

Pond, containing gypsum, and in one place, about 8 miles from the shore, a bed of good coal, 3 feet thick. After being detained some time by the equinoctial gales at Codroy Island and River, he again doubled Cape Ray, and visited Port-au-Besques, the Dead Islands, La Poile and the Burgeo Islands. The whole of this coast is composed of gneiss, mica, slate, granite and similar rocks.

From the Burgeo Islands, on account of the lateness of the season and the prevalence of contrary winds, he stretched across to St. Peters, and visited St. Laurence, Mortier, Oudin, and Great and Little Placentia, finding in Placentia Bay no rocks different from those before observed in Trinity Bay. From Placentia he went to Tropassey, where he was detained a fortnight by contrary winds and again 5 days from the same cause in Ferryland. In the two last places the rocks are identical with those in the neighbourhood of St. John's.—*Royal Gazette*, November 26.

The Southern Circuit Court terminated its labours some time since, and has, we understand, given much dissatisfaction to the public—so much so as to have occasioned an appeal to the Governor, who, according to rumour, has referred the matter for the consideration of the other Judges, with what result we have not yet learnt.—*Ledger*, Nov. 29.

UNEXAMPLED
MAMMOTH SCHEME.

THE following detail of a Scheme of
a LOTTERY to be drawn in De-
cember next, warrants us in declaring it
to be unparalleled in the history of Lotte-
ries. Prizes to the amount have never
before been offered to the public. It is
true, there are many blanks, but on the
other hand, the extremely low charge of
20 Dollars per Ticket—the value and
number of the Capitals, and the revival
of the good old custom of warranting
that every Prize shall be drawn and sold,
will, we are sure, give universal satisfac-
tion, and especially to the Six Hundred
Prize Holders.

To those disposed to adventure we re-
commend early application being made
to us for Tickets—where the Prizes are
all sold, blanks only remain—the first
buyers have the best chance.—We there-
fore, emphatically say—delay not! but
at once remit and transmit to us your
orders, which shall always receive our
immediate attention. Letters to be ad-
dressed, and application made to
