ST. JOHN, N. B., AUG. 9, 1872.

The Elections.

The friends of the candidates worked with an energy and determination never before witnessed in St. John. In every Ward in the City the ground was contested manfully, nothing being left undone on either side. Up to eleven o'clock the vote stood about even, the DeVeber men having made their grand charge at an early hour and with such vigor as to astonish Mr. Tilley's friends. It is difficult to correctly estimate the value to Mr. DeVeber's side of this brilliant coup, for while it undoubtedly inspired all his adherents and enabled them to dispose at an early hour of some unreliable voters, it at the same time stirred up the Tilley party to more vigorous and active measures than they might otherwise have taken. It was, however, a notable incident of the election and worthy of special mention. Considering the intense feeling of the contending parties, and the issues at stake in the election, the day passed off very quietly. One or two blows were struck in King's and Wellington Wards, and in the evening there was some talk in the bar-rooms, but with these exceptions there was no violence shown nor were any attempts made to intimidate. The election, as a whole, was so peacefully conducted as to surprise the visitors in our City, and reflected the highest credit on the holders of the franchise. The result was not disappointing to the leaders on either side, except as regards the extent of the majority. Mr. DeVeber's friends had an assurance of polling a heavy vote, but his last informed supporters were not over confident of victory. Mr. Tilley's supporters had a thorough canvass and saw no prospect of victory being imperilled. The scenes at the polling booths, the meetings, speeches, the torch-light procession, the Victoria Hotel gatherings, Mr. Tilley's reception, the serenade by the City Band to Messrs. Tilley, Burpee, Palmer and Elder, are alluded to in the morning paper. It is safe to say that the excitement and jollity of last night were utterly without parallel in the City's history.

The battle having been fought in this City and County—admittedly in a gallant and honorable manner; the contending hosts having argued, discussed, dissected and disposed of the leading causes of grievance as between Government and Opposition, and the merits and demerits of all the candidates, it is to be hoped that business, temporarily suspended, will resume its accustomed channels; that personal friendships, temporarily disturbed, will be cemented afresh; and that all will unite their energies for the common good. It is tolerably certain that the Government with which our City members have joined their fortunes will be sustained throughout the Dominion, and our duty to our Province demands that we should utilize the Government and its influence as much as possible for our local interests. In reference to legislation on the Tariff, on Shipping, on Elections, on Public Works, on the Manufacturing Interests, etc., we should be in a position to require that our special interests shall be over-looked, and this we can only attain by our members giving the Government a fair support—certainly not a factious opposition. There are immense revenues to be expended by the Dominion; there are great public improvements still needed in this Province; there are "Better Terms" still to be fought for and secured;—and a score of other important measures to be dealt with, and as we will have a larger and a much abler representation in the Commons than before, we may reasonably expect that our influence in the councils of Canada, properly directed, will be greater in the future than it has been in the past. It only requires that we should forget the old causes of contention and give to the men whom we have elected—men who received the votes of all classes and creeds and political beliefs,—that loyal support to which they are entitled, to enable them to battle for our rights and win those triumphs which energy and persistence, wisely directed, never fail to accomplish.

Mr. Walter Shanley, Engineer, and Mr. Walsh, Chairman of the Inter-Colonial Railway Board, have lost their election. Mr. Dodge, a naturalized citizen, has been elected for North York, in spite of Mr. George Brown's speeches and personal efforts.

For the first time since the opening of the Confederation campaign, Mr. Tilley received a large Catholic vote yesterday.

None of the above members has declared against the Government.

The election in Kent took place today. Mr. Renaud being opposed by Mr. R. B. Cutler, both friendly to the Government.

In Charlotte, Hon. John Macdonald and A. H. Gillmer, Jr., Esq., are running. Mr. Macdonald very friendly to the Government and Mr. Gillmer independent.

In Orleton, it is said, Messrs. Connell and L. P. Fisher will oppose each other. Mr. Connell being of the Opposition and Mr. Fisher independent.

Mr. Moffat, Government man, will probably be re-elected for Resigouche, and Mr. Anglin, Opposition, for Gloucester, Captain Calhoun is opposing Mr. Wallace in Albert, both understood to be friendly to the Government. We have no advice from Victoria. To-day is Nomination Day in King's.

The Elections.

