

**The Fountain Head of Life Is The Stomach**

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

**DR. PIERCE'S GOLDEN MEDICAL DISCOVERY** makes the stomach strong, promotes the flow of digestive juices, restores the appetite, makes assimilation perfect, invigorates the liver, purifies and enriches the blood, makes the liver and stomach strong, builds up the system, and makes men strong in body, active in mind, and in judgment.

This "Discovery" is a pure, scientific preparation of American medical roots, absolutely free from alcohol and all injurious habit-forming drugs. All its ingredients are printed on its wrapper. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They will know of many cures made by it during past 40 years, right in your own neighborhood.

W. D. PIERCE, Medical Association, Dr. R. V. F. Co., Pres., Buffalo, N. Y.

**SPORT NEWS OF A DAY; AT HOME AND ABROAD**

In a privately held bout at Galt last Thursday night Harry Peters, the British United States, was badly up by Wild-fong the famous fighter from Berlin. It was scheduled to go ten rounds but Wild-fong was so far superior to the recently turned professional that the knock-out blow in the seventh round had long been expected.

The Berliner lived up to the reputation he made across the line in the New England states and showed such ability that those who saw his work, pronounce him a better man than Hilliard Lang.

Peters was helpless before him. Wild-fong had the vision of the bout and cared nothing for the Toronto man's harder punches.

**GOLDWIN SMITH NOT AN ENEMY OF RELIGION**

**His Attitude Towards Christianity Explained in Letter to Editor of New York Sun**

(Toronto Telegram)

New York, June 8.—In the last of his series of remarkable letters to the Sun on some of the moral implications of modern science, dated from Toronto on March 31 of this year, Goldwin Smith asked if moral or religious life would be with dogmatic belief, and Mr. Smith defined his position to be that of an earnest yet reverent seeker after truth. In his final letter he pronounced Christianity to be "the highest morality preached through the best organ, attested and commended by the highest example," yet hardly attainable by mankind in this life. But Christianity, he added, is based upon the doctrine of the fall of man. From the specific Old Testament account of man's creation Dr. Smith descended. In his opinion mankind came into being independently in a number of regions of the earth. His primal religion was perhaps a simple worship of the stars.

**A BOY'S STRUGGLE FOR LIFE**

Mr. E. J. New of the Baldwin St., Toronto, says: I can trace my son Harold's trouble when he had the measles five years ago, from what he never really recovered. Some of the best physicians attended him, but with months of suffering he in turn contracted whooping cough, bronchitis, and pneumonia. Month after month went by that we shall not soon forget; months of sleepless nights, fearful coughs, wasting night sweats, and my boy's face shrank. He had no appetite, and my heart ached to see how he was wasting away. He spent one whole summer at the Lakeside Home for Sick Children, and came home greatly improved, but the cold winds of October took him off his feet again. The doctor advised me to send him to Montreal, but heavy doctor's bills had depleted my financial resources, and such a step seemed out of the question.

**C. P. R. IN WEST TO BE REORGANIZED IN FOUR DIVISIONS**

**Change Will Go in Effect at First of Next Month—Three Divisions Now**

Winnipeg, June 13.—An entire reorganization of the western lines of the C. P. R. is now under way. The great increase in mileage of this portion of the system during the past ten years has made frequent changes necessary, and this is one of the most radical of all. The lines were heretofore divided into four divisions, the total mileage of the C. P. R. is 9,800 miles, and of this 6,200 miles are included in the western lines, operated from Winnipeg, in operating the central division, extending from Fort William to Broadway in the western from Broadway to Laggan, and the mountain from Laggan to the coast.

The new distribution will be practically according to the provinces, and the lines of the great divisions will probably be Manitoba, Saskatchewan, Alberta, and British Columbia divisions. Moose Jaw will be the new division headquarters, as it has excellent facilities in the way of shops and yards, and is centrally located. William Whyte, second vice-president, announces that final arrangements have not yet been made as to the personnel of the staffs of the reorganized divisions. That matter is in the hands of G. J. Bury, general manager, at present in the west. Mr. Bury's recommendations will probably not be made till his return in the course of the next two weeks. The change will go into effect on July 1.

**MORNING LOCALS**

W. B. Jarr, general traffic manager of the Dominion Express Co., was here last night on his way to Kentville, N. S. It is said that the object of his visit is to arrange for the company's purchase of the Maritime Express Co., in Kentville; he will meet Wm. Fraser, of the Maritime Express Co.

