

TRAVELERS AID REPORTS HEARD

Directors Are Told of \$872
Received in Tag Day
Effort.

Y. W. C. A. Rally to Be Held in
November—Reports on
Various Phases.

The final report for the Travelers Aid tag day was submitted at the meeting of the Y. W. C. A. directors held yesterday afternoon with Mrs. E. C. Weyman, president, in the chair and a large attendance of members. The total amount received was \$872 which will materially help the work. Heartly thanks were extended to the general convener, Mrs. J. Herbert Crockett, to the Women's Council for banks and assistance and to various firms and individuals who greatly assisted in making the day so successful. The Travelers Aid has had a busy month it was said. All the various departments of the Y. W. C. A. had encouraging

How old is 65?

Dr. Robt. G. Jackson says it's mere youth. Last year at 65 he won the \$1,000 Physical Culture prize and a 1300 mile bicycle contest against a man 25. Dr. Jackson was formerly a physical wreck but Roman Meal, milk and vegetables transformed him into a vigorous "Youth at 65", 98% perfect physically.

reports to submit yesterday although finances were a serious problem. Mrs. John A. McAvity led the opening devotions.

REPAIRS TO BE MADE.

It was reported that repairs must be made on the gymnasium roof and Mrs. McAvity was appointed to arrange for this work. The walls of the gymnasium have been retinted and other interior repairs have been made and to defray these expenses members of the physical committee are selling a woman's magazine.

It was decided to hold the annual rally some time in the early part of November, and to present an entirely original program. The prospectus for the present season is to be ready for the rally and Mrs. McAvity, Miss Dorothy McArthur, physical director and Miss Edna Hunt, office secretary, were appointed a committee to take charge of the arranging of the program.

For the membership committee Mrs. McAvity reported the various conveners in the churches were active and enrollment of members would be carried on energetically.

GRATIFYING REPORT.

Mrs. Crockett in her report for the residence said 41 had stayed in the residence in the month and while there was still some room for permanent residents the report was gratifying. Miss Alice Rising was taking charge most successfully. Miss M. Trotter was now at the residence and the after supper services had been begun once more.

Mrs. T. H. Sommerville for the girls' work committee told of the several conferences held during the month and urged the formation of a strong committee to develop the educational and spiritual side of the work. The enrollment to date in the Boosters was as follows: Intermediates, 57; juniors, 25 and seniors, 25. The numbers were expected to be much greater as the season advanced. Miss Dorothy Hunt, Miss Lulu Israel and Miss Verna Roberts had kindly consented to assist as leaders.

The Y. W. C. A. suggested that a joint meeting of its members and the Y. W. C. A. members should be held on Nov. 8 to observe the World's Week of Prayer. Members took time boxes to help raise the local Y. W. C. A.'s portion of the World's Penny. A list of books and

TURN HAIR DARK WITH SAGE TEA

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, for only 75 cents. It is improved by the addition of other ingredients, and is called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

crests for Y. W. C. A. uniforms received from the National Y. W. C. A. was of much interest to the members.

MANY USE GYM.
Mrs. A. E. Logie for the physical committee reported 161 members in the gymnasium classes to date and competition keen amongst the classes for the shield which will be given the class that has the largest enrollment. The present standing in the competition is first, advanced business girls; second, senior school girls and third, beginners business girls. The progress in preparation for the track meet this week was reported on. New equipment of wall bars has been placed in the gymnasium

Social Notes of Interest

Mrs. W. A. Fisher entertained recently very informally for the pleasure of Miss Helen Smith, daughter of Mr. and Mrs. R. Ernest Smith, whose marriage to Dr. Grant Harper, of Waterloo, Ont., takes place in the near future.

Mr. and Mrs. Frank Brennan, whose marriage was recently solemnized in Campbellton, have taken up residence at 59 Peter street. Mrs. Brennan before her marriage was Miss Maria Thompson.

Miss Bessie Hatto, of Bay Shore, New York State, who has been visiting her aunt, Mrs. H. M. Garson, and Mr. Garson, of West Saint John, has returned home. While here, Miss Hatto was the occasion of several enjoyable parties.

