GENERAL BUSINESS.
PARSONS' PURGATIVE PILLS
MAKE NEW RICH BLOOD
Thirty years study and experiment have been given to perfecting the formula for "Parsons' Pills," and the universal judgment of the highest medical authorities, scientists, and men of learning, is that our formula is the best yet devised by the brain of man, and should rank first in the list of medicines. No family should be without them, for there is no other remedy in the world capable of conferring so much benefit, excepting possibly Johnson's Anodyne Liniment. The information contained in the wrapper accompanying each box is worth ten times the cost of a box of pills; it shows how to avoid and how to cure all manner of diseases, and how to correctly interpret the symptoms thereof. Sold everywhere, or sent by mail for 25 cents in stamps. A valuable illustrated medical book sent free to all who send for it.

Miramichi Advance.
GENERAL NOTES AND NEWS
Mr. Gladstone's health is now fully restored.
Certain Cure.
A CURE FOR CHOLERA MORBUS.—A positive cure for this dangerous complaint, and for all acute or chronic forms of Bowel Complaint incident to Summer and Fall, is found in Dr. Fowler's Extract of Wild Strawberry; to be procured from any druggist.
Boycotting is said to be flourishing in Ireland.
Lost!
How many people of both sexes are suffering from the various ailments which are the result of indigestion, and which might be restored, as many have been when given up to die, if they would use Burdock Blood Bitters, which restores lost vitality and gives new vigor to the debilitated system.
The Lower St. Lawrence is to be surveyed.
The Summer is over—Autumn brings forth to mind the necessity of being the revenue for the winter's supply of the requirements of the household. The main item naturally to making a small sacrifice of a dollar or more (as he can afford it) upon the altar of frugality, by sending to M. A. Dupin, New Orleans, La., for a bottle of a fraction of one cent of the "Metaphysical System" of the 185th Grand State Lottery, at noon, on Tuesday, (always Thursday) October 15th, when \$200,000 will be scattered broadcast among from \$75,000 downwards. So prepare for winter by investing at once.
LETTERS LIVING AGE. The numbers of The Living Age for the 12th and 19th of September contain Memoirs of Count Paulini, *Edinburgh*; The Paris Newspaper Press, Midsummer in the States, and Lord Portborough, *Fortnightly*; What can History Teach us? *Contemporary*; The Metaphysical System, by R. H. Hutton, *Yearbook*; Constantine Alfieri, Marquis D'Azeglio, and Modern Pretences, *Art, Temple, Day*; The Krakow Eruption, *Lecture Hours*; Unparliamentary Speeches, *Caricature*; An Old London Gardener, and Anarchism in Switzerland, *Spectator*; English History in Danish Archives, *Globe*; Recent Pyramid Work, *Chambers*; On a House-Boat, *St. James*; with illustrations of "A House Divided Against Itself" and "Fortune's Wheel," and poetry.
For fifty numbers of sixty-four large pages each (or more than 3,200 pages a year) the subscription price (\$8) is low; while for \$10.00 the publishers offer to send any one of the American \$4.00 monthlies or weeklies with *The Living Age* for a year, both postpaid. Little & Co., Boston are the publishers.
Death—And afterwards.
Edwin Arnold has, in the August number of the *Fortnightly*, an interesting and thoughtful article with the above title. It is very readable, and supplies a good deal of what Jeremy Taylor calls "food for our meditation." It starts with the assertion that "man is not by any means convinced as yet of his immortality." "Only a few," it further adds, "feel quite certain that day will never come to exist." At the same time it shows at considerable length that it is a great mistake to refuse belief in the continuity of individual life because of its incomprehensibility. What is comprehensible? Precious little of any thing. When a man refuses to believe in what he does not comprehend he leaves himself a very meagre creed.
Then it is shown that the other aspirations of infancy, youth, and manhood turn out more or less to be prophetic. "And we are so glad that he used your Bitters."—A Lady of Utica, N. Y.
The body of a cholera-stricken man, buried in the sea, has been washed ashore at Cardiff.
Did She Die?
"She lingered and suffered long, pining away all the time for years."
"The doctors doing her no good."
"And at last was cured by this Hop Bitters the papers say so much about."
"Indeed! Indeed!"
"How thankful we should be for that medicine."
The people of England have guaranteed by subscription \$200,000 for the Colonia Exhibition.
A Daughter's Misery.
"Eleven years our daughter suffered on a bed of misery."
"From a complication of kidney, rheumatic trouble and Nervous debility."
"Under the care of the best physicians."
"Who gave her disease various names."
"But no relief."
"And now she is restored to us in good health by a simple remedy as Hop Bitters, that we had obtained for years without using it."—THE PARENTS.
By a raised draft a stranger from Montreal succeeded in getting \$4,000 from a Toronto bank last Wednesday.
Ministers, Lawyers, Teachers, and others whose occupation gives them but little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose.
The United States National Tanners' Hide and Leather Association condemns the use of barbed wire as damaging more hides than any other cause.
Dyspepsia in its worst form will yield to the use of Carter's Little Liver Pills. They not only relieve present distress, but strengthen the stomach and digestive apparatus.
The Dominion Commercial Travellers' Association will appeal a case to test the constitutionality of the tax imposed on its members in Halifax, St. John, and other places.
An old and well-tried remedy is Bairo's French Ointment. By its use Salt Rheum, Fever Sores, Ulcers, &c., are soon healed. It will cure the Itch in a few days.
The London morning papers contained columns of obituary lamenting the death of Jumbo.
Advice to mothers. Many children suffer and die from other causes than an excess of Worms in the Stomach or Intestines; to avoid this give Dr. McLean's Vegetable Worm Syrup, any child will take it.
The "Puritan" is to be sold by auction in New York, the several owners deciding this is the best way to get square. It is likely that one of them will bid her in. Joe Elsworth, the sailing master, had an ovation given him at his home, in Prince's Bay, Staten Island, after the race with the "Genesta."
Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites.
Most Beneficial in Bronchitis.
Dr. J. P. NEEDLE, Harmon Mills, N. C. says: I used Scott's Emulsion in a case of Bronchitis of six months' standing and the patient was well in ten days. I must

Little & Co., Boston are the publishers.
Death—And afterwards.
Edwin Arnold has, in the August number of the *Fortnightly*, an interesting and thoughtful article with the above title. It is very readable, and supplies a good deal of what Jeremy Taylor calls "food for our meditation." It starts with the assertion that "man is not by any means convinced as yet of his immortality." "Only a few," it further adds, "feel quite certain that day will never come to exist." At the same time it shows at considerable length that it is a great mistake to refuse belief in the continuity of individual life because of its incomprehensibility. What is comprehensible? Precious little of any thing. When a man refuses to believe in what he does not comprehend he leaves himself a very meagre creed.
Then it is shown that the other aspirations of infancy, youth, and manhood turn out more or less to be prophetic. "And we are so glad that he used your Bitters."—A Lady of Utica, N. Y.
The body of a cholera-stricken man, buried in the sea, has been washed ashore at Cardiff.
