

ABLE MEN DISCUSS FISH AND GAME PROTECTIVE MEASURES AND METHODS

Interesting and Valuable Papers on Various Phases Read at Annual Meeting of North America Association Here-- Assistance of Foresters, Elks and Others Urged-- Poachers' Tricks--Session to Continue Today.

The fifth annual meeting of the North American Fish and Game Protective Association opened yesterday in the board of trade rooms. Premier Tweedie, who presided, welcomed the delegates and explained that the formal welcome by the mayor had been postponed until this morning, when the attendance from outside points would be larger.

His Own Hunting Trips. With the midland haunts of the moose he could fairly claim acquaintance. Four times it had been his privilege to camp on the trail of big game. The province would then offer equal attractions with the great northern game belt, and would provide the hunter with the materials for royal sport.

The Premier Discusses the Moose. Premier Tweedie, in discussing the question of whether a moose would attack a man, was inclined to discredit any such story. Fr. Elniac, of Montreal, took an opposite view. He believed that during the rutting season moose would not hesitate to make a man run for his life. He had an experience of this character.

Mr. Chambers' Paper. Mr. T. D. Chambers, secretary-treasurer of the association, read a valuable paper on the tricks resorted to by violators of the game laws. He believed every member should be made to read this paper.

Father Gaynor's Paper. Rev. Fr. Gaynor discussed all scientific treatment of his subject, and said he brought to the discussion of the fishes and large game of the lower half of New Brunswick only the note book of a casual hunter, engineer and geologist.

The Sportsmen's Paradise in Fact. It was not an overstatement to call New Brunswick the sportsman's paradise. Nowhere else on the continent could be found within the same compass so many and so magnificent streams of magnificent rivers, lakes and tributary streams.

One Lot of 500 Partridges Seized. In answer to a question Mr. Chambers said the partridge seized in Quebec are distributed by the head of the department to charitable institutions. At one time 500 birds were confiscated and distributed a few days before Christmas.

Protective Measures. Dr. Finnie, of Montreal, read an interesting letter on Forest Protection and its bearings on fish and game preservation. The subject, he said, was one which should appeal not only to sportsmen, the settler, but to every well wisher of the country.

As to a Close Season. Adam Moore, a guide, was introduced by Hon. A. T. Dunn, Mr. Moore said a close season is not needed in this province, and that the wild cat is more destructive to game than the lynx. Another guide who spoke was Henry Allan, of Penniac.

The New Officers. Officers were elected as follows:—W. S. Hinman, Boston, president; R. T. D. Chambers, Quebec, secretary-treasurer; Vice-presidents—H. O. Stanley, Dixfield (Me.); F. S. Hodges, Boston; R. R. Plumb, Detroit; Hon. A. T. Dunn, St. John; C. H. Wilson, Glen Falls, G. A. McCallum, London; Dr. J. T. Finnie, Montreal; C. G. Butterfield, Derby Line (Vt.); C. S. Harrington, Halifax; S. A. Megath, Franklin (Pa.).

devaluated by fire, and \$17,000 was spent in forest protection. Dr. Finnie said in conclusion: "To those who are engaged in this good work let us give them all the encouragement possible. The full results cannot be actually seen by those who are carrying it out, but they certainly can be felt by the masses of the country at large—not alone perpetuating a valuable asset but preserving to us the present climatic conditions, our water ways, and supplying a constant source of pleasure to the lover of nature. By all means go on with the good work."

Against Slaughter of Game. The next paper read was called How best to form public opinion as to the need of fish and game protective laws. It was prepared by Geo. Armstrong of Montreal, and in his absence was read by Secretary Chambers.

The realization had come home very strongly to the writer to the duty resting on all good sportsmen and patriots to educate public opinion upon the policy which the association advocated. They should be aided by letters to the press, supplemented by talks in school houses and other centres in the district where poaching and indiscriminate slaughter of fish and game is most rampant.