Mrs. T. L. Irvine has returned from a six weeks visit in Maine, New York and Montreal. While in New York Mrs. Irvine was a guest at the Larson-Waterbury wedding.

Mr. and Mrs. Myles Perry, of Revelstoke, B. C., who have been visiting friends and relatives here, have returned home via Boston, New York, Philadelphia and Buffalo.

Mr. Edward McGuire, son of Mr. and Mrs. Patrick McGuire, Waterloo street, who has been the guest of his parents, leaves today for Chipman. He is a noted financial man, and has acted as supply manager in the Maritimes this summer for the Bank of Nova Scotia, being a member of the staff of the general manager's office in Toronto. Mr. McGuire was formerly on the staff of the Bank of Nova Scotia, Charlotte street branch here.

Of particular interest to Saint John people is the announcement of the marriage which has been arranged to take place today at the home of the Hon. Dr. J. E. Hetherington, Coder's, Queen's county, when Miss Leora Harrison, niece of the late Mrs. W. H. Hayward, of Saint John, will become the bride of Mr. Arthur Hetherington, brother of Dr. Hetherington. The ceremony will be performed at 4 o'clock by the Rev. Mr. Wetmore, pastor of the Baptist church, in Coder's. Miss Harrison resided in Saint John since childhood with her aunt, and was very popular among her many associates. She was an active worker in Centenary United church. Mr. and Mrs. Hetherington will reside in the beautiful old homestead of the Hetherington family at Coder's.

How Women

Now keep fresh, charming under trying hygienic conditions

THE uncertainty and insecurity of the old-time "sanitary pad" has been ended. Scientific protection now supplants it.

Wear sheer gowns, keep up with social and business requirements, at all times... without handicap.

"KOTEX" is a new and remarkable way... five times as absorbent as ordinary cotton pads.

Absorbs and deodorizes at the same time. Thus ending ALL fear of offending.

You discard it as easily as a piece of tissue. No laundry. No embarrassment.

You get it for a few cents at any drug or department store simply by saying "KOTEX." Women ask for it without hesitancy.

Try Kotex. Comes 12 in a package. Proves old ways an unnecessary risk.

Convention Will Be Held In Saint John

A bulletin just published and addressed to the representatives of the Excelsior Life Insurance Company announces that the convention of their Excess Club for 1926 is to be held in Saint John, N. B., in August, covering Ontario, Quebec and the Maritime Provinces, and in July a convention for the Western members of the club is to be held in the city of Vancouver. A special achievement entitles members to attend either or both. This is the first time that a convention of this company has been held east of the province of Quebec and further illustrates the drawing power of a modern and up-to-date hotel and the favorable publicity which Saint John has been enjoying of late.

Wooden posts are used as markers by U. S. engineers surveying the Great Salt Lake desert because the salt deposits soon corrode the regulation iron markers.

TRIES TO INTEREST HEIRS IN FORTUNE

Former N. Y. Lawyer Talks to
Descendants of Former
Property Owners.

FREDERICTON, Oct. 20—William T. Gridley, former New York lawyer, who has for five years been engaged in conducting a campaign in the interests of the "Bogardus heirs" to recover property now held by the Trinity Church Corporation, New York, has been here addressing meetings of local descendants of the family formerly in possession of the property which is now worth millions of dollars. Mr. Gridley declared that he had proofs essential to force the claim but told his listeners that they would need public opinion in their favor.

You can't be your "better
self"—with a corn

No man can be at his best—with a throbbing corn shooting pain-messages to his brain. Corns put a wet-blanket on enthusiasm, dampen the spirits and sour the disposition. Many pessimists are optimists with corns. For a corn taxes the whole nervous system. It makes one feel mean all over and act that way. Anyone may acquire a corn, but it is bad business to keep it. Blue-jay is the business man's favorite way of banishing corns. It stops the pain the moment you put it on—and ends the corn in 48 hours. It is business-like and efficient. Blue-jay leaves nothing to the user's guesswork. You don't have to decide how much or how little to put on. Each plaster is a complete standardized treatment. It has just enough of the magic medication to root the corn. The thinking is all done for you at the laboratory. You apply Blue-jay—it does the rest.
