AMERICAN AUTHORITIES ARE INVESTIGATING BOMB EXPLOSIONSANARCHIST CARRYING BOMB TO
KILL OTHERS STABS HIS TOE
AND IS BLOWN TO PIECES

Washington Police Inspectors Believe Plots To Kill Government Officials Originated in Philadelphia—Identity of Victim Is Not Revealed—Arrests Expected To Follow Today's Investigations.

RUNNING DOWN ANARCHISTS. Washington, June 3.—Department of Justice agents and police throughout the country today were hunting for organized bands of anarchists, who last night launched what they called an attempt to overthrow the Government by assassination with high explosive bombs of prominent men opposed to the spread of organized lawlessness.

Explosions took place in Washington, Pittsburgh, Cleveland, New York, Boston, Philadelphia, Paterson, N. J., and New York. None of the men for whom the bombs were intended were hurt, but one man, a watchman in New York, was killed, several persons were injured.

Washington, D. C., June 3.—Washington police inspectors early today believed they had identified the man who was blown to pieces last night in an effort to kill Attorney-General A. Mitchell Palmer with a bomb, as an anarchist of Philadelphia. They also said they were confident the nation-wide plot against the lives of government officials and prominent businessmen had been laid in that city.

A bloodstained conductor's identification check was found in front of Mr. Palmer's residence early today, showing that the anarchist arrived in Washington at 10:30 o'clock last night from Philadelphia. He went directly from the union station to the Palmer home, and only a few minutes before the explosion he was seen alighting from a street car a few blocks away.

Expect To Arrest Others. The police would not reveal the identity of the man, but they felt confident the facts they had gathered in their investigation last night would lead quickly to the apprehension of his associates, who they believe also were responsible for the May Day bomb plot in which many internal machines addressed to government officials, members of Congress and businessmen were placed in the mails.

The anarchist apparently was of Italian birth or parentage. The police are confident that the plans of the anarchist to blow up the house of the attorney-general and kill his occupants would not have miscarried had he not in his excitement and in the darkness stumbled his toe on a low step six feet from the front door, where, it was obvious, he intended to place the powerful infernal machine. The coping tripped the anarchist and when he fell, the concussion apparently set off the bomb.

BOMB PLANT FOUND
IN CITY OF BUFFALO

Buffalo, June 3.—A school for instruction in the manufacture and use of bombs was found in a house in Buffalo police believe. No arrests have been made, but a number of drawings, alleged to be designs of internal machines have been seized.

BOMB OUTRAGES
ARE AIMED AT
OVERTHROW OF
U.S. GOVERNMENT

Believed by American Officials To Be An Anarchist Movement.

BUT FEW FATALITIES

Attempts Made On Lives of Many Judges Active Against Labor Movements.

Washington, D. C., June 3.—The widespread bomb explosions last night apparently a sequel to the unsuccessful May Day outrages when internal machines were mailed broadcast from New York to kill the officials and men prominent in public life, was believed by officials here to be another move in an anarchist movement for the overthrow of organized government in the United States, rumors of which were said to have been called to the attention of members of Congress and department of justice officials months ago.

Although apparently intended to do greater damage, the latest bomb explosions, from a standpoint of loss of life, appeared to have been but little more successful than those of May 1. Fatalities resulting, as reported today, were confined to the plotter himself at the Palmer home, and to New York, where one or possibly three persons were killed. In that case, as here, the body or bodies were so badly scattered as to be impossible to determine just how many corpses were involved.

As in the May Day attempts, the bomb plot last night was directed, in a majority of cases, against public officials in various cities, men who have been active in suppression of organized lawlessness.

'RED' LITERATURE MAY SERVE AS A CLUE TO PLOTTERS

Washington, D. C., June 3.—Copies of the pamphlet bearing the caption, "Faint Talk," are in possession of the police and department of justice officers and may possibly furnish the only clue to the identity of the plotters. Printed on what likely was intended to be red paper, the pamphlets bear no distinguishing marks, however, and might easily have been printed in any small print shop.

Mr. Palmer has been active in urging anti-Bolshevik measures and the attack on him as well as on the various judges and officials as representatives of law and order are obvious to the authorities, but the officials were at a loss to understand the attempted destruction of a church in Philadelphia.

The full list of cities in which explosion occurred were: New York, Washington, D. C., Cleveland, Philadelphia, (2), Boston, Paterson, N. J., and Newtonville, Mass.

WATCHMAN KILLED BY BOMB PLANTED AT JUDGE'S HOME

New York, June 3.—One man was killed and several men and women hurt today when a bomb placed at a basement entrance to the home of Judge Charles C. Nott, of general sessions court, exploded. The front part of the Nott residence was blown apart and houses nearby on East 61st street were damaged. Judge Nott was not at home and Mrs. Nott, who was asleep on the second floor, was uninjured.