Mrs. W. P. Kerr, wife of a member of the British Legion at Pekin, passed through the city to Sussex last night, to visit her old home for the summer. She was accompanied by her sister, Mrs. Murray, and Miss Fosdyk, of Seaside. Her husband, of the staff of the Royal Bank of Canada, at Havana, joined the party here.

R. M. Smith, Roland Grant, W. G. Smith, John Sutherland, and George Jenkins, returned yesterday from Oromocto after a very successful fishing trip. At a meeting of the Bricklayers and Masons' Union last night, it was decided to erect a temple of labor, where the laborer could meet.

Fred Burgess, who at work in Murray & Gregory's mill yesterday on a log roller, had his leg broken. He was taken to the hospital.

Vacant lot cultivation in Kansas City, Mo., is being done this season under the direction of the city club. One acre tract and several smaller lots have been set out in vegetables, the farming being done by needy persons. They are not taxed for soil, seeds or tools, and the city club has engaged a practical gardener to supervise the work.

Dr. Wm. Warwick, graduate of McGill, and son of O. H. Warwick, was appointed provincial bacteriologist at a meeting of the provincial government yesterday. He will also do the pathological work at the general public hospital, and both positions will give him a salary of \$1,500 a year. The government also appointed T. D. Allen as police magistrate for Port Ellen. Premier Hazen and members of the local government are today visiting in well.

**THE "RAIN CANE" LATEST COMBINATION CONTRIVANCE.**

A wooden cane that in a twinkling—more accurately speaking, a springing—becomes a practical umbrella is the latest addition to the summer man's wardrobe. If the now forbidding sweltering of the 70s led a double life, how much more does this new rain-cane, which is not a hat at all what it seems to be on the outside. A slim, tightly rolled umbrella with a silver handle to carry when the weather looks threatening; that is one incarnation of the rain-cane. If the sun is out, a collapsible cover of similar sections slips over the ribs and across onto the silver handle and, behold, an ultra correct walking stick!

**BROWN HAD ONLY GIBBS.**

Little Mabel (proudly) "We have a baby at our house."

"Neighbor—"A new baby. Where did you get it?"

Mabel—"Well, we used to take 'em from Dr. Brown, but we got this one from Dr. Peters."

A camp of three tents will be pitched tomorrow at Colbrook by a party under T. C. Dennis, of Ottawa, who will do leveling on the I. C. R. on the geodetic survey from St. John to Montreal.

Knock-out in Chatham

In Chatham last night Bill St. Clair, of Kansas City, knocked out Kid Bristol, of Butte, Montana, in the sixth round of what was scheduled as a ten round bout. Young Daly of Newcastle, proved an easy mark for Dan McDonald, the Cape Breton wrestler, in three rounds. Chief of Police Lawson, of Chatham decided not to enter the ring.

**Gunner Lost on Foul**

A recent match at Mountain Ash, (Eng.) between Gunner Moir and Petty Officer Curran, for £100 aside and the club purse of £300 ended in a most unsatisfactory manner. The gunner being disqualified in the second round. In the second bout Curran led off, but the Gunner quickly got home some telling blows on the head and body, an appeal for a foul by Curran, on the ground of foul hitting, being refused by the referee, and the Gunner went to fight on, the blows having been well above the belt. Moir, without a moment's delay put on some terrible body punches, two of them being right up on the mark. Once more Curran appealed, but although the going sounded, the Gunner—who denied hearing it—continued his onslaught and with a mighty lung he right landed on Curran's jaw.

After this there was no alternative left the referee but to disqualify Moir for hitting after the gun had sounded and he accordingly awarded the match to Curran.

He once fought Eddie Connolly. Timmy Kearns, at one time one of the best lightweights in the country and who died in New York on Friday last as the result of a fall, hailed from Lawrence and began his career as an amateur at the B. A. A. Later he turned professional and opened a school in Boston. He held several contests in which he met all comers in ten round bouts. He developed wonderful all-around ability and jumped into national prominence by his 20 round draw with Eddie Connolly in Cleveland. Kearns then went to New York and placed himself under the management of Sam Harris, manager of Terry McGovern, who was just coming to the front and had sounded and he taught McGovern a lot of the finer points of fighting and helped to develop the Brooklynite into the terror of the ring and the champion of his class.