The Elections in the different Counties of the Province will take place on the following dates, viz:—

Nomination.	Polling.
Kent, Aug. 5	Aug. 9
Orleton, Aug. 5	Aug. 9
Charlotte, Aug. 10	Aug. 14
Resigouche, Aug. 10	Aug. 14

Mr. How; for Guysboro, Mr. Stewart Campbell; for Victoria, Mr. Ross. Excepting the last named gentleman, all of these members are Government supporters. Mr. Tupper is opposed in Cumberland by Mr. W. A. D. Morse. In Pictou, the Government candidates are James McDonald and Robert Doull; Opposition, J. W. Carmichael and James Kitchin, Jr. In Annapolis, Ray and Longley were nominated, the latter being the most favorable to the Government. Messrs. Almon and Tobin in Halifax, Government candidates, are opposing Messrs. Jones and Power, the latter of whom voted for the Washington Treaty and is believed to be not unfriendly to the Government.

OUR BOSTON LETTER.

The Rev. Professor McKnight, who is to preach in Calvin Church on Sunday, occupies, if we mistake not, the Chair of Hebrew in the Halifax Presbyterian College, and is the gentleman who distinguished himself at the meeting of Synod in June last, in a most telling and argumentative speech in defence of the Marriage Affirmation question. He is an able and effective preacher, and one of the most profound theologians in connection with the Presbyterian Church of the Lower Provinces.

OUR BOSTON LETTER.

The first gun of the campaign has fired a blank cartridge. North Carolina has spoken in very ambiguous terms, the reports being conflicting and the result, as the present writing, undetermined, although it is pretty certain that the Reform party have achieved a small success, the which, like wise politicians, they are making the most of. The latest defection from the Reform party was issued on the eve of the contest, too late to effect much the result of the election, but time enough to do serious damage to the Administration party of the old line. It was a defection from the Reform party, and was made by a man who, in the eyes of his opponents, and many and bitter are the comments it excites. Speaker Blaine's answer, penned with more than discretion, has provoked the Senator to a caustic reply, wherein the latter evoked from his opponents, and many and bitter are the comments it excites. THE ARIZONA DIAMONDS.

A TALK WITH A TRUSTEE OF THE SAN FRANCISCO AND NEW YORK MINING COMPANY.—A REFORMER FEASTING HIS EYES ON A BOX OF DIAMONDS, RUBIES, AND SAPPHIRES.

The news of the discovery of diamond fields in Arizona, published last week in the Star, has created intense excitement throughout the city. Yesterday a Sun reporter called on one of the New York trustees, a gentleman of wealth, high reputation, and unimpeachable integrity.

betaken the active and vigilant partisan. On that occasion he was accompanied by his young and beautiful Chilean wife, who was introduced to the audience with an apology for her ignorance of our language. It is a feature, and by no means an uncommon one of American politics, that non-scrupulous foes have recourse to the vilest personal calumnies, and that the grosser libel, the harder to disprove, the more readily uttered and re-echoed. In the case of General Kilpatrick, he is called upon to prove his innocence of a charge, adduced by the New York Times, that he had disgraced his position as United States Minister to Chili by endeavoring to introduce at court a woman of bad reputation. The alleged event occurred several years, at some five or six thousand miles distance, and could only be contradicted by a tedious and uncertain process of law. General Kilpatrick has taken the reader method of instituting an action for libel against his defamers, which may come off some time in the distant future, meanwhile relying on his personal character to clear himself. The fact that the charge, whether true or false, cannot be said to bear directly on the merits of Grant or Greeley as presidential candidates, it is a specimen instance of the gross personalities, only too common in all political contests, but more than usually so in the present campaign. This incident may throw some light on the much discussed question, why American "gentlemen" take little or no interest in politics.

OUR COLONIAL FRIENDS.

are excited over the publication of Mr. Sumner's letter. They are holding public discussions on the question of the hour, and the papers are beginning to publish articles from freedom, of more or less discerning, expressing their individual opinions on the utterances of their life-long champion. It may interest the world to know that the "Rev. P. Randolph" is not "F. B. Randolph" who endorses Senator Sumner, but are entirely different, and on his own showing, more respectable, and of better standing in the community. Mr. W. Smith, the "G. Washington Smith" who has been called for Greeley at the meeting in Phillips Street Church last evening. This is important, and interesting, and almost as gratifying as the announcement, that "Five Brothers of Ward Six," in today's Advertiser boldly avow their preference for Grant and Wilson, as an offset, I suppose to some six polemical Broeders in Ward Five who "came out" for Greeley and Brown.

