BORDEN FINALLY WILL DISCLOSE UNION POLICY

Ottawa Opinion Says Long-Awaited Pronouncement Coming.

PREMIER TO RETIRE?
Gossip Says He May Remain Nominal Leader For While.

OTTAWA, April 14.—(By the Canadian Press.)—There is to be a definite pronouncement by the Prime Minister on the question of future policy before the close of the present session, and such a pronouncement is to be made by Sir Robert Borden, according to well-informed opinion in the corridors tonight. It is also learned on reliable authority that the pronouncement will contain nothing more than passing reference to the tariff.

Another matter of considerable importance, both to the members of the Government and the country generally, and upon which a definite statement is scheduled to be made, is the leadership of the Union Government. Gossip now strongly favors the probable resignation of Sir Robert Borden, but the selection of a successor is still a wide-open controversy.

Borden to Carry On.
Present indications, according to talk among men who have attended all the caucuses of the Government thus far, is that Sir Robert Borden will be asked to carry on as nominal leader for the balance of the Government's term, but that a new man must be found to fill the job immediately he gives the word that he wishes to step out of active public life altogether. There is little prospect that Sir Robert will assume active leadership upon his return, which is now scheduled for the second week in May. There is a little prospect that there will be any general election until the fall of 1922 or the spring of 1923, unless something unforeseen crops up.

Members to Hang On.
It is taken for granted that the Government members will stay with the policy to be announced. In the main, provides for a revision of the tariff, as well as other important moves—until the election comes. The redistribution bill has been passed, giving the West larger representation. It is understood that Hon. William Lyon Mackenzie King, leader of the Liberal party, is to tour the entire West at the close of the present session, beginning his trip about the second week in June, and going as far as Victoria, B. C., and working eastward. Eastern supporters of Union Government, however, declare that he cannot hope to gain more than half a dozen seats at the most. There is also talk that the Government follows up similar moves on the part of the cabinet ministers, and it is likely that the plans for a tour of the West by one or more cabinet ministers, which was spoken of before the opening of the session, will be revived.

OTTAWA, April 14.—(Canadian Press.)—A letter was received here today from Premier Sir Robert Borden, who is at Asheville, N. C., in which he reports that he is making good progress in regaining his health. "This is a very delightful and restful place," Sir Robert writes, "and I am making steady progress in regaining strength."

SECOND READING OF DIVORCE COURT BILL IS GIVEN IN SENATE

Lougheed Says Union Government to Delay Naval Policy.

OTTAWA, April 14.—(Canadian Press.)—In the Senate today second reading was given a bill to establish divorce courts in Ontario and Prince Edward Island. The vote on the bill was 22 for and 7 against, the seven nays being Senators Lynch-Staunton, Pope, Beaubien, Murphy, Donnelly, Chapais and Power. Senator Ross of Nova Scotia, who moved the second reading, stated that the passage of this bill would mean that every province in Canada will have a divorce court, except Quebec, and that province has power to grant separation to married persons, which is considered sufficient. Senator Murphy objected to the extension of divorce courts to Prince Edward Island, where there had been only one divorce since Confederation.

A statement by Sir James Lougheed on the Government's naval policy declared that the Government had decided to defer action in regard to a naval policy for Canada. The question of imperial naval defence would come up at the approaching imperial conference, and meantime the Government would carry on the Canadian naval service on present lines, accepting the offer of the British Government to replace the Nipigon with a Rainbow with a light cruiser and two destroyers. To obtain a free hand, all officers and naval ratings had been demobilized, and Canadian officers in the imperial service and paid by Canada would be recalled and placed on duty in the Canadian naval service.

HAS NO EFFECT ON OTTAWA LEGISLATION FOR RACE TRACKS

OTTAWA, April 14.—Action by the Government of Ontario in imposing heavy taxation on the race tracks of that province will not have any bearing or influence upon whatever federal legislation may be brought down this session. The present probabilities point to some amending legislation, though there has been no final decision as yet.

FARMER-LABOR EMERGES WITH 50 MAJORITY

First Division Shows Government With Liberal Support.

CORNWALL AFFAIR UP

Reported Statement of Judge On French-Canadians Denounced.

(Special to The Advertiser.)
TORONTO, April 14.—The Farmer-Labor Government emerged from its first division in the House tonight with a majority of 50. The Liberal members nearly all voted for the Government, and John Joynt, a Conservative member for North Huron and a farmer, voted with the Government. The vote came on the act to reduce the property qualifications for candidates for municipal offices. Charles McCrea, Conservative of Sudbury moved a six months' moratorium for the bill.

It was a Conservative party amendment, but there were bolters from all sections of the House under the other except from the Labor group, which stood solidly for the bill. Five Liberals voted for the amendment. Messrs. Hall, Pary Sound, Govelet, Centre Huron; Calder, North Huron; Bruce, L. W. Oke, U.E.O. member for East Lambton, spoke in support of the bill, and Mr. Joynt, North Huron, Conservative, left his party and cast his vote against the amendment. Mr. Arthur, Conservative, explained that while he voted for the amendment, he still when the bill appeared actually before the House, he would support it, saying that he would support it, saying that he would support it, saying that he would support it.