He afterward returned to Boston and then appeared in the amateur ranks of the Roanoke Club with Morris Rosenberg and Bob Allen as opponents. He dropped out of sight some years ago when he drifted back to New York.

**The Big League.**

National—Cincinnati, 4; Boston, 2; Boston, 5; Cincinnati, 2; Pittsburgh, 6; Philadelphia, 3; St. Louis, 1; Chicago, 3; New York, 2.

American—Detroit, 5; New York, 1; Philadelphia, 6; St. Louis, 1; Chicago, 3; Washington, 1 (31 innings); Boston, 9; Cleveland, 7.

**Local Games.**

In the Commercial League the Vassie & Co. Ltd. team won from Lacabre Bros. & Co. on the Every Day Club grounds by a score of 12 to 1.

**EARNINGS OF C. P. R. AND GRAND TRUNK SHOW GOOD INCREASE**

**First Week of June Showed Large Gains Over Corresponding Seven Days Last Year**

Montreal, June 14.—Railway earnings continue to show big increases week by week, there being a continual tendency to grow on their part. Naturally the Canadian Pacific, with its big western connections, has a large part in the increasing business, but the earnings of the Grand Trunk also show a healthy growth, with good promise of the trade that will come their way when the new transcontinental line is in operation between Eastern and Western Canada.

The gross earnings of the Canadian Pacific for the week ended June 7 were \$1,841,000, as against \$1,428,000 for the same period last week, an increase of \$413,000. This is nearly on a par with the big earnings for the last week of May.

At the same time the earnings of the Grand Trunk showed a very considerable increase for the week, to such an extent that it proved that business is improving in older Canada as well as in the west. The traffic earnings for the week ended June 7 were \$791,254, as compared with \$688,305 last year, an increase of \$102,949.

**G. T. P. LINK FROM CHIPMAN TO ST. JOHN**

President Hays, Here Next Week, Will Take Up the Matter—Temporary Connection From Moncton by I. C. R.

(The Daily Telegraph)

Trains will be running into St. John and Halifax over the Grand Trunk Pacific by way of Moncton and the Intercolonial before another spring.

President Hays, of the G. T. P., The Telegraph learned yesterday, is coming to St. John about ten days hence, to inspect the proposed extension of the line recently purchased here by his company, as well as to make personal observations of St. John and such of the surrounding territory as is of interest to him, in his company's great enterprise.

It has been decided, The Telegraph learns, that as soon as the transcontinental is completed through New Brunswick and Quebec this section will be operated, and while the Quebec bridge cannot be completed for some years yet, car ferries will be employed to carry trains across the St. Lawrence at that point. The G. T. P., of course, has running rights so far as the I. C. R., and so will be enabled to reach both St. John and Halifax as soon as the new tracks from Moncton westward have been finished. It has been feared in some quarters that the eastern section would remain idle even after the rails were down, because of the lack of a bridge across the St. Lawrence, but there is no doubt that trains will be ferried across there, and instead of lying idle, the magnificent road of low gradients through the province and Quebec will be utilized immediately after the several sections are taken off the contractors' hands.

This announcement, coupled with the fact that President Hays is to come to St. John, probably at the end of next week, to make a personal inspection of Courtenay Bay and the city generally from the standpoint of the G. T. P., would make it appear that this port and its whole province are to feel the impetus of the new transcontinental in the very near future.

During the visit of President Hays here the question of building a connecting line from Chipman to St. John will be taken up. It is not the intention of the G. T. P. to use the Intercolonial rails to this port any longer than is necessary, and, it is understood, the Chipman-St. John line likely to be constructed as soon as possible.

**NO PURPOSE BUT TRUTH**

"No purpose but truth," is the only phrase that describes justly the attitude of this departed intellect, so honest, so crystal clear, so reverent, so discerning, so gentle and humane.

**THE JUNE BRIDE**

Mid the merry joy bells, pealing all their happiness revealing.

Marching to the altar waiting comes the couple, groom and bride.

He is wattle kneeled and shaky, feels more with pure and rational religion.

But there's nothing there that fears the young woman at his side.

It is a puzzle of the ages, that has worried all the sages.

How a strong man, brave and stately, filled with valor and with pride, is a coward at the altar, while the shy girl, without falter,

Goes through all the ordeals calmly that await the eyes June Bride.

The Willows, the summer hotel of Hugh J. McCormack, will this year be opened by his nephew, Roy Waddell.
