## For the Wesleyan. TOBIQUE MISSION.

DEAR MR. EDITOR,-I feel satisfied God has placed me in the right portion of His vinevard this year. On coming to my new circuit. I found the friends so kind that one content with his situation. After my first sermon at Upper Kent, one old gentleman grasped me by the hand and cried out. Welcome to this circuit sir, welcome to

After a visit of the entire circuit, I was suaded to be christians," besides the hard ground he had broken up for the Lord. I find this mission is too large for one man. the people, we must have two ministers of this mission next year. The friends on the Tobique River offer to support a young man among themselves, and the other part of the circuit is quite able to help itself.

At our last Quarterly Meeting the friends of Upper Kent decided to build a Wesleyan Parsonage in that place, hoping soon to ask for a married man. They will begin to erect it in a few weeks, and the friends of Arthurette, Tobique, are decided to build a Wesleyan Church there, the foundation of which is to be laid this autumn. An acre of good land has been offered, for the above named church, by Mr. E. P. Brown, (Free Church Baptist), a young man of noble heart.

I feel thankful to say God is blessing my

TWO NOVA SCOTIANS LOST IN

THE FOG. SEVEN DAYS ADRIFT IN A DORY ON GRAND BANK WITHOUT FOOD

(From Cape Ann Advertiser.

Two of the crew of schr. Marathon, of this port, Geo. M. Roberts of Yarmouth, N. S., and James Austin of Liverpool, N. S., left that vessel on Grand Banks at halfcould hear the shouts of their companions, but all efforts to reach them proved una-

vailing. It soon commenced raining, and the two men made up their minds to do the best they could through the night, in hopes

to find their vessel in the morning. Fortunately there were three trawl tubs on board, and two of those were made fast to the painter of the dory, and did most extered upon a long contemplated work, the cellent service as drags, keeping her head We confidently to the sea. The night passed drearily, and expect that the wide spread sympathy felt in this enterprise will take a practical shape. dawned. The fog still continued to envel-The work is largely a connexional one, as we ope them, and they concluded to row to the subscription. We shall have no resources they lay to drag all day, drifting to the from sale of pews as all the sittings are to be eastward. Took watch and watch this

I am glad to say that many of our people light, in hopes to catch a glimpse of some light from a passing vessel, but their hopes here in the Circuit and in the Institution, are were disappointed. It rained during the doing their utmost to forward this work, and night, and they were fortunate enough to with its progress the interest grows deeper catch a good supply of water in their re-maining tub. Of this they drank sparingand wider. The ladies of the congregation commenced preparations, some time since, for ly, and it served to appease the fearful a small fair, and on my return from General pangs of thirst and hunger. On the third day they rowed to the

north-west, in hopes to get into the track of nearly eight hundred dollars. This sum of the steamers. The fog still continued. with more to be won by the same indefatiga- and no vessel was seen, and they passed ble workers is intended for furnishing the another night in suspense. The men were by this time getting discouraged, more es.

pecially Mr. Austin, who had contracted a with, and we anticipate opening the basement severe cold the first night out, and was troubled with such severe shaking of his limbs that he could not sleep. The more J. HART. tinued moderate through the day. This

gave them courage, and although quite weak, they rowed to the westward, keepgard to an accident that might have been sail, and doing their best to keep up each

other's courage. A shark came alongside Our congregation had a narrow escape during the day, and they endeavored to last evening from a serious accident.
