

FINE PROGRAMME ON RADIO TONIGHT

C. N. R. New Station at
Moncton Opens—Here's
What's to Come.

Radio fans will have something special to hear when they listen in tonight, for the powerful new broadcasting station of the Canadian National Railways at Moncton will be opened with a programme that has been prepared befitting the occasion. The formal opening will be by W. D. Robb, vice-president of the C. N. R., who will represent Sir Henry Thornton. The programme has been arranged under the direction of James McIntyre, musical director of the C. N. R. radio department, and leader of the famed Chateau Laurier Orchestra of Ottawa.

In addition to their solo numbers, they will be heard with R. Cordy, accompanist of the evening, in trio.

Excellent singers.
The vocal programme is of outstanding merit. The Orpheus Singers have earned the title of champions of the Dominion by winning a gold medal awarded in a state quartet competition, open to all Canada at the Elstefield at Montreal last year. Each member of the quartet is a soloist of note. Cliff McAdam, first tenor, came before the musical public as a boy soprano 16 years ago, and since then has been soloist, first as boy soprano, and then as tenor at several of the larger churches. He studied under Frank Buell and Campanari, world famous baritone.

Harry Underwood has several gold medals, including that for tenor soloist at the Montreal Elstefield. He has been singing since he was a boy of nine, being the soloist of Lichfield Cathedral, England, and later taking part in a command performance at Windsor Castle as tenor soloist. His voice is one of rare sweetness. He studied under Frank Buell, Frank Rowe of Montreal and Victor Biegel of London.
William Goad, first bass, is one of the best known musicians in Canada. For several years he was baritone soloist at Truro Cathedral, England.
The second bass furnishes the ground work in the quartet as efficiently as the diaphanous top provides the rich bass to organ harmonies. He has a large range and his low notes are exceedingly mellow. Mr. Clarke is a Maritime Province boy, now living in Ottawa.
Madame Pouget Corbell, is a soprano of fine voice and artistic ability, who has studied with Dr. Hubert Saunders of McGill University, and Marley Therrie, one of the outstanding vocal coaches of New York.
Mr. Robb to Speak.

W. D. Robb, vice president, is to be the principal speaker, and his address on "Some Aspects of Maritime Province Problems" will be of great interest as Mr. Robb is a forceful and engaging speaker. The vice president is to be introduced by General Manager Walter U. Appleton, who will broadcast a brief message of welcome.
George A. Wright, the announcer, and the manager of "CNRO" Station, Ottawa, previously the most important of all the C. N. R. radio stations, has been given charge of the Moncton station. He is an experienced radioist with a voice of fine, clear, deep, resonant tones. Mr. Wright will welcome suggestions sent him by radio people of the Maritime Provinces.
J. G. McMurtrie, superintendent of installation, for the radio department, declares that the Moncton station is one of the finest on the continent. He has complete charge of the transmitting apparatus. His assistant is Frank Hayter, of Moncton.
The transmitting apparatus has been supplied by the Northern Electric Company of Montreal, and includes the very latest improvements in radio. Paul Demers, their representative, has been testing during the last few days with excellent results. The broadcasting will be from the room fitted up in the Knights of Pythias building. The concert will begin at 8 p.m.

NEW ZEALAND TEAM COMING VIA CANADA

Wellington, New Zealand, Nov. 7.—(Canadian Press cable via Reuters.)—The New Zealand Government yesterday voted \$7,000 to assist in bringing the "All Blacks," the famous Rugby football team now touring England, home through Canada. The antiodcan

fifteen so far have not been defeated in the British Isles and in most cases have run up large scores against some of the best British clubs.

Toronto, Nov. 7.—English Rugby enthusiasts here, while elated over the fact that the famous New Zealand Rugby team known as the All Blacks, are to return to the Antipodes from their British tour by way of Canada, are doubtful whether exhibition games could be arranged with the tourists in Ontario and Quebec even if they arrived at a time when football grounds were in condition for play. The clubs playing under the English code are few and it is admitted would be no

match for the all-conquering New Zealanders.
Winnipeg, Nov. 6.—No invitation has been extended to the New Zealand "All Blacks" to play in the Prairie Provinces, according to football officials. Very little English Rugby is

played in Western Canada outside the Pacific coast.