Reduction.
Premier Drury opened the discussion on the bill during the afternoon by saying that he would support it, saying that he would support it, saying that he would support it.

Term Householder.
Mr. Ferguson seemed to think that the premier was not himself sure as to what the term "householder" meant, and Mr. Raney read a tentative definition, which he said would be brought down later for the consideration of the members. It was: "A householder is a person assessed as an owner or tenant in a house, or in an apartment, or suite of rooms in an apartment, or in a house, or building in which he resides with his family."

Mr. Ferguson said that there had been no complaint against the present qualifications, so why change them? He thought the bill might be sent to municipal organizations for their opinions.

Many members spoke on the amendment, including W. Crockett, Sam Clarke, Hon. George Henry, L. W. Oke, Hon. T. Crawford, W. H. Price, T. Macleary, N. Asmusen, C. Swaynes, D. Watson, Warren and J. C. Brown. Ferguson Caution.
Hon. G. Howard Ferguson cautioned a note of warning.
"This measure strikes seriously at the root of the municipal foundation," he declared. "It is a matter in which the Government might well go slowly. Why should the bill not stand over until next year? Is there anyone who particularly wants to be a mayor or reeve next year?"

"The Government is not very clear in their own minds as to what they want to do," was the opinion of Hon. G. S. Henry.

L. W. Oke, U.E.O. member for East Lambton, opposed the bill, which he declared, would discourage thrift. "The man who does not pay taxes should not want a voice in the disposal of the taxes," he argued.

Hon. Thomas Crawford made a reference to "gentlemen who live by their chin music and are too lazy to work for a living." He said the House against the encroachments of "extreme socialism."

Ontario's moratorium is to continue in force until July 1, next. A bill to extend the measure until that date was introduced by Hon. W. E. Raney. "Representations both for and against the continuation of the moratorium have come to the attention of the general state. This appears to be the medium course."

J. W. Cunniff will all arrears fall due after July 1.

Mr. Raney—Yes.

MEXICAN BATTLE

NOGALES, AZ., April 14.—Federal troops under Gen. Carranza are in battle with a part of the army of Gen. Flores at El Puert on the border of Sonora, according to a dispatch received in Nogales, Sonora, this afternoon.

SIX MICHIGAN PEOPLE MEET VIOLENT DEATHS

Four in Auto Wrecks, One Is Whirled to Death and One Drinks Alcohol.

DETROIT, April 14.—Six persons met violent deaths and two received serious injuries in Michigan accidents today. Four of the deaths were attributed to automobile mishaps, one to drinking wood-alcohol, and the sixth victim was whirled to death around the beltshaft of a sawmill.

Mr. and Mrs. William E. Loman of Lansing were drowned, and E. F. Gaunt narrowly escaped death, when the automobile in which they were riding struck the span of a bridge in the heart of the city, plunged 20 feet up the 18-inch incline, and toppled over, hurling its occupants into the river. Another car and occupants went through the same bridge two weeks ago.

Roy Price, another Lansing man, was found dead in a rooming-house, with two empty bottles that had contained toilet water, besides him. The toilet water contained 76 per cent alcohol.

William Moser, 23 years old, a world war veteran, employed at a sawmill near Montrose, was caught in a belt and hurled about near dead. His body was terribly mutilated.

Carl Dow, aged 15 years, of Lowell, was drowned when an automobile in which he was riding went over an embankment and pinned him in shallow water.

SUGGESTS EMPLOYMENT OF COUNTY PRISONERS ON PLAYGROUNDS WORK

Member of Brantford Parks Commission Proposes Novel Economy Scheme.

BRANTFORD, April 14.—A novel idea has been presented here by Fred Westbrook, the newly-appointed member of the park commission. Mr. Westbrook would have the prisoners in the county jail work in the city playgrounds for the improvement of the same. On account of the small appropriation for park and playground purposes this year, necessary work cannot be carried on unless some new measures of economy are introduced.

NEWSPRINT MAKERS GRANT WAGE INCREASE

NEW YORK, April 14.—Representatives of eleven of the largest newspaper manufacturing companies in the United States and Canada, at a conference with union officials here today, agreed to grant their employees a general wage advance of 20 per cent in renewing working agreements for the next year.

CAN A TENANT BE EVICTED BEFORE HE HAS HOUSE TO GO TO?

Interesting Question Raised in Division Court—Decision Reserved.

ST. THOMAS, April 14.—Whether there is an undisclosed covenant or promise in the lease of a house by which a tenant may be excused from eviction because he has no other place to go to, has been left to Judge Ermatinger to determine.

J. T. Stewart, Mary street, sued T. W. Cornish in the division court this morning to recover a month's rent on a dwelling. It was alleged that Mr. Cornish was notified to get out in proper form, but having nowhere to find shelter for himself and family he refused to leave, and did not go, and that it was several days afterwards before he found another dwelling.

Mr. Stewart had purchased the house from Mrs. Flint of Michigan, and desired immediate possession. The case was adjourned for a further hearing. That these legal tangles may be absent without notice from the leases of dwellings tenants in St. Thomas are suggesting a petition to the Legislature to enact a law similar in generosity to the moratorium act. "That a man cannot be evicted from his home until he can find another."
