Guthrie, Ok., May 11 .- The death list

of last night's tornado at Snyder will probably exceed 100 persons. Eightyfive bodies have been recovered, a dozen persons are missing and given up for dead, and of the 41 seriously wounded several are likely to die. More than 100 other persons suffered less severe injuries. Oklahoma City to-day sent 100 men to dig graves and seek the dead still in the ruins, and a dozen undertakers with 100 coffins. Offers of financial assistance have come from numerous cities. Governor Ferguson of Oklahoma has issued a proclamation calling attention to the needs of the stricken town. It is still difficult the stricken town. It is still difficult to obtain information from Snyder. A single telegraph wire furnishes an outlet, but it is blocked with private messages concerning the dead and the injured. To add to the general confusion and distress, after the tornado had passed fire broke out and burned up all that remained of the buildings in one of the business blocks. So far it has not been possible to find out whether any bodies were cremated.

Clarence Donovan, a railroad engineer, and Miss Nina Fessenden were to have been married last night, but had just postponed the nuptials until this morning. Both were killed by the storm. Fred Crump, a boy, had started for a cellar when a flying timber decapitated him. Debris was carried northeast as far as Coopertown, 12 miles, and it is reported that there are more fragments at that town than in the tornado path at Snyder. About 75 head of horses and cattle were killed at Snyder. The mayor of Snyder is having much trouble arranging for the burial of the dead.
