RAN AROUND IN FLAMES AT ARMY IN BRONX
Boy, Former Member of Field Artillery, Dies After Peculiar Accident.

New York, May 19.—Charles Castellano, 18 years old, of 890 East 188th street, the Bronx, died in Fordham Hospital from burns suffered in a peculiar manner at the army of the 28th Field Artillery, Jerome avenue and Kingsbridge Road, the Bronx, where he was a member of the battery. On Monday night, while in one of the battery rooms, he was washing some equipment, preparatory to their use at Peekskill on June 12.

Frank Strittmatter, a private, of 708 Union avenue, accidentally ignited a match by rubbing it on his teeth. He became excited and threw the flaming match into a pan of kerosene. As flames shot up from the pan Strittmatter picked up the pan and started on a run with it for the concrete armory floor. Castellano was in his path. Strittmatter fell and the burning fluid splattered over him. He ran around the armory floor several times, members of the battery pursuing him. Eventually he fell unconscious, and the flames were extinguished with blankets. The young man was removed to Fordham Hospital by Dr. Goldstein.

SCRATCHED BY DIAMONDS.
A skin irritation, said to have been caused by diamonds he had seen in his underwear, brought Gerbano Beneditto of 1840 Jamaica avenue, Jamaica, into the jurisdiction of the customs department at New York. He was a passenger on the Dante Alighieri from Italy, and his discomfort attracted the attention of customs inspectors.

They searched Beneditto, and said they found a pair of diamond earrings, valued at \$800, several gold rings, and some unset diamonds. The gems were seized.

BETTER THAN HARD COAL
Soft coal so free from soot that it does not make whisks on stove covers or pipe and does not mat or cake when burning. It is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

Effective Sunday, June 4th, and on Sundays until further notice, train service between St. John and Fredericton will be established, leaving St. John at 8:10 a. m., arrive Fredericton 10:10 a. m. and returning leave Fredericton 8:20 p. m., arrive St. John 9:05 p. m.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. The best is pure and entirely greaseless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply put two or three teaspoonfuls of Mulified in a cup of glass with a little warm water, then moisten your hair with water and rub it in. It will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly.

The lather rinses out easily, and removes every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulified coconut oil shampoo at all drug stores. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure you get Mulified. Beware of imitations. Look for the name Watkins on the package.

HURT DOG SEEKS FIRST AID.

Hit by Auto, He Goes Limping Into Nearest Drug Store.

Middletown, N. Y., May 19.—Edsall & Billings run a drug store here, Leslie Edsall, who took care of the prescription end of the store. His end was vacant and he was watching the line of customers at the soda counter and the novelty show-cases when he saw a dog limp in alongside a patron. "Queer dog," Leslie thought, "doesn't seem to be long to the customer—seems to be by himself." Then he noticed that the dog was walking on three legs and holding up the fourth paw.

While Leslie watched the dog hopped along on three legs, passing all the customers, until he came to the prescription department, where Leslie has prominent-

ly displayed a large "First Aid" sign. As Leslie leaned over his counter, the dog looked up wistfully and held his injured paw up a little higher.

Leslie took in the situation at a glance and, taking up the dog, treated the injured paw and put it in splints. The dog wagged his tail and went out.

Leslie as he found out the dog had never seen the drug store before, had had sought it after trying to stop an automobile.

MORNING NEWS OVER THE WIRES

Benny Swin, who is in the jail at Woodstock, under sentence to be hanged for murdering Mrs. Henry Tremblay, is an abnormal condition. After the trial he developed violent symptoms and collapsed. A few days ago he came to himself but he is now like a caged lion. On account of this fact a petition has been forwarded to the minister of justice asking for the appointment of a commission to examine the man as to his mental condition, so that he may be moved to a proper institution for care. The petition was signed by many of the prominent citizens of the town.

Twenty-five marchers and six "amputations" riding in an auto truck, left Hamilton on their 286 mile march to Ottawa yesterday. They expect to meet 3,000 others at Toronto. The army will sleep out doors and eat where they can.

Flaxseed Exports.

The direct imports of flaxseed by Ireland last year were 148,800 cwt., of which Holland exported 41,100 cwt., Canada 62,600, Argentina 45,800, and other countries 6,700 cwt. Canadian flaxseed has a high reputation in the Irish market, which reputation will, no doubt, be maintained if the shippers are careful to comply with the terms of their contracts with buyers and ship only the qualities ordered.
