

COBALT --- Trethewey

TO PROSECUTE JURORS WHO NEGLECT REQUESTS OF TRETHEWEY STOCK

Some of Them Attend to the King's Business in a Slovenly Way.

Coroner Crawford's jury last night returned a verdict of accidental death in the matter of the death of Oscar Britton, who was crushed between a lorry and a wall in the Star lane. The driver was exonerated.

Morton Allen, the driver, said he had tried to get the lorry to go ahead, but before the traces were tightened the damage was done. John Noonan, John Adams and Chas. Collett gave unimportant evidence.

One of the jurors having inquired too freely, several complaints, it is understood, have been made about the manner of attending adjourned inquests, some being late and some not showing up at all.

Prosecutions of delinquents in the police court may be resorted to.

FIREMEN WERE FINED.

Chief Thompson Imposed Fines on Trio for Infractions.

Chief Thompson reported to the civic fire and light committee yesterday that for "flagrant violations of the rules and regulations governing the fire department, committed while on duty, the salaries of three members of the department were suspended as follows: One \$5 per month for months of August and September, and two, \$5 each for the month of August."

The recommendation of the chief, that 70 feet of 6-inch water main be laid down on the lane running east from Bay-street to the north of the National Club was approved, it being explained that the main was necessary to give proper fire protection to the rear of several properties fronting on Bay, King and Adelaide-streets.

KIDNAPPED HIS CHILD.

Arrested at Ferry and Mother Gets the Boy Again.

WINDSOR, Sept. 10.—(Special).—R. W. Scott of Seaford invaded the apartments of his wife in Detroit and snatched his two-year-old boy from the mother's arms when she was preparing him for bed. Scott ran out and boarded a car.

He got as far as the Windsor Ferry, where he was apprehended and taken to the police station. The mother was notified and secured her child.

Scott was released and crossed to this city.

CHINESE POLITICS.

Influence of Yuan Shi Kai Again Demonstrated.

PEKING, Sept. 10.—The aggressive influence of Yuan Shi Kai was further demonstrated to-day. Liang Tun Yuen, one of Yuan Shi Kai's men, has been appointed minister to Washington and made an acting member of the Wai Wu Pu, or board of foreign affairs.

Numerous officials have been cashed because of their denunciation by Yuan Shi Kai, who is fortifying his position before the arrival here of Chang Ching Tung.

THE NEW ORGANIST.

F. G. Killmaster, B.A., Appointed to Church of the Redeemer.

F. G. Killmaster, B.A., has been appointed organist and choir-master of the Church of the Redeemer, Bloor-street, and will enter on his duties this week.

Mr. Killmaster is an arts graduate of Toronto University, and for the past two years has held the professorship of music at Upper Canada College, and has been assistant organist to Dr. Albert Ham of St. James' Cathedral.

A FAST VOYAGE.

PORT COLBORNE, Sept. 10.—The steel steamship "Maudslayi" built by Messrs. William Dobson & Co., Newcastle-on-Tyne, for the Mutual Steamship Company, Limited, operating under Dominion charter, passed into the Upper Lakes to-day. The Canadian made the fastest time across the Atlantic ever made by a lake vessel, about twelve days.

WILL STAY AT KEYS.

CHICAGO, Sept. 10.—Telegraph operators working under contracts with brokerage firms and newspapers will continue at work. This decision was reached at a meeting of such operators last night.

Western Fair, London. Only \$2.55 for round trip to London via Grand Trunk on Sept. 12; \$2.40 for round trip on Sept. 11 and 13. All tickets valid returning from London on or before Monday, Sept. 16. Secure your tickets at city office northwest corner King and Yonge-streets.

SHORTS ACTIVE BUYERS OF TRETHEWEY STOCK

Cobalt Stocks Steady in the Face of a Weakness in Other Markets.

World Office Tuesday Evening, Sept. 10.

The markets for Cobalt stocks to-day were under the adverse influence of irregular and weak stock markets, but despite this the active issues showed a marked steadiness after the recent rallies. The trading was not broad, interest centering principally in a few issues.

Of these Trethewey was the most extensively dealt in, several thousand shares of this stock changing hands on the two markets. Yesterday's rise in Trethewey disclosed a short interest, which was eager to cover, and the reaction to-day was a direct result of this buying.

Foster was thoroughly inactive, the dealing involving only a couple of hundred shares. There was a fair demand for Cobalt Central, because of its activity and strength on the New York curb. The other shares were dull, with as little demand to buy as to sell, but the undertone to the list as a whole showed no loss from its recent betterment.

Plant is Enlarged.

Work has been started on the new structure of the Hanson Consolidated Silver Mines at Port Arthur, which is to contain thirty additional stamps, bringing the total up to fifty stamps. The purpose of the management is to keep adding stamps until 150 are working. A contract was closed last week for an additional air compressor, a six-inch drill Canadian-Rand similar to that ordered and placed last month.

Increases Acreage.

The Cobalt-Lorrain Mining & Development Co., Limited, which was formed last April, has just secured ownership of some nine claims, covering 380 acres, situated in the Township of Lorrain, on Lake Temiskaming. This is said to be the largest acreage actually owned by any company in this region other than the Nipissing Mines.

These claims are surrounded by, or near, a number of working and producing mines. The company is capitalized at \$1,500,000, divided into shares of \$1 par value. There has been issued only some 200,000 shares, of which a little over 700,000 shares were paid for the property. The president is C. T. Silby, formerly a large builder of fire engines in America, and who has large interests in the Cobalt camp.

