

LEGLESS SENT BACK ON S. S. CONSIGAN

Pitiful Plight of Charles N. Pedersen, who Arrived in the City, Last Night, from Grand Falls.

Among the passengers on the Boston express which arrived last night was a passenger named Charles N. Pedersen, who was in a most pitiful condition. He is a Dane, and was in charge of Guard Scott, of the government immigration staff at Sand Point. Pedersen had both legs cut off above the knees, all the fingers were off his right hand and only two parts of two fingers were left on his left hand. He is being deported to his home in Denmark at the expense of the government. Guard Scott had him placed in a coach and conveyed to the Albatross liner Consignan which he will leave this morning for his native home. Pedersen talks very good English. He is a man about 40 years of age, and when asked how he came by his injuries, quite readily told the story. He said he had been employed in the Burgess lumber camps outside of Grand Falls, and one cold day, last November he started to walk to Grand Falls. A storm came on and the weather was bitterly cold. He was passing on the road by the cold beaching too much for Pedersen and he soon became fatigued and fell down in the snow. Some hours later a man who happened along the road found him covered with snow and Pedersen was slowly freezing to death. A conveyance was obtained and he was driven to the private hospital at Grand Falls where it was found necessary to amputate both legs and the fingers so badly were they frozen. It was only the fact that he was a strong rugged man that saved his life.

A SAILOR ARRESTED FOR BICYCLE THEFT

William Morrison Took Wheel Owned by C. P. R. Messenger Boy - Caught by Police on Dock Street.

A Scotchman who gives his name as William Morrison was arrested last evening by Sergeant Caples and Officer Sullivan for stealing a bicycle belonging to H. Leggett, a C. P. R. messenger boy. Morrison with four other sailors who came from one of the steamers docked at West St. John was walking along Prince William street, and when passing the C. P. R. telegraph office he seized the bicycle which was standing outside the door and with his companions proceeded along the street towards King. The police were informed of the theft, and Sergeant Caples and Officer Sullivan started in search of the man. At the foot of Dock street they met him with the bicycle in his possession and he was taken in charge and placed for the night in Water street lockup. Later in the evening the boy visited the lockup and recognized the bicycle taken from the man as his. It had been purchased, he said, but four weeks ago for \$75 and he was naturally glad on learning of the recovery.

OBITUARY.

Hugh L. Francis, a well known resident of the city passed away last evening in the person of Tugh L. Francis, who for many years has been prominently identified with the boot and shoe business of the city. Mr. Francis was in the 73rd year of his age and had been ill for about a year. He leaves one daughter and five sons to mourn their loss. The daughter is Miss Ella at home, and the sons are Wallace H. of Seattle; Harry A. of Dawson City; Chas. L. Sydney S. and Herbert S. of St. John. One brother Wallace M. of Jacksonville, Florida, also survives. Mr. Francis was the son of the late Emanuel W. Francis of the well known firm of M. W. Francis, shoe manufacturers of the city, which was later taken over by the firm of Francis and Vaughan, of which the deceased was senior partner. He retired from this firm some years ago, and was later identified with the boot and shoe business carried on by J. V. Russell. Mr. Francis was one of the oldest and best known boot and shoe men in St. John. The firm of M. W. Francis with which he was originally connected, was one of the first firms to establish a paper mill in Canada, operating for some time the Springfield paper mill.

Mr. Francis was a member of the German street Baptist church and in his younger days took a very prominent part in the affairs of the Baptist denomination in this district. He was a keen business man and very much interested in all measures for the advancement of the city. A man of kindly disposition he had a large circle of friends who will be grieved to learn of his death. The funeral will take place from his late residence 170 King street east, on Monday afternoon at 2:30 o'clock.

