Two cases of shoes to hand a little late for the season's trade. Patent leather vamps, white cravenette quarters, black braid trimming, Goodyear welts, plain toes, Cuban heels. At the price quoted, \$2.00, these shoes are undoubted bargains, especially as they are correct in style and color.

Waterbury & Rising, Ltd.

ADVERTISING THIS PROVINCE IN DENMARK

Few Danes have Already Settled Here and so Well Pleased Encourage Friends to Come.

The department of immigration for the province is not entirely idle, even if there is a war on in Europe. They have been doing considerable advertising in Denmark of late, which is beginning to bear fruit. The Danes are regarded as among the best class of farmers in the world, and it is the aim of the department to try and settle some of the vacant farms in New Brunswick with these people. Just recently they have placed two families at Benton, Carleton county, Carl Colburg and his family were the first to come, and they were placed on a farm through the Farm Settlement Board. He was so well pleased that he sent for his friend Rasmus P. M. Hansen, and the board sold him a farm adjoining that of Mr. Colburg.

Both of these men have considerable capital and are more than pleased with conditions as they exist in this province. The department is working away quietly during the war and intends to go after this class of immigration aggressively as soon as it is over.

MARRIAGES.

Hampton, N. B., July 12.—A very pretty but quiet wedding took place at the Methodist parsonage here this evening on the arrival of the Halifax express, when Miss Susie A. Cosman, daughter of Mr. and Mrs. James Cosman of Havelock, Kings Co., was united in marriage to Mr. E. L. Urquhart, of Bellisle, Kings Co. The bride wore a travelling suit of sand colored silk, with a white picture hat. The ceremony was performed by the Rev. J. F. Rowley in the presence of the immediate friends of the bride. Mr. and Mrs. Urquhart left immediately for their future home in Bellisle.

OBITUARY.

Newcastle, July 12.—John Johnston, of Chatham, brother-in-law to Ernest Hutchinson, died in the new Miramichi Hospital Monday evening, aged 72. He had been ailing almost a year, and had been in the Miramichi hospital only since the morning of the day on which he died. He was apparently in fair health Monday afternoon, and was walking in the corridor when he took a bad turn and expired in about half an hour afterwards. Deceased was a business man of good standing in his native town of Chatham. He was one of the oldest Freemasons, having been a member of Miramichi Lodge, No. 18, Chatham, for 46 years. He was also a respected member of the St. Andrew's Presbyterian church, Chatham. His funeral took place yesterday afternoon.

From Obituary Convention.
Chief of Police George Hildout of Moncton, and Chief John McColm of Fredericton have returned from Kenora, where they have been attending the annual convention of the Chief Constables' Association of Canada.

Munition Workers in Berlin on Strike

50,000 Workmen Quit as Protest Against Prison Sentence Imposed on Dr. Liebknecht, Socialist Leader.

Amsterdam, July 13, via London, 6 p. m.—The Socialist newspaper Tribune asserts that 50,000 workmen employed in munitions factories and electrical works in Berlin, and in aerodromes at Johannisthal, have gone on strike as a protest against the prison sentence imposed on Dr. Karl Liebknecht, the Socialist leader, for participation in the May Day demonstration at Berlin.

DEPT. OF AGRICULTURE SECURES SERVICES OF M'DONALD GRADUATE

O. C. Hicks Will Give Instruction Relative to Saving of the Clover Plant.

For several years the officials of the Department of Agriculture for New Brunswick have been urging upon the farmers the necessity of producing more seed, especially of the grasses and clovers. Many thousands of dollars are sent out of the province annually which should be kept at home. In fact, it has been urged that this province, instead of being an importer, should be an exporter of seed. The tremendous rise in prices during the past few years has brought many farmers to realize the force of that which has been frequently urged by the officials.

The present season is proving one of the very best for the production of clover. Everywhere there are large stands of this plant. From several sections of the province prominent farmers have been writing to the department for instruction as to the best method of saving the clover plant. This work was to have been taken up by the Soils and Crops Division, but, as both Mr. Newton and Mr. Reed, of this department, have entered military service, our plans did not mature.

