Ottawa Hears His Roy a Dissolution of Parl a Threat of Borden's Him to Yield—Date 28 and Announcemen

Despite Avalanche of

(Special to The Telegraph.)
Ottawa, May 8—With all preparatio made for a dissolution of parliament the week, and with the election date fix for June 28, the government tonight still apparently unable to shove its over the brink. Hon. Robert Rogers still shoving and the whole fabric toppling and will probably plunge ov tomorrow or Wednesday. All that now keeping it back is a last minus hanging back on Premier Borden's pathe waiting for the consent of the Du of Connaught and the fear caused the flood of protests which have compouring in from prominent Conservives in all parts of Canada, who patriotism ahead of mere political epediency of the Rogers' type.

The premier was to have given consent today, but in authoritative circ it is stated tonight that he has defer the final word until tomorrow. To the action which his royal highness take when the formal request for solution is made. It is stated that too, has received many protests again allowing an unnecessary and inopportule cruiting and the cruiting a

cruiting and the present national unifor war purposes. Any objection fullin, however, could be overcome, if n

Plymouth, Eng., May 4, 1.35 a, brought from the Scilly Islands to and the body of Captain Alfred Gu which was torpedoed off the Scilly chief engineer remain with the vess after the interests of the steamer

In an interview at Penzance, se officer, Paul Bower, of the Gulfi whose home is Chicago, said:
"When the Gulflight left Port A "When the Gulflight left Port Ar we were followed by a warship of description, which kept out of sight in touch by wireless and warned ut to disclose our position to any one. "At noon Saturday we were 25 west of Scilly. The weather was but not thick. About two and a miles ahead I saw a submarine. I on watch and notified the captain chief officer, who also saw the surine. It remained on the surface three minutes and then disappeare "Twenty-five minutes later we struck by a torpedo on the star side and there was a tremendous of the surface before discharging the pedo.

the surface before discharging the pedo,

"Previous to this we had been m two patrol boats, which accompani on either side.

The boat on our starboard side we badly shaken by the explosion the trew imagined that she had also torpedoed.

"We immediately lowered the and left our ship and were quickly en on board the patrol boats. But fog increased and we drifted abounght and did not land at Scilly 10.30 o'clock Sunday morning.

The Captain's Death. The Captain's Death.

The Captain's Death.

"At midnight of Saturday, while on board the patrol boat, Captain ther summoned me. I found him and he said he wanted some one a cigarette for him. He then the bis arms and fainted. From their the time of his death, which occupants and indistinct, but we could distitute that he wished some one to take this wife. The crew had always and indistinct, but we could distitute that he wished some one to take this wife. The crew had always and indistinct gunther as a healthy and had never heard him complased and an ever heard him complased and assistant engineer, Crist, Guiffight said:

"I was one watch in the engine when we were torpedoed, and so was the blow that the Guiffight to be tumbling to pieces. She and to be lifted high in the arir and descend rapidly. I told the boys it if as quickly as possible and shengines down.