William Boehmer, a private watchman, was blown to pieces, parts of his body being found half a block from the scene of the explosion. The exact time of the explosion was learned when it was discovered that a large clock in the hall had stopped at 12:55 a.m.

Many Officers Anxious To Sign On As Crew.

London, June 3.—The admiralty ship R-34 will probably start on her transatlantic flight on June 20. The commander will be Major G. H. Scott, A.F.C., and many high officers are anxious to sign as crew in order to participate in the noteworthy trip.

MEDIATOR AT WINNIPEG

Paris, June 3.—The Paris subway lines are shut down this morning as a result of a strike of the employees. The strike is a result of the men, attended by more than 5,000 of the workers.

A dispatch from Lille stated that approximately 49,000 men are out in the general strike in the Pas de Calais mining region. Absolute quiet prevails in the affected district, no disorders whatever being reported.

UNION PRINTERS NOT TO BE EMPLOYED IN BUENOS AYRES SHOPS

Buenos Ayres, June 3.—The publishers of Buenos Ayres are said to have joined in a compact never to admit another union printer to their shops. The principal newspapers have started typewriter schools, and are teaching prospective operators. It is asserted that the old employees on the newspapers will be given their jobs again only when they resign from the printers' union. Meanwhile Buenos Ayres is without news from the outside world; the newspapers have even ceased to post bulletins.

METAL WORKERS URGE THOSE
WHO STRUCK IN SYMPATHY
TO RETURN TO THEIR JOBS

President Brown of Toronto Organization Issues a Notice in Which He Declares the Men in the Metal Trades Prefer To Fight Their Own Battle.

Toronto, June 3.—President R. C. Brown of the Metal Trades Council at 1:30 o'clock today issued a notice to the workers of the various unions who went out on strike in sympathy with the metal trades workers, advising them to return to work at once. President Brown thanked them for their sympathetic action, but said that nothing could be gained by their remaining out longer, as the men of the metal trades preferred to fight their own battle from now on.

SMALL PERCENTAGE
OF TORONTO PEOPLE
AFFECTED BY STRIKE

Conditions in Queen City To All Appearances Are Normal.

Toronto, June 3.—Mayor Church and other conciliators today continued their efforts to secure a basis of agreement between the striking workers of the metal trades and their employers. The feeling here is that if the difference between the employers and striking employees of this industry were on their way to settlement, the sympathetic strike called by the "general" strike committee, would soon be called off.

The city is still a full appearance, continuing normal, in an industrial way. Eighty per cent of the population are at work, and so far as the "general" strike is concerned, it has progressed so far. There were no additions reported today to the strikers' ranks, and so far as known, none are expected till June 16, when, it is quite possible, there will be a strike of street railway men on their own account. Other unions, particularly the boot and shoe workers are negotiating with the employers for increases, with little prospect, at present, of a settlement being reached.

BALANCE TO BELGIUM

Canadian Trade Commission Expects To Receive Many More Orders.

Ottawa, June 3.—Nearly \$16,000,000 worth of orders have already been placed with Canadian producers and manufacturers under the credits established in Europe. A return which has just been prepared by the Canadian trade commission, Ottawa, to May 31, shows that the lion's share so far has been allocated under the credit granted by the Dominion to the Rumanian Government, over \$15,000,000 in the aggregate, while just three-quarters of a million dollars have come under the Belgian credit. This proportion is merely accidental, due mainly to the greater promptitude with which the Rumanian officials in London acted after the principle of credits was accepted.

The following are the broad classifications in which the orders are most conveniently displayed. Against Rumanian credit—Binders and part \$670,995, all placed in Ontario; binder twine, \$840,296, placed in Quebec; pasta and oil, \$189,845, placed in Quebec; \$182,095, in Ontario; \$7,750, cottons, \$2,631,512, placed in Quebec; \$2,180,252, in Ontario; \$444,250; woolen goods, \$4,750,526, placed in Quebec; \$198,530, Ontario; \$19,442, Nova Scotia; \$86,744, New Brunswick; \$30,800; spirits and overalls, \$1,672,376, placed in Quebec; \$688,707, Ontario; \$446,250, Manitoba; \$25,212, Alberta; \$36,556, British Columbia; \$7,556, ready-made suits, \$5,311, placed in Quebec; \$3,123, in Ontario; \$287,000, Nova Scotia; \$44,722, and New Brunswick; \$43,481.

Against Belgian credit: Boots, \$250,000, all in Ontario; woolen goods, \$508,332, placed in Quebec; \$3,123, in Ontario; \$287,000, Nova Scotia; \$44,722, and New Brunswick; \$43,481.