Lawyers to Seek More Protection. N. B. Barristers Will Ask Government to Stop J. P.'s from Acting as Conveyancers--Election of Officers. Frederick, N. B., Feb. 1.—(Special)—The annual meeting of the New Brunswick Barristers' Society was held this evening in the supreme court room. The attendance was large. Among those present were: W. B. Combs, T. C. Allen, C. N. Skinner, M. G. McDermott, A. O. Earle, H. A. Powell, J. D. Plimney, J. A. Currier, J. H. Barry, W. C. H. Grimmer, G. A. McCallum, W. B. Jones, T. Jones, C. J. Coaker, T. J. Carter, H. G. Fenety, A. R. Sligo, J. King Kelly, R. B. Hanson, G. H. V. Bolyea and W. P. Taylor.

President Connell occupied the chair. Secretary-treasurer Allen presented his annual report. The expenses of the society during the year amounted to \$1,533.87, revenue \$1,234.09, leaving an indebtedness of \$299.78. A resolution was passed granting authority to the president and secretary-treasurer to meet the indebtedness either by overdrawing or giving a note of the society.

The question of having stenographers appointed for the county courts and having legislation passed prohibiting registrars of deeds and justices of the peace from acting as conveyancers was discussed at length. It was finally decided that it be left with the council of the society to press upon the government the urgent need of both and that legislation be made to the effect that no person who is licensed can carry on the business of conveyancer and search records.

Police Burying Warsaw Victims. (Continued from page 1.) throughout the governments of Warsaw and Petrograd. Jap Casualties 7,000. Washington, Feb. 2.—The Japanese legation has received a report made by Field Marshal Kojima giving the details of the heavy fighting from Jan. 25 to 29, when the Russians were driven to the right of the Hun river. The marshal says that the enemy consisted of the First Siberian Army Corps, one mixed army corps, the 10th and 11th brigades of the sharpshooters, part of the Eighth Army Corps, the sixth and first Siberian reserve divisions, some caissons, etc., making a total of 15,000 men.

Russians Admit 13,000 Loss. Mukden, Feb. 2.—After the Russian bombardment of Sandiapiu, the Japanese tried to drive the Russians off but failed. The calculations are that the Japanese will abandon Sandiapiu. Ten Japanese battalions which attacked the Russians were repulsed with great loss. Latest returns of Russian losses during recent fighting show 13,000 men killed or wounded.

Russia to Build New Navy. St. Petersburg, Feb. 2.—The admiralty, having definitely committed itself to the policy of rebuilding and greatly increasing the size of the navy, although the detailed programme has not yet been completed, is already being besieged by foreign firms anxious to secure contracts. These firms are having little success, however, as only a single French firm has thus far obtained a contract for a large ship. Several other contracts may be awarded, but the admiralty has decided, instead of placing contracts abroad, to attract foreign capital to Russia for the erection of new yards with the general purpose of encouraging and creating a vessel building industry at home, which eventually will render the complete independence of the country to foreign builders.

Officers were elected as follows:—W. S. Hinman, Boston, president; R. T. D. Chambers, Quebec, secretary-treasurer; Vice-presidents—H. O. Stanley, Dixfield (Me.); F. S. Hodges, Boston; R. R. Plumb, Detroit; Hon. A. T. Dunn, St. John; C. H. Wilson, Glen Falls, G. A. McCallum, London; Dr. J. T. Finnie, Montreal; C. G. Butterfield, Derby Line (Vt.); C. S. Harrington, Halifax; S. A. Megath, Franklin (Pa.). Executive committee—J. F. Sprague, Monson (Me.); George H. Richards, Boston; Henry Russell, Detroit; D. G. Smith, Chatham; J. H. Seymour, New York; S. T. Bastedo, Toronto; H. B. Charlton, Montreal; Hon. J. D. Hazen, P. E. (Vt.); H. M. Wallace, Halifax.

Membership committee—Gen. W. W. Henry, Dr. W. H. Drummond, Dr. Brainard. Audit committee—W. J. Cleghorn and L. V. Armstrong. Dined by the Premier. At 1.30 o'clock the visiting members of the association and several local tourist association gentlemen were guests of Premier Tweedie at luncheon in the Union Club. A very fine menu was provided and the table was arranged with much taste. Hon. Mr. Tweedie presided, and had at his right and left, Ex-Governor Fisk, of Vermont, and J. D. Hazen, P. E., while about the board sat Geo. Robertson, M. P. P.; Hon. Mr. Thomas, of Vermont; M. Allen, of Fredericton; Hon. Geo. F. Hill, W. S. Fisher, Ald. T. H. Bullock, Dr. G. B. Hetherington, Hon. A. T. Dunn, D. G. Smith, of Chatham; John Robinson, L. B. Knight, Adam Moore, Henry Allen, F. R. Perry, of the C. P. R.; Mr. Charlton, of the G. T. R.; and a few others.

