

REPORT OF YOUNG PEOPLE'S ASSOCIATION.

This Association may now be reported to be in a flourishing condition. During the past year ten meetings have taken place.

The meetings this season, owing to the kindness of Dr. and Mrs. Stevenson, who invited the members to meet at their house, have been more largely attended, and have assumed a more social character, and have consequently been more enjoyable. It is none the less instructive than in former seasons.

Dr. Stevenson still contributes largely to the literary entertainment of the Association, and has delivered during the year several highly instructive lectures. The evenings devoted to the answering of questions have also been very interesting. Some of the members have likewise contributed some amusing and instructive essays.

A public entertainment was given last April, at the close of the season. It was largely attended and much appreciated by the members of the congregation.

All of which is respectfully submitted.

ALAN ARTHUR,

Asst. Secretary.
