Our One Best Bet is strictly a one-horse-a-day proposition. If you subscribed elsewhere on the strength of published records—to what you were led to believe was a One-horse Wire-and received three or more norses, don't take it for granted that all in this line conduct their business on the same scale. Anyone who has ever dealt with us—and there are hundreds in TORONTO—will tell you that we give but one horse daily for our Best Bet, and that we never claim as a winner any horse other

This week will be the most successful one of our career, so don't fail to be on our subscription list.

Several star tricks which our track experts have been keeping close watch on are booked to be cut loose. They have been trained in private, they realize that, owing to the large number of books doing business here, it is possible to obtain a better price than at any other track on the circuit.