A Full Dollar's Worth Free Can any Ailing one Refuse

I will pay outright for your first dollar bottle of Dr. Shoor's Restorative. I ask no deposit, no promise. You take no risk—you pay nothing, either now or later. The dollar bottle is free to those who have not tried my remedy. I want no references—no security. The poor have the same opportunity as the rich. To one and all I say "Merely write and ask." I will send you an order on your druggist. He will give you free, the full dollar package.

Inside Nerves. Only one out of every 50 has perfect health. I have called these the inside nerves for simplicity's sake. The "sympathetic" nerves, physicians call them by this name because they are so closely allied with the others. The result is that when one branch is allowed to become impaired, the others weaken. That is why the kind of sickness leads into another, that is why disease becomes complicated.

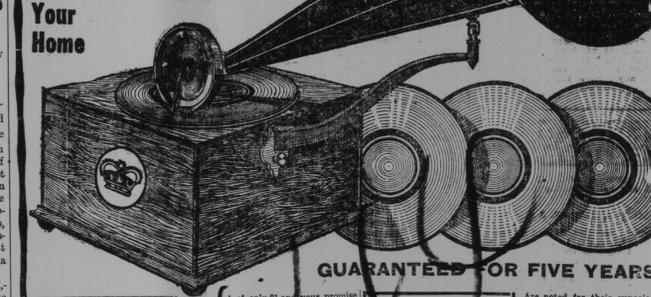

For Stomach Troubles. The stomach is controlled by a delicate nerve called the solar plexus. When the solar plexus is a solar plexus blow—a sure knock-out. For this reason it is ten times as sensitive as the rest of your eye. Yet the solar plexus is only one of the centers of the great inside nerve. The stomach is its slave. It is one of the most delicate and sensitive parts of the body. Dr. Shoor's Restorative strengthens the solar plexus and the stomach troubles disappear.

For Kidney Troubles. The kidneys are the blood filters. They are operated solely by the inside nerves. The branch which operates them and regulates them is called the renal plexus. When the renal plexus is weak or irregular, the kidneys become clogged with the very poisons they should throw off. No kidney treatment can clean them out or cure them and cure them until after a while the kidneys themselves begin to break down and die. Dr. Shoor's Restorative strengthens the renal plexus and the kidney troubles—that is through the inside nerve—disappear.

For Heart Trouble. Your heart beats more than ten thousand times a day. And every heart beat is an impulse of the inside nerve branch called the cardiac plexus. The heart is a muscle, but it is the nerve that makes the muscle work. An irregular or weak heart cannot pump the blood through the arteries of a weak or irregular nerve—heart. To cure heart trouble, restore it to normal. Dr. Shoor's Restorative strengthens the cardiac plexus, just as it restores the solar plexus and the inside nerve system—the power nerves—the master nerves.

Dr. Shoor's Restorative

\$12 Buys this \$20 Outfit. \$1 Sends it to Your Home. GUARANTEED FOR FIVE YEARS.

Our \$1 Offer. A payment of only \$1 and your promise to buy the rest of the outfit in 12 monthly payments of \$2 each will buy you the most complete and perfect outfit ever made. The outfit includes a treadle, foot, needle, and all the accessories. It is guaranteed for five years.

Why We Can Make Such a Liberal Offer. The more we buy the cheaper we buy, and the cheaper we buy, the more we can afford to give. We are not only able to give you such a liberal offer, but we can also give you a free trial of our sewing machine. We are confident that you will be satisfied with our offer.

COUPON. Name, Address, Occupation, Age, Nearest Express Office. S.J.T.R. A Last Word. If there is any further information you wish to receive, please write to us. We will be glad to answer your questions and send you a free trial of our sewing machine.

JOHNSTON & CO. Canada's Largest and Leading Talking Machine Deal. 191 Yonge St., Toronto, Can.