Vancouver, Nov. 7.—The New Zealand "All Blacks" will play two Rugby games here with local aggregations, the first on February 14 and the second on February 18.

BERT SCHNEIDER GIVEN DECISION

Outpoints Jimmy Miche in
a Sensational Bout in
Johnstown.

A sport writer in The Daily Democrat, Johnstown, Pa., says:—
Bert Schneider of Montreal, Canada, the Canadian welterweight champion, won the decision of Referee Barney McGuire over Jimmy Miche, the tough and slashing welterweight lad from Niles, O., at Johnstown, Pa., recently. And what a fight it was. The crowd was in an uproar throughout, and the fighters both absorbed a sufficient amount of punishment to kill an ordinary battler. But they toed the mark in every round and slugged away at each other.
The two main bout fighters squared off at the opening of the first round and let more gloves fly at each other in one minute of fighting than they were capable of making. Schneider came out in the third and refused to cover up, but started to smash away at Miche in the same decisive fashion which characterized the opening round. Schneider was there at all times willing to meet the hardest that Miche could give.

Attorney General Withdraws Charge

Vancouver, Nov. 7.—Charges of theft and conspiracy against George H. Snow and the Mutual (Vancouver) Limited, have been withdrawn on instructions from the attorney-general's department to the police court.
The charges were based on information arising out of evidence taken by Commissioner Duncan, under the Combines and Investigations Act. Counsel for the attorney-general said that the evidence taken before the commission could not be produced, and he was unable to proceed.
Charges were based on alleged attempts to defraud the Victoria Hotel Growers' Association.

RUSSIA BEGINS WORK ON A MERCHANT MARINE

Leningrad, Oct. 15.—(Associated Press, by mail.)—Soviet Russia has begun the creation of its own merchant marine. It has just laid the keels of eight cargo vessels and four passenger steamers. They will be built entirely in Soviet shipyards, principally at the Putilov Iron Works and the Baltic Shipbuilding Yards here.
The cost of the 12 vessels, which will be an aggregate of 35,000 tons, will be \$3,000,000. They will be completed early in 1926. The government

Full Credit.

Another well known Montreal business man pays high tribute to the merits of Tanlac. This time it is Hector Lecavalier, dairy and grocery merchant, 380 Beaubien street. Mr. Lecavalier resides at 1922 Chateaubriand avenue, Montreal. Here is what he says:
"I am now enjoying my three square meals a day, sleep good at night and feel fine, but that is vastly different from the condition I was in before taking Tanlac. I used to have indigestion so bad I dreaded to eat and could hardly keep anything down.
"Besides, I was troubled with bronchitis, dizzy spells and upset nerves. My tongue was coated white, my energy gone and I felt worn-out all the time. Seven bottles of Tanlac has stopped my troubles and now I am a new and different man."

DARES WOMEN TO SHAVE HEADS AS MEN DO

Dresden, Oct. 19.—(Associated Press by Mail.)—"If women will cut off their hair and shave their necks why don't they shave their heads all over the way many German men do who regard themselves as very aristocratic and distinguished?" is the challenge a German editor makes to women of fashion.
"Many men who belong to the Steel Helmet organization have shaved heads. It is a distinct mark of the officer class, and since women are organizing a feminine branch of the Steel Helms they should also shave their heads."

OLD-TIME CABBY ACCEPTS MISFORTUNE WITH A SMILE

London, Oct. 21.—(Associated Press by mail.)—London's oldest cab driver is Joe Minton, who has been 60 years a driver, and whose great pride is the fact that the late King Edward was for years one of his regular "fare".
Motorization of the means of transportation in London has left Joe almost without employment, and he talks laughingly of acquiring a taxicab. Asked