The Canadian Trade Commission has been working at fever heat for several weeks. Further large orders have since been put in hand, while others are expected shortly.

NG-4 IS NOT TO TRY
RETURN BY FLIGHT

Daniels Asserts No Non-Stop Ocean Trip Is Being Contemplated.

Washington, June 2.—The American naval seaplane, NG-4, which arrived at Plymouth, England, Saturday, thereby completing the first transatlantic flight, will not attempt a non-stop or any kind of a flight back to the United States, Secretary Daniels said today.

The seaplane will be disassembled and shipped to this country.

The secretary said the navy contemplated no attempt at a non-stop ocean flight in the near future, as the navy did not desire to make a spectacular showing and was not in any competition for transatlantic flight honors and did not favor "stunt" flying.

STORK VISITS HOME
OF OTTAWA COUPLE
FOR THE 21ST TIME

Ottawa, June 3.—Mr. and Mrs. Albert Schling, 141 Bottler street, on Thursday became the parents of a bouncing baby boy. It was their 21st child, probably the largest family in Ontario.

Albert Schling, father of the 21st, is now in the employ of the Ottawa Electric Railway as a conductor. Both he and Mrs. Schling are in their 44th year, and will celebrate the silver anniversary of their wedding in August.

Bishop E. J. Bidwell, D. D., in Address Before Synod of Huron, Now in Convention At Kingston, Expresses the Opinion That Absolute Prohibition in Normal Times May Not Be Best Method of Securing the Desired End—Is Strongly Opposed to a Return of the Saloon and Bar.

Kingston, June 3.—In his address to the Synod of Ontario this afternoon, Bishop E. J. Bidwell, Bishop of Ontario, paid considerable attention to the prohibition question, and indicated that he would favor the sale of light beers and wines under strict Government regulations. His lordship was strongly opposed to the restoration of the saloon and the bar, and would not make any change in present regulations in regard to spirits.

Incidentally the policy of the Ontario Government in the matter commends itself strongly to him. After pointing out that the prohibition measure, introduced by the Government, has the approval of the large majority of the people, he goes on to say that the Ontario Government "are to be highly recommended for their statesmanlike and constructive policy in the line of action upon which they have determined." He points out that "the referendum to be submitted to the people, as is only just and fair, gives an opportunity to all of expressing their opinion, including those who, while supporting prohibition as a war measure, and remaining strongly opposed to the return of the saloon and bar, are not convinced that absolute prohibition of every kind of alcoholic beverage is, in normal times, the best method of securing the object in view."

Regarding the duty of the Anglican Church the bishop said: "Our church is not committed to prohibition to the exclusion of every other method of abolishing drunkenness, and promoting real temperance. Nor can it subscribe to the doctrine that the use of wine as a beverage is in itself wrong. To do so would be to contradict its own sacred teaching and practice in the Blessed Sacrament, not to speak of the imputation of Him, who instituted that sacrament."

GENERAL STRIKE IS CALLED
BY VANCOUVER UNIONS IN
SYMPATHY WITH WINNIPEG

Organized Labor in B. C. City Votes For Walkout Today—Exemptions Are Made in the Cases of Firemen, Police, Bakers and Others.

Vancouver, B. C., June 3.—A general strike of organized labor in Vancouver in sympathy with the Winnipeg strike, became effective at 11 a.m. today, in accordance with a decision reached at a mass meeting last night.

Exemptions from the strike were made in the cases of firemen and police, bakers and bakery salesmen, milk wagon drivers, theatre employees, laundries, hotels and restaurants, ten civic employees to act as grave-diggers, six caretakers for the city water-works, ice wagons for hospitals, hotel and restaurant delivery only.

U. S. AVIATORS TO
SEARCH FOR LOST
CANADIAN ACE

Every Effort Will Be Made To Locate Capt. Mansell R. James.

Minneapolis, N. Y., June 3.—Search for Capt. Mansell R. James, the Canadian ace, who disappeared last Thursday en route in a Sopwith biplane from Lee, Mass., to Atlantic City, was started from here today by army aviators. They planned to fly to Hartford, Conn., and from there to cover the territory in the vicinity of Winchester centre, where Capt. James is last reported to have been seen.

In addition to the army aviators search the Aero Club of America has appealed to people living in the territory surrounding Winchester centre to join in the hunt for the missing flyer.

Capt. James is a native of Watford, Ont., and is 35 years of age. He served with the Royal Air Force, and is the holder of a Distinguished Flying Cross. Capt. James has been missing since Thursday, when he commenced a flight from Boston to Atlantic City.
