FREIGHT AND PASSENGER RATE INCREASE

Ottawa, Sept. 7.—By virtue of a judgment which will be issued from the offices of the Board of Railway Commissioners, probably tomorrow, railway companies in Canada are granted an increase of forty per cent. in Eastern Canadian freight rates and thirty-five per cent. in Western freight rates, effective on Monday next, September 13, and to continue in force until December 31. After December 31 the increase in the freight rates in Eastern Canada is reduced from forty to thirty-five per cent. and in Western Canada from thirty-five to thirty per cent.

Simultaneously with the increase in freight rates, passenger rates all over the country are advanced twenty per cent. so long as they do not exceed four cents a mile. This increase is effective only to December 31. After that date, and for the six months period from January 1, 1921 to July 1, 1921, a ten per cent. increase is authorized.

Following July 1, passenger rates return to those in force at the present time.

The judgment will authorize increases of fifty per cent. in sleeping and parlor car rates and an increase of twenty per cent. in the rate on excess baggage.

MISS HARRISON IS ELECTED

St. John Lady Vice-President of Association of Canadian Clubs.

Montreal, Sept. 7.—R. W. Craig, K. C. of Winnipeg, was elected President of the Association of Canadian Clubs this afternoon. The Vice-President is Mrs. A. B. Code; Secretary-Treasurer, R. H. Smith, both of Winnipeg. This has been done so as to have the main executive centralized there for the coming year. For the provincial vice-presidents, Nova Scotia and Prince Edward Island were left blank, with the understanding that vice-president should be appointed later after consultation. Other vice-presidents are included.

New Brunswick, Miss Mary L. Harrison, 153 Sydney street, is the corresponding secretary of the St. John Women's Canadian Club and also held last year the office of vice president for New Brunswick.

NEW FRENCH LOAN IN UNITED STATES

New York, Sept. 7.—J. P. Morgan & Co., as syndicate managers, today announced the terms of the new \$100,000,000 French loan, a twenty-five year, eight per cent. external gold obligation, to run from September 15 next. Subscription books will be open next Thursday at 100 and accrued interest.

JANITORS WAR ON CUPID.

Hartford, Conn., Sept. 8.—Cupid and some hard hearted janitors of this city are not on speaking terms, and all because the tiny bits of confetti are difficult to sweep up. Many employees in insurance companies marry and each decoration is marked by a shower of confetti. Janitors became so insistent that a notice prohibiting the usual confetti flinging contests was posted by the president of one company.

WHISKEY IN EGG SHELLS.

Washington, Sept. 8.—Bootleggers who decide to ship their whiskey in egg shells should mark the cases "handle with care." When a crate broke at West Virginia station an illegal odor filled the air. A prohibition inspector discovered that the eggs had been carefully blown and filled with whiskey. The apertures were sealed with cement.

Catching the Flashes of Canada's "New Dawn"

Events in Canada have moved with dramatic swiftness in the last ten years. Even before the coming of the war that was to reveal the strength of the young northern giant of nations the dawn of a new day had flashed its signals.

Commerce was looking beyond Provincial borders, agriculture was building a new empire in the west, and the spirit of the people was growing with the world's recognition.

Motion pictures had passed beyond the experimental stage, but with no clearly-defined future. It was then that the early struggles and mistakes were being encountered—and paid for. A newly-discovered industry that demanded pioneering courage also exacted the most careful business judgment. A thousand prospectors thought they saw the trail to a new Eldorado.

A few survived, notably, we believe we can say, the Allen Theatre Enterprises.

Theatres that bear the Allen name from one ocean to the other essentially are Canada's development of the motion picture industry. They represent the Canadian idea in pictures—the response of Canadians to an idea and an ideal.

The Allens, young-minded and with every ounce of resource, in the spirit of the game, cling to two beliefs. They believe first of all in the possibilities of motion pictures—and they believe in the Canadian people.

Wherever an Allen Theatre was opened in the last ten years the people of Canada gave to it a generous patronage—in hearty co-operation with the enterprise and the policy that built the Allen chain.

Soon the building of these theatres gave the opportunity for greater development. That development meant putting "the something more" into each and all of these theatres—and eventually carrying a Canadian enterprise beyond the country's borders.

Canada builds for the future and reaches out with new-found faith and courage. The Allen Theatre Enterprises are abreast of the tide.