AN IMPARTIAL JUDGE.

AN OXFORD COUNTY JURY DECIDES IN FAVOR OF DRUNKENNESS, PEACE OFFICERS, AND PAYS A FINE OF \$10.

[From the Times Observer.]

Old Olego county boasts a Justice of the Peace who shines out in the annals of local fame as arranging himself for a defendant in a case of drunkenness. He referred to (no matter about his name or where he belongs) possesses the excellent attributes of integrity, ability, and worth. On one occasion he forgot his magistracy, let down in a weak moment the judicial reins which should hedge him in and roamed into the field of Bacchus. In short, on a recent occasion he imbibed too much strong drink, and in his mad and unreasoning state, he made up his mind to do as he pleased.

THE MILLION CAPITAL.

Report—It is true that the capital stock of the company is as much as \$10,000,000.

Trustee—That is the nominal capital. Only \$4,000,000 have been offered for subscription, and this amount has been subscribed.

Reporter—The company has already pre-empted 3,000 acres?

Trustee—Yes, but this will not prevent energetic miners from going there. They may find diamonds in other places. The Harrison Solo was not a success, but it was a discovery.

Reporter—How long has the discovery been known to the founders of the company?

Trustee—A year and a half. A year ago we already had a deposit of \$300,000 worth of diamonds.

Reporter—What do the diamonds look like?

Trustee—I can show you some.

Concert of the Choral Society.

The election and fog combined had a depressing effect on the Choral Society's Concert last evening. The election kept away the gentlemen, and the audience numbered about five hundred ladies, and only about fifty of the sterner sex. The fog kept away the Germania Band, and instead of giving the "Creation" an orchestra, the Concert was made a vocal one. The fog seemed to have got into the ushers, as they evinced the rarest stupidity in seeking seats. The concert commenced at twenty-five minutes to nine. The first piece, "A Wake, Aolian Lyre," by the Choral Society, was rather weakly given. Mr. Winch sang "The Stirring Cup" with a full, clear voice, and faultless expression, owing, doubtless, to the absence of the gentlemen who had been so much to be applauded at concerts. "I'm Content," by Mrs. Weston, was given in excellent time and tone. "Cala be thy Slumbers," by the Choral Society, was much better rendered than the first piece. The Harrison Solo was not sung, and Ardamanni having a sore throat. Several changes were made in the programme in the course of the evening. "Where art thou, Beam of Light" was given in excellent style by the Chorus, and Mr. Winch, in his song, "There's nothing like a Freshening Breeze," sang so splendidly that it was like the revivifying influence of a refreshing breeze on the audience, and he received a decided success. "Marjorie's Almanac," by Mrs. Weston, was also encored. Mr. Ernest Peiler wielded the baton ably during the evening. The second concert of the course will begin to-night.

Concert of the Choral Society.

Good audience continues to patronize the pleasant seats of the Opera House every night, notwithstanding the numerous other attractions. Miss Jennie Kimball, whose vocal powers have made her many admirers, possesses a sweet, clear voice, and she sings with great expression and a correctness that few who favor St. John audiences surpass. Her engagement will continue some nights longer. The performances of Talbot, Badworth, Colan and the rest of the Company are very amusing. Prof. Muller gave some Scotch airs last night which were very much applauded. A good entertainment will be given to-night.

Concert of the Choral Society.

When Mr. Pickard was re-elected the other day, Mr. Beckwith said he did not second Mr. Pickard's nomination merely for his qualifications as a representative, but also because his name was "John," for this was a very distinguished one. We had John A. Macdonald, the ablest man in the Dominion, there had been John S. Macdonald (now deceased), our own John Macdonald, John Richards, and last, but not least, himself, John A. Beckwith, all of whom had left the impress of their talents, in various ways, on the institutions of the country. —[Head Quarters.]

Dreadnaught—John Collins, James Harding, Cornelius Driscoll, Andrew Hurley—white shirts, with red caps and green bands.

Sunrise—George Lord, Edward Craig, James Lord, Albert Grant—white shirts, pink hats with yellow bands.

