

In its action on the system each of its ingredients possesses single and special curative properties; none of them conflict; each aids the other, giving a combination of HARMONIZED MEDICINAL POWER NEVER BEFORE ATTAINED.

Witness the power of our Ready Relief in not only instantly stopping the most excruciating and agonizing pains, cramps, spasms, aches, and, in fact, the most distressing agony of NEURALGIA, and all other pains, but curing with singular rapidity the most malignant and frightful forms of Asiatic Cholera, Yellow Fever, Small-pox, Diphtheria, and such diseases that strike terror to people when it is known that a visitation of these scourges is threatened.

In all cases where an external embrocation or liniment is required, or where there is pain, inflammation, congestion—or where there is a disturbance inwardly, such as cramps, spasms, diarrhoea, sickness at stomach, headache, and other simple ailments—many people know from experience that the Ready Relief will remove all these difficulties in a few seconds; but in the more fatal diseases, such as Small-pox, Yellow Fever, Asiatic Cholera, Typhoid Fever, and the class of diseases that terminate fatally in a few hours, they little know that in RADWAY'S READY RELIEF they have a life preserver that will cure them, and protect them against attacks of those fatal diseases; and yet this is true, and it is the only remedial agent in existence that will absolutely CURE and PREVENT these diseases with safety.

The solution of this great medical problem is plain and simple, for in the READY RELIEF we have a COUNTER-IRRITANT, a DISINFECTANT, a DIFFUSIVE STIMULANT, an ANTACID, a DIAPHORETIC, an ANTI-SPASMODIC, a RUBEFACIENT, an ANTISEPTIC, a SUDORIFIC, an ANODYNE, a NERVINE, and TONIC. These properties are so harmoniously combined and associated, that each performs, with singular and marvellous rapidity, its independent duty, and each, as a part, assists the other, and when the symptoms of the disease indicate their united influence, the Ready Relief instantly supplies this important requisite.

In Asiatic Cholera (and the same properties are called for in Yellow Fever and other malignant malarie) an ANODYNE is called for to assuage the pain, stop the vomiting and purging; a DISINFECTANT to kill, destroy or neutralize the poison or acid of Cholera; an ANTI-SPASMODIC to allay the spasms and cramps, vomiting and purging; an ANTISEPTIC to prevent mortification, and to purify the gases of the stomach; a DIFFUSIVE STIMULANT to impart warmth throughout the chilled and cold body, and arouse the paralyzed organs, the functions of which have been stopped, and so start the congested blood in circulation; a COUNTER-IRRITANT to withdraw inflammation from the engorged bloodvessels and congested nerves, and impart to the nervous system a new supply of nervous fluid; a DIAPHORETIC, to arouse the sluggish vessels of the skin in the secretion and promotion of perspiration; these indications being accomplished, a cure is effected, and the most violent cases of Asiatic Cholera are cured by the simple use of Radway's Ready Relief.

These same principles secure the same happy results in other diseases and ailments, either applied externally or taken internally.

In Congestion of the Lungs, Inflammation of the Bowels, Bilious Colic, Neuralgia, Rheumatism, Inflammation of the Bladder and Kidneys—in fact, all forms of disease where there is pain—the Ready Relief will, in a FEW MINUTES, stop the most excruciating and agonizing paroxysms. It is true, in many of these diseases, after the pain is removed or cured, the Radway Pills should be taken to restore functional harmony, and empty the bowels and keep them regular; but it is all important, when seized with pain, to get rid of it as soon as possible; and where there is latent disease existing in the system, to arrest its progress.

In using medicines to stop pain, we should avoid such as inflict injury on the system. Opium, Morphine, Chloroform, Ether, and Chloral stop pain by destroying the sense of perception, when the patient loses the power of feeling. This is the most destructive practice; it masks the symptoms, shuts up, and,

If air be admitted into a vein, it produces death in a few minutes.

Old men bear Abstinence best, Adolescence less, Infancy least.

Allopathy—The cure of one disease by setting up another.