On account of the conditions which exist this season, it was felt that something should be done along this line. The Honorable Mr. Murray has been looking for a competent man to carry on this work and has succeeded in obtaining the services of Mr. O. C. Hicks, of Pettitodiac, a recent graduate from Macdonald College, P. Q. During Mr. Hicks' college course he specialized in cereal and seed work. He has spent the past few days visiting clover fields and has presented his first report to the department. He states that he finds the growth of clover very general and of a very fine quality; but upon examination of the plant, it is of the opinion that, because of the excessive wet during the flowering period, the bees and insects necessary for the proper fertilization of the flower were not in general flight, with the result that there will not be a very large production of seed from the first crop, because of lack of fertilization. He recommends, however, that the clover fields be cut immediately and that a second growth be given every opportunity possible. If weather conditions are favorable, there should be a good production of seed in the second crop.

In the past, whatever clover seed may have been saved in the province has been threshed with the ordinary threshing machine.

Department Will Buy a Clover Huller. As this machine will only partially thresh the clover, there is a very large waste. In order to save the larger portion of the seed produced, it is necessary to thresh the clover with the regular clover huller. As this machine is quite expensive and the work of producing clover seed is still in the experimental stage in this province, I have recommended to the Honorable Mr. Murray the purchase of a clover huller to be operated by the department during this season, for the actual cost of operation, on much the same plan as our ditching machine and limestone pulverizer are operated. I am pleased to say that the minister has accepted my recommendation and has instructed me to proceed along these lines.

I would be very glad to hear from farmers who have clover fields and who would undertake the production of clover seed. If sufficient farmers will undertake this production, a clover huller will be purchased immediately and preparations made to assist in the threshing and hulling. For the benefit of farmers who are interested, I would emphasize the following points:

1st.—The first crop of clover must be cut at once.
2nd.—All live-stock must be kept off the mown fields, in order that the second crop may develop rapidly.
If those who care to undertake the work will write me, a representative of the department will be sent to inspect the plots and, if there is sufficient clover produced to warrant the sending of the machine into a community, the same will be done.

(Signed) J. B. DAGGETT,
Secretary for Agriculture.

REAL ESTATE SALES.

Auctioneer Potts, at Chubb's Corner, yesterday, sold at auction the real estate assets of A. C. Smith & Company, who recently assigned for the benefit of their creditors. The sales were effected as follows:

Four lots in Winslow, Lancaster and Rodney streets, to F. R. Taylor at \$75 each.

One lot at Old Port to James Carleton, \$40.

Five lots of land at Fairville Plateau, C. H. Belyea, \$45 each.

Self-contained house on leasehold lot, corner Queen and Watson streets, West St. John, A. P. Barnhill, \$2,800.

Large metal covered warehouse on Rodney wharf, F. R. Taylor, \$500.

Large barn and warehouse, under C. P. R. lease, E. P. Souther, \$1,250.

Warehouse and office property on leasehold lot, corner of Union and Winslow streets, F. R. Taylor, \$3,250.

After the auction the last mentioned property, corner Union and Winslow streets, was receded by Mr. Taylor to Frank Garson. It is believed that the Rodney wharf warehouse was purchased on behalf of the C. P. R.

During the afternoon the office equipment with stock of hay, straw and butter was sold at the office building and a quantity of hay, straw, bran and four horses, vehicles and barn equipment were sold at the Union street warehouse.

LOCH LOMOND NEWS.

The second annual picnic of the Loch Lomond Anglican Sunday school was held at Black River on Wednesday, July 13th, with a record attendance. The picnicers assembled on McLeod's Beach and partook of luncheon. An energetic committee of ladies sold candy, fruit, etc., and a good sum was realized. After supper the picnicers adjourned to Mr. Moore's house where dancing was enjoyed. The races which were held resulted as follows:

Girls, (under 11 years of age)—1st, Myrtle Armstrong; 2nd, Beatrice Andrews.

Girls, (over 11 years)—1st, Helen Johnston; 2nd, Katie Garnett.

Young ladies' race—1st, Marguerite Jordan; 2nd, Margaret Johnston.