The vice-president is W. Channing Burbank of the New York Stock Exchange firm of Williams & Burbank, and the treasurer and secretary is A. W. Morris, one of the vice-presidents of the Louisville & Nashville Railroad Co. The board of directors also includes Beverly Bogert of the New York Stock Exchange firm of Hartshorne, Bogert & Battelle.

New York Curb.

Charles Head & Co. report the following closing transactions and sales on the New York curb:

Nipissing closed at 7 1/2, high 8 1/2, low 7 1/4, 2 1/2, no sales.
Cobalt Silver, 1 to 1 1/2, Cobalt Central, 2 to 3, high 3 1/2, low 2 1/2, 47,000; Foster, 2 to 3, no sales; Green-Meehan, 2 to 3, 20 sold at 2 1/2; King Edward, 3 to 1, 100 sold at 1 1/2; McKimley, 3 to 8, no sales.
Red Rock, 15 to 35, sales; Silver Queen, 3 to 1, high 5, low 2, 200; Trethewey, 6 to 8, high 8 1/2, low 6, 2,000; Trethewey, 12 to 18, 60,000 at 6.
Boston curb: Silver Leaf closed at 6 to 7, high 8, low 5, 17,000; Abitibi, 8 to 8 1/2, sales.

A NEW GOLD MINE

THE CRAWFORD PROPERTIES at Otto Lake on the T. & N. O. Railway, probably one of the biggest and richest in all Ontario's newly discovered Gold Fields.

THE CRAWFORD UNDERWRITING SYNDICATE

Each \$15 Membership Will Be Given 100 Shares Crawford Stock

The Crawford mining properties—partly in the northern part of Otto Township, and partly in the unsurveyed territory just north of Otto township at Otto Lake, and consisting of six 40-acre claims on the T. & N. O. Railway, four miles north-west of Boston Station, ten miles south of the height of land, are now proven to contain immense deposits of ore—gold, silver, nickel, and lead, with other minerals.

Mr. Middleton Crawford, a careful, experienced mining engineer, has been at work with a force of men for the past three months, developing these properties.

SHAFT NO. 1 is now down 25 feet, on a vein of ore fully 4 feet wide, carrying high values in lead and silver, with some gold.

SHAFT NO. 2 is now down about 25 feet, on a vein fully 15 feet wide. Four feet of this vein is Jasper quartz carrying good average gold values, and increasing with depth. This ore should yield at a depth of about 100 feet from \$20.00 to \$100.00 per ton gold. Five feet of this vein is a solid body of white iron, carrying nickel, silver, arsenic, and gold values. The rest of the vein is a fine-looking, milk-white quartz, carrying gold and silver values.

SHAFT NO. 3 is now down about 20 feet in a ledge of sugar quartz from 50 to 200 feet in width, and carrying gold values of \$10.00, \$20.00, and \$40.00 per ton up. This great lode gives promise of becoming one of the biggest and richest ever discovered.

ALL THIS WORK HAS BEEN DONE UPON THE CRAWFORD PROPERTIES TO ACTUALLY PROVE THE EXISTENCE AND PERMANENCY OF THE VEINS OF ORE, BEFORE DOING ANY NEWSPAPER ADVERTISING FOR THE SALE OF STOCK.

A Good Investment is Worth a Lifetime of Labor. An investment in a GOOD MINE is a good investment. The Crawford properties will make a GOOD MINE. If you could make a personal inspection of the Crawford properties, we believe you would be as enthusiastic over their great promise as we are—as Mr. Crawford and everybody else is who has seen them. We say, Crawford stock will sell in ninety days for 100 per cent. above its underwriting price, and within twelve months for more than 700 per cent. above this underwriting price. You are earnestly invited to call at our office and examine a large quantity of ore from the Crawford properties.

BOOKS FOR SUBSCRIPTION

to the \$15.00 underwriting memberships, giving 100 shares of Crawford stock for each \$15.00 membership, will positively close September 25th, or sooner, if amount is subscribed for. After that date Crawford stock will not be sold for anything like this price.

Mr. Middleton Crawford will be the President and Manager of the Crawford Company, and Mr. D. H. Hulbert, of D. H. Hulbert and Co., will be the Secretary. The Crawford Company will have only 600,000 shares of \$1 each. Subscriptions for \$15.00 memberships can be paid for in full with application, or, if more convenient, one-half with application and balance in 30 days. Payment should be made to the financial agents. This underwriting will close as stated, on or before September 25, when stock will be allotted and certificates delivered to subscribers as soon as possible thereafter. Make all applications and payments to the financial agents:

RED DICK EXTENSION GOLD MINING SYNDICATE, OF LARDER LAKE. CAPITAL \$15,000. 600 SHARES, \$25.00 EACH. This claim, known as H. F. 22, is conceded to be one of the best in the Larder Lake district and adjoins on the west side the prime claims of the Lucky Boys, and is one claim distant from the famous Reddick and Chertville claims. It adjoins the K. Farah (Big Pete) on the north and is equal to any claim in the Larder Lake district. The vein on this property is 12 feet wide on the surface, the sides not having yet been found. Thousands of tons of ore are in sight, and a general assay taken from the entire width of the vein ran \$1.80 in gold to the ton. Enough pay ore is in sight to keep the largest stamp mill running for years. Capital only \$15,000, divided into 600 syndicate shares of \$25.00 each. A mill run will shortly be made, after which the shares will have a big advance. Look up the capital of the adjoining properties, LUCKY BOYS (\$200,000, for instance, and others in proportion. Then BUY RED DICK EXTENSION—As Good as the Best. Only 200 Memberships to be offered. Application for shares may be sent to: R. P. RICHARDSON, New Liskeard Ont., or phone Main 6166, 6 King West, Toronto.
