT CORK.

Cork, Sept. 12.—Sinn Fein clubs in this city were raided this morning by armed police, who conducted searches while soldiers stood on guard outside. The Sinn Fein headquarters—also was broken into, but it is understood that nothing of importance was discovered there.

SEIZED DOCUMENTS.

Galway, Sept. 12.—A large body of police and soldiers searched the house of Sinn Fein leaders here today. Documents of political nature were seized.

Raided Limerick Club.

Limerick, Sept. 12.—The police raided the Catholic Commercial Club here this morning. The majority of the members of the club are affiliated with the Sinn Fein organization. The authorities declined to give out details as to the results of the raid.

ACTIVE IN ULSTER.

Belfast, Sept. 12.—Military and police activities were everywhere in evidence today against the Sinn Fein organization. Raids were carried out in Belfast, at Lisburn, Derry, Dundalk, Louth and Enniskillen. A quantity of high explosives, including a quantity of dynamite, was seized at the Derry Sinn Fein headquarters. In the same town the occupants of a house which was being searched confessed possession of two revolvers, but were overpowered.

Arthur Griffith, one of the founders of the Sinn Fein organization, speaking tonight at the Central Branch of the Sinn Fein, said that the raids and the suppression of the Irish parliament were conducted in Belfast in consultation with the leaders of the Ulster Unionist Council. Mr. Griffith declared that the Sinn Fein would carry on exactly as before.

Brantford, Sept. 12.—The members of the bar of Brant county will shortly have erected in the main entrance to the court house a handsome bronze tablet to the memory of the late Hon. Arthur S. Hardy, who so long represented South Brant in the legislature of this province and was formerly prime minister of Ontario.

This was decided on at a meeting of the local bar some time ago and the work is in the hands of Miss Frances Loring, sculptress of Toronto, who has completed the design, which is now being cast by the Gorham Co. of New York, and is expected to be shortly erected.

Woodstock, Ont.—Harry Johnson who has been with the local branch of the Imperial Bank for four years as teller, has been promoted to manager of the Imperial Bank at Bellwood, his home town.

BIG BICYCLE AND ATHLETIC MEET FRIDAYPLANS TO WIDEN
TERAULAY STREET

Commissioners of Works, Assessment and Finance to Prepare Report.

The finance works and assessment commissioners are to report on the advisability of opening up Teraulay street from College to Grenville. The matter first of all came up before the board of control yesterday when a communication from Dr. G. S. Ryan was read in reference to the extension of Teraulay, and the board ordered that the matter be referred to the commissioner of works and the commissioner of finance. In the afternoon the matter was revived at the meeting of the board of works which favored the commissioners of work, finance and assessment reporting on the advisability of the extension. At the board of control meeting the controllers also decided to get reports on the widening of Leader Lane and on the following plans: An approach to the Union Station; (1) Extension of University avenue south to Front; (2) Widening of York street; (3) New street between York and Bay.

When Mayor Church moves for a revival of the Teraulay street extension bylaw he will have the support of at least a majority of the aldermen concerned. Chief of Police Grassett also expresses strong opposition to the proposal to extend Teraulay street to Davenport road, from a traffic standpoint. The chief said to The World: "The object of the bylaw is to extend Teraulay street to relieve traffic congestion on Yonge street, and undoubtedly the proposed extension would serve that purpose. It was called off for financial reasons, and it is for the finance commissioner to say whether the money can be found for the work now. Purely from a police standpoint a new thoroughfare from College to Bloor would work a change for the better on Yonge, especially at the two main intersections at College and Bloor."

Ward three aldermen expressed the following opinions: Ald. Ramsden: "This is one of the easiest things to complete that the city has in hand. Considerable property has been purchased for opening and widening the streets in the line of the Teraulay extension, and we cannot assess any of the cost of the undertaking against the property adjoining until the work is completed, and that means that the city is paying interest on money invested there without getting any return. This is a work that should be gone on with at once." Ald. Johnston: "I am in favor of the proposed extension. It is the only solution of the congested situation on Yonge street, and should be carried out at once if the city can find the money."

Ald. McGrigg: "The Teraulay street extension is an improvement that will have to come, and I am in favor of carrying it thru, but the city's finances will not warrant undertaking it this year. There are many other things more urgent." CONVENTION ELECTS DELEGATES. William Fordham and James O'Neill of the Builders' Laborers' Union have been elected delegates to the convention of the Canadian Labor Party, which is to be held in Toronto next month.