Boys, (under 11 years)—1st, John DeWolfe; 2nd, Roscoe Armstrong.

Young men's race—1st, Leonard Johnston; 2nd, Claude Sherwood.

Boys, (over 12 years)—1st, Arthur Moore; 2nd, Colin Sproul.

Egg and spoon race—1st, Bessie Johnston.

Men's free for all—1st, Leonard Johnston; 2nd, Frank Johnston.

The Sunday school is indebted to Daniel Johnston who gave the grounds for the picnic.

How to Save Your Eyes

Try This Free Prescription.

Do your eyes give you trouble? Do you already wear eyeglasses or spectacles? Thousands of people wear these "windows" who might easily do without them. You may be one of these, and it is your duty to save your eyes before it is too late. The eyes are neglected more than any other organ of the entire body. After you finish your day's work you sit down and rest your muscles, but how about your eyes? Do you wear them? You know you do not. You read or do something else that keeps your eyes busy; you work your eyes until you go to bed. That is why so many have strained eyes and finally other eye troubles that threaten partial or total blindness. Eyeglasses are merely crutches; they never cure. This free prescription, which has benefited the eyes of so many, may work equal wonders for you. Use it a short time. Would you like your eye troubles to disappear as if by magic? Try this prescription. Go to the nearest wide-awake drug store and get a bottle of Bor-Lo tablets. Drop one tablet in 1/2 glass of water and allow it to thoroughly dissolve. With this liquid bathe the eyes two to four times daily. Just note how quickly your eyes clear up and how soon the inflammation will disappear. Don't be afraid to use it; it is absolutely harmless. Many who are now blind might have saved their eyes had they started to care for them in time. This is a simple treatment, but marvelously effective in multitudes of cases. Now that you have been warned don't delay a day, but do what you can to save your eyes and you are likely to thank us as long as you live for publishing this prescription. The Valmar Drug Co. of Toronto will fill the above prescription by mail, if your druggist cannot.

A significant City Physician to whom the above article was sent, writes: "This is a very reasonable and sensible prescription and will, I believe, be obtained from any good druggist and is one of the very few prescriptions I feel should be kept on hand for regular use in almost every family."

"Vaason's Drug Store fills many Bor-Lo prescriptions and will gladly fill yours."

Wonderful Lessons in the Bible's English for Writers and Speakers

Shakespeare was master of nearly twenty thousand words. Milton of about thirteen thousand. But the whole King James Version of the Bible contains not over six thousand words; not a half of Milton's, not a third of Shakespeare's vocabulary.

Short words are always strong words; they explode like bullets. Do you know that the average word in the English Bible, including even the proper names, is composed of less than five letters? Leave out the proper names and the average word wouldn't have even four letters.

In the beloved 23d Psalm there are 119 words, 95 are words of one syllable! In the Sermon on

the Mount more than 80% are words of one syllable. In the Ten Commandments, on which are based all the laws of the world, there are 319 words; 259 are words of one syllable; and only 60 of two or more syllables. In Lincoln's Address at Gettysburg, perhaps the greatest in the world, there are 266 words. Of these, 194 words are of one syllable: 53 of two syllables; and only 19 of three or more syllables.

There is food for thought in these figures. What an improvement in our writers and speakers, if like Lincoln, they would only give study to the English of the Bible!

The publishers of the famous RED LETTER EDITION of the Bible inform us that only by means of a vast newspaper co-operation throughout the United States and Canada could this magnificent Bible be had for the nominal price asked. They state they are arranging to distribute at least two million copies, and that the RED LETTER BIBLE represents a value of from three to four dollars in the usual channels of trade.

ALL THE WORDS AND SAYINGS OF CHRIST distinguished from the context by being printed in red.
All Passages in the Old Testament prophetic of the coming of Christ, marked with a Star.
All the difficult words in both Testaments made self-pronouncing by diacritical marks; made so simple a child can pronounce them.
Hundreds of Helps and References.
Family Register of Births, Marriages and Deaths.

Exhaustive Marginal Annotations.
Index to Parables and Miracles.
