Healthy Babies Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers. Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers, Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia, I had gained in strength and was able to go around and do all my housework. My baby when 7 months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. Pearl Monyhan, Mitchell, Ind. Lydia E.
