TORONTO, OCTOBER 16th, 1908. OFFICIAL LABOR COUNCIL

The regular meeting of the above Council held on Oct. 8th, was opened by President Simpson, who presided and thirty-five delegates in attendance.

Credentials were received from the Railway Freight and Baggage Handlers, Pattern Makers Assn., Bro. of Leather Workers, etc.

The proposed amalgamation of the several Trade Councils under the head of the District Labor Council, was strongly endorsed.

The provisions necessary in the constitution to have the sessions of the Council closed in the future were adopted.

The delegates to the Congress presented their report, which was adopted and the action of the Congress in disapproving of Joseph Chamberlain's fiscal policy was endorsed.

The Municipal Committee presented their report, and after some discussion the Joint Committee were requested to call another convention.

The Council adjourned at 11.35 p.m., after having a very interesting meeting.

DELEGATES' REPORT. To the Officers and Members of District Labor Council.

Brothers—Your delegates appointed to represent the Council at the 19th annual session of the Trades and Labor Congress of Canada, beg to submit their report herewith.

The Congress opened at Brockville on Tuesday, September 22nd, in Victoria Hall, at 10 a.m., President Flett in the chair.

The Congress was welcomed by Mayor Harrison on behalf of the city, and by President McGee, on behalf of the Trades Council.

After the formalities of welcoming the delegates had been disposed of, the Congress adjourned until 2 p.m., to await the report of the Credentials Committee.

Upon resuming the session at 2 o'clock the report of the Credentials Committee was received, seating some 120 delegates. After the report had been adopted the President named the standing committees and declared the Congress opened to receive resolutions.

There were some 55 resolutions presented, covering many important questions, the more important of which were as follows:

For the establishment of a Legal Defence Fund, which was referred to the Executive with instructions to prepare a plan for such and submit to a referendum.

Complying with the request of the British Trades Congress in opposition to the Chamberlain policy.

Condemning the importation of labor under contract and declaring against the Manufacturers' ultimatum for the need of mechanics in this country.

Upholding the Secretary of the Ontario Labor Bureau in the work of giving to the old country accurate information about the condition of the labor market in this country.

Condemning the Gurney Foundry Co.'s and the Canada Foundry Co.'s action in importing labor under contract and by misrepresentation of existing conditions.

Dealing with the salaries of post-office employees, and several other minor matters.

The Congress accepted the report of your Special Label Legislation Committee and assumed the liability asked.

Your delegates introduced the amendment to the Constitution, as instructed, admitting local assemblies of the K. of L., and after discussion the vote was strongly against the proposition.

The festivities of the Congress were laid up the St. Lawrence River on Wednesday afternoon and banquet on Thursday night, which were tendered by the T. and L. Council.

The Secretary's report showed satisfactory progress for the year, the receipts being some \$800 in excess of last year, and a gain in membership in every province, but Quebec, while the net loss in that province was very small.

The election of officers under the Harpers system, resulted in the choice of John A. Flett again for the presidency over A. W. Putton by one vote. J. B. Mack was again chosen Vice-President by acclamation, as well as P. M. Draper for Secretary.

The contest for fraternal delegates to the A. F. of J. showed the delegates' choice to be James Simpson, President of this Council, by one vote. The Ontario Vice-President went to Mr. Jos. Marks, of London, while the Executive for this province are E. W. O'Dell, Hamilton; Edgar Empey, Ottawa, and Jas. Wilson, Toronto.

The session closed on Friday evening to meet in 1904 at Montreal.

Respectfully submitted, J. H. Huddleston, J. H. Kennedy, W. Henderson.

In a pamphlet entitled "Dreams" is enclosed an election card of L. S. Leves, soliciting re-election as school trustee. The re-election will probably turn out one of the dreams.

Out of your mind the idea that "Canada is the granary of the Empire." Canada should be the home of Canadians and decent people prepared to become so by naturalization.

There seems to be no class in the community who so thoroughly appreciate the wisdom of Barnum's famous phrase, that "the people like to be humbugged," as the politician.

Editor The Toiler: I note in your last issue a letter by Mr. McD, sent tax exemption, from which it would appear to be already included in his political economic.

Mr. McD. is in error in using the word, "Capitalist" and "Landlord," both meaning the same thing, in the statement, "Capitalist or Landlord do not pay the taxes."

To this end her cause in the labor movement has been made identical with his. Every trades union in any industry the employers women at all admit them on a basis of the doctrine of perfect equality with its members.

One obscure little trades union is doing more for woman suffrage than all the women's clubs in America combined.

Were this a merely chivalrous sentiment on part it would count for little, but the fact that it is the strongest human instinct, that of self preservation.

For instance, take the United Garment Workers' organization, which contains the largest number of women of any branch of industry.

It is less than ten years ago since the iniquitous "task system" was the rule in every shop.

It was hard, harsh, and tortuous, had been borne patiently since the introduction of the factory system itself, until Joseph Barondess began to organize the women garment workers of New York City.

Mr. McD. in speaking of employing land as an instrument for acquiring gain through its use such as building houses, has not taken into account that a man's engaged represents two separate factors.

Hand in hand with the reduction in wages came a proportionate increase in hours until to-day the garment worker earns an average 20 per cent. less per week than she did ten years ago.

The question to be answered by this generation is, shall the people own the land, or the landlords own the people? The Single Tax is the question, and if Mr. McD. will carefully peruse and meditate upon George's "Progress and Poverty," we will soon welcome him into the ranks of those who fight for land and liberty as his nose is turned in the right direction.

The labor movement has done much for women in all employments, whether their particular industries were organized or not, and despite the fact that they may or may not have had a grievance.

Women owes an incalculable debt to the labor movement. It has done for her everything that it has for men. It has raised her status, as it has raised the status of the man toiler.

The labor movement only recognizes that women have got to work nowadays along with men and that therefore they must be dealt with as men.