FIRE IN WEST END HAY WAREHOUSE

C. H. Peters' Warehouse, Used by C. P. R. and Filled with Hay, Badly Damaged Last Night.

About 10:45 o'clock last night fire was discovered in the warehouse on Rodney wharf, West End, known as the C. H. Peters warehouse, which is used by the C. P. R. The fire had probably been burning for some time before it was noticed and an alarm was sent in from box 21. When the department arrived the flames had burst through the roof and sides of the building and District Chief McAndrews sent in a second alarm immediately. The warehouse was full of baled hay and straw and the fire, which started in the western end of the building, had worked pretty well through the contents and proved a stubborn one to fight. District Chief McAndrews and his men worked hard and soon had a few good streams of water playing on the fire. An adjoining warehouse was full of pianos and other freight and C. P. R. trucks were quickly sent from the Sand Point sheds and removed the pianos and freight from this shed and loaded them into cars which were hauled to a siding nearby. The fire in the hay shed gave the firemen a hard fight as the burning hay had to be all removed from the building. The loss will amount to a couple of thousand dollars. The firemen had to work until nearly three o'clock this morning before they were able to leave the scene of the fire.

WEDDED IN MONTREAL

(Montreal Gazette, April 17th) The marriage of Miss Eliza Marjorie Scarff, daughter of Mr. and Mrs. C. E. Scarff, to Harold G. D. Ellis, was celebrated at half-past five yesterday afternoon in the American Presbyterian church, which had been effectively arranged with flowers and greenery. The Rev. Dr. Robert Johnston was the officiating clergyman. The bride, who was given away by her father, and attended by Miss Kathleen Fortier and her sister, Miss Frieda Scarff, as bridesmaids, wore a gown of white charmeuse embroidered in silk and pearls, a veil which had belonged to her great grandmother arranged over a wreath of orange blossoms and a diamond and pearl tiara. The bridegroom's gown was of yellow crepe de chene with violet trimmings and they wore violet hats trimmed with flowers and carried bouquets of purple sweet peas. The bride's mother was gowned in gold colored panne crepe trimmed with real lace and carried jonquils. The bridegroom's groomsmen wore black satin gown and black hat and carried red roses. Among the guests were four sons of the bride, Miss Henderson Thompson, Miss Atwater, Mrs. A. D. Neuter and Mrs. Vall. Harold Conners was best man and the ushers were Roes Thompson, John Black and William Dean. A reception was held later at the home of the bride's parents, on Arlington avenue, Westmount, where the rooms were dainty with jonquils and greenery. Later Mr. and Mrs. Ellis left for a wedding trip for New York and Old Point Comfort, before going on to their home in St. John, N. B.

AROUND THE WORLD TOUR.

The Canadian Pacific Railway and steamship lines offer the second of the around the world cruises. This cruise is by their splendid new steamship "Empress of Asia," especially built for service on the Pacific between Canada, Japan and China, starting from Liverpool in connection with the regular trans-Atlantic Steamship Lines and the trans-continental route of the Canadian Pacific Railway. The steamship utilized for this cruise was built especially for the trans-Pacific service. In this ship are embraced all the latest improvements in palatial steamship construction marking a new era in trans-Pacific and around-the-world travel. One crossing the Pacific or visiting China and the East Indies enjoys all the luxuries of the Atlantic greyhounds of the sea. This is a Canadian Pacific service. What more need be said. A system that is fully abreast of the times; a system that has conquered a continent; that has brought the virgin wilderness into subjection and made it neighbor to the whole world! Broad sighted policy that operates through the trans-Atlantic to the Pacific, over broad plain and high mountains, on which one may pass the time as comfortably as in one's own drawing room, has added to its resources steamship service that is surpassed by none and equalled by few. To travel under the care of the Canadian Pacific, under one flag throughout the course of the sun, is to enjoy the acme of delight—the quintessence of service. No detail that makes for pleasure is left undone, everything is perfection because it is "Canadian Pacific!" The "Empress of Asia" will leave Liverpool June 14th.

PRESENTATION TO L. ROKES.