Oarsmen's Pride—Alex. Mullin, Wm. Doves, Charles McCarthy, M. Houghton—pink shirts, pink caps and green bands.

Concert of the Choral Society.

At the start the "Flying Cloud" took the lead, but returned after a short distance on account of the water being rough; the other three boats rowed over the course, from Rankin's wharf to the Beacon and return, about two miles. The "Hutton" took the race—time 20 min. the "Dreadnaught" came in second in 31 minutes; the "Oarsmen's Pride" third, in 24 minutes.

The prizes were Meerhaum Pipes. Several minor races would come off if the water was smooth enough this afternoon.

Concert of the Choral Society.

In the case of John Chisholm against Catherine Treddwell, which was postponed last week until to-day, Chisholm gave evidence to the effect that he had been paid \$48 and \$50 when he entered the house, and that after he went out he found that his money was gone. The case was postponed until 2 o'clock this afternoon.

W. Madigan, charged by J. W. Lynn for defaming and assaulting him, pleaded not guilty. Mr. John Kerr appeared for the defence. Fined \$30 and 3 months goal.

Concert of the Choral Society.

King's County Nomination.

(By Telegraph to the Tribune.)

HARTCOCK, Aug. 9.

King's County nomination opened at eleven this forenoon in presence of a very large attendance of electors.

J. E. B. McCready, Esq., was nominated by Messrs. McMonagle, Pugsley, Tinas, Keith, Arnold, Raymond, Harrison, Dexter, Morton, McLeod, Noylan, Hayward, Jefferys, Perry, Fowler, Belyea, Ganong and 25 others.

L. N. Sharp, by Messrs. Baxter, Flewelling, McLeod, Britton, Hayes, Sprague, and 40 others.

James Dumville, by Messrs. Oty, Scovill, Foster, Woodward, Fraser, Deneber, Stockton, Vail, Arnold, Sheek, Lyon, and 40 others.

King's County Nomination.

Mr. McCready was the first speaker. He spoke briefly of the results of Confederation and said we should have Better Terms, and are treated unjustly in the matter of Judges' salaries and in the Civil Service. We had been no allowed no seat in the Senate and should have good Commons representation. He claimed to have more stake in the County than Mr. Dumville or Dr. Sharp. He showed that the agricultural interests should be represented and claimed for a politician a course of training. He reviewed the policy of the Government, which he held support so far as constitutional with our interests.

King's County Nomination.

The remainder of Mr. McCready's speech was taken up with local matters.

Dr. Sharp spoke of his educational training, and the importance of laying the foundation of future prosperity. He denied that he had promised to support McCready in his present election, although it was said by that gentleman that he had.

King's County Nomination.

Mr. Dumville acknowledged the courtesy toward him by Dr. Sharp. He claimed that his residence and interests were in King's, and that he was no citizen of St. John. He spoke of his business enterprise in the country, and proved that he had no complicity in the Scovill affair; that he had been deeply injured by that failure from which he had only recovered by his loaning money in English market. He would promise no office but if elected would do all to advance the commercial and manufacturing interests of the County. He had \$1,000 a few days ago to establish a factory at Sussex and would be prepared to engage in many similar prospects. We should have a line of steamers to West Indies to carry our produce direct.

King's County Nomination.

Dumville still speaking at 2 o'clock.

The Buffalo Horse Fair.

The annual trotting meeting of the Buffalo Park Association commences on Tuesday, Aug. 28, and continues over Wednesday, Thursday and Friday, the 29th, 30th and 31st. The success which has attended this association since its establishment in 1868 shows strikingly the effects of liberality and enterprise in the management. In that year \$10,000, a then unprecedented amount, was offered as premiums for four days trotting, and every one prophesied that it was more than a draw-away. It proved a financial success, and in the following year, 1870, \$14,000 was given. Still property attended them, and in 1871, \$20,000; in 1872, \$24,000, and in 1873, \$50,000 was offered for public competition. So far from losing anything by such a show of liberality, it has been found that the entries increased in proportion to the size of the purses. In 1870, when \$20,000 was offered for a single race, the entrance money alone covered the purses, and last year, when \$50,000 was given, the entrance fees amounted to considerable more. This year the princely sum of \$60,000 is offered, and it is expected that the meeting will be still more brilliantly successful than its predecessors. The entries closed on Saturday night, the 27th of July.
