ALLIED CONTROL OF THE
DARDANELLES IS MEETING
WITH BULGARS' APPROVAL

Great Problem of the Balkan States Appears To Be Nearer
a Solution Than Ever Before.

Sofia, Bulgaria, Dec. 2.—(Correspon-
dence of the Associated Press).—Bulgar-
ian political leaders profess to be grati-
fied by the entrance of the Entente
fleet into Constantinople, and express
the belief that it assures an equitable
and reasonable solution of the inter-
minable question of who shall control
the straits and the Dardanelles. This
problem has been a constant nightmare
for most of the Balkan states.

This fear was one of the causes which
led Bulgaria to take sides with the
central powers in the war. Later, when
Russia abandoned her exclusive claim
to Constantinople, Rumenski's entry into
the war on the side of the Entente was
facilitated.

Political circles in Bulgaria are pro-
foundly impressed by the rapidity with
which events of far-reaching import-

ance are now transpiring. The foreign
policy pursued by the former King Fer-
dinand and his government in Bulgaria
has brought them in a striking manner
to the forefront of the present develop-
ments.

The great mass of the Turks, as well
as all other nationalities in Turkey,
are said to be overjoyed to witness the
termination of the rule of the govern-
ment clique in that country and the suc-
cess of the Entente powers.

They now realize that Germany carried
nothing for the conditions with her own
but was solely concerned with her own
commercial and industrial schemes at
the expense of the peace and tranquility
of the present democratic nation of
Bulgaria to extricate the country from
its present condition.

are plentiful, but turkeys are not ex-
pected to drop in price for New Year's
mainly because nearly all the birds have
been bought up by the wholesale.