L. Rokes, of Drury Cove, was very pleasantly surprised last evening when a committee representing the "Drury Cove Athletic Association" waited upon him at the residence of W. E. Tansant, Orange street, and presented to him a handsome loving cup, suitably engraved. George Disbart, president of the association, in making the presentation voiced the regards of the members at the departure of their honorary president and the Misses Rokes. Mr. Rokes, although completely taken by surprise, feebly replied.

Oliver A., two daughters, Alice and Hazel, one brother, Oliver, of Malden, Mass., and one sister, Mrs. C. Hamilton, of Oak Point. Mr. Gibson was a devoted Conservative and took a deep interest in public affairs. He served as councillor

CASHION IS SOME PITCHER

CARL CASHION

A great deal of Washington's success this year depends on whether Johnson and Groom have to carry the team along or if Cashion, Hughes, Engel and one or two others show good enough to take their regular turn in the box. Cashion looks a little hot better now than he has been to control the ball. It was a well-known fact last season that if the big fellow ever gained this important asset he would rank up among the leading twirlers of the game today. He is of the most valuable type of a pitcher, a husky young man who should be able to work twice a week if necessary.

LEGERE NOT OVERWORKED.

A district official of the International Longshoremen's Union informed a reporter of The Standard yesterday that the coroner did not have all the facts before him when, at the inquest on the death of Edmund Legere, he complained that the union should not allow a man to work 18 or 20 hours. The official said he had looked into the matter and found that Legere was on his proper shift as determined by the union. The victim of the accident was attached to the shift which went to work at seven in the evening, and unless he had been engaged at some other work besides stevedoring, he was fresh when he went to work on the steamer Montreal.

MENS' BIBLE CLASS HOLDS A BANQUET

Members of First Presbyterian Church of Carleton, Bring Season to End in Fitting Manner—Pleasing Program.

The Men's Bible Class of the First Presbyterian church of Carleton, brought their season to an end in a fitting manner last evening when the class held a most successful and enjoyable banquet in the Oddfellows' Hall, W. E. Over 50 of the members and their friends attended and after the sumptuous fare had received full justice, a pleasant programme was carried out.

The programme was opened by an address of welcome by J. E. Cowan, the president of the class and was followed by congratulatory addresses by Rev. Dr. Macdonald, J. E. M. Baxter, M.L.A. and John Willet, K.C. A selection was then given by the Pipe Band after which the Carleton male quartette composed of Messrs. Rippey, Lindsay, Leaton and Long were heard in a pleasing number.

The remainder of the programme was as follows: Mandolin solo, Mr. Punter; vocal solo, H. S. Mays; piano solo, D. Arnold Fox; saxophone solo, with piano accompaniment, Mr. McDonald; vocal solo, J. P. Cruikshank; comic solo, Mr. Punter; selection by the Pipe Band. At the close of the programme a vote of thanks was tendered those who took part and the ladies who aided with the banquet. The vote was moved by James Scott and seconded by James McLennan.

LAKE SUPERIOR AND THE IRON INDUSTRY

Interesting Lecture by Mrs. Fiske, Last Evening, Under the Auspices of the Women's Canadian Club.

Under the auspices of the Women's Canadian Club an interesting lecture was delivered in the Centennial school last evening by Mrs. Emma Fiske, which dealt with Lake Superior, and the industries along its shores. The lecture was illustrated by lantern slides, depicting the beauties of the shores of the lake, the rugged grandeur of the scenery thereabout, and the importance of the industry of mining iron ore on the shores of the lake. The lecturer spoke of the work of the miners who raise the ore from the mines, and the ships by which it is transported to the smelters. She described the types of steamers employed in the ore trade, and the various methods of loading and discharging the steamships. Altogether the lecture and the illustrations were very instructive and interesting, and many will be pleased to know that the lecture is to be repeated in the High school at a later date.

At the close of the lecture one of the boys of the school moved a vote of thanks to the lecturer, which was enthusiastically adopted. A vote of thanks to Mrs. Fiske and the members of the educational committee of the Women's Canadian Club was also moved and adopted by a standing vote.
