International & Colonial Exhibitions.

Antwerp in 1885—London in 1886.

It is the intention to have a Canadian re-
presentation at the INTERNATIONAL EXHIBI-
TION at Antwerp, commencing in May, 1885,
and also at the COLONIAL and INDIAN EXHIBI-
TION in London in 1886.

The Government will defray the cost of
freight in conveying Canadian Exhibits
to Antwerp, and from Antwerp to London,
and also of returning them to Canada in the
event of their not being sold.

All Exhibits for Antwerp should be ready
for shipment not later than the first week in
March next.

These Exhibitions, it is believed, will afford
favourable opportunities for making known
the natural capabilities, and manufacturing
and industrial progress of the Dominion.

Circulars and forms containing more particu-
lar information may be obtained by letter
(post free) addressed to the Department of
Agriculture, Ottawa.

WHAT IS CATARRH?

From the Mail (Can.) Dec. 15.

Catarrh is a mucous-purulent discharge caused
by the presence and development of the
vegetable parasite amoeba in the internal lin-
ing membrane of the nose. This parasite is
only developed under favourable circum-
stances, and these are:—Morbidity of the
blood, as the blighted corpuscle of uric acid,
the germ poison of syphilis, mercury, toxo-
mia, from the retention of the effete matter
of the skin, suppressed perspiration, badly
ventilated sleeping apartments, and other
poisons that are germinated in the blood.
These poisons keep the internal lining mem-
brane of the nose in a constant state of irri-
tation, ever ready for the deposit of the seeds of
these germs, which spread up the nostrils
and down the fauces, or back of the throat,
causing ulceration of the throat; up the
eustachian tubes, causing deafness; burrow-
ing in the vocal cords, causing hoarseness
usurping the proper structure of the bronchial
tubes, ending in pulmonary consumption and
death.

Many attempts have been made to discover
a cure for this distressing disease by the use
of inhalants and other ingenious devices, but
none of these treatments can do a particle of
good until the parasites are either destroyed
or removed from the mucous tissue.

So long time since a well-known physician of
forty years' standing, after much experiment-
ing, succeeded in discovering the necessary
combination of ingredients which never fail
in absolutely and permanently eradicating
this horrible disease, whether standing for
one year or forty years. Those who may be
suffering from the above disease, should, with-
out delay, communicate with the business
managers,

FROM THE PRESIDENT

OF BAYLOR UNIVERSITY.

"Independence, Texas, Sept. 26, 1882.

Gentlemen:

Ayer's Hair Vigor

Has been used in my household for three
reasons:—

- 1st. To prevent falling out of the hair.
- 2d. To prevent too rapid change of color.
- 3d. As a dressing.

It has given entire satisfaction in every
instance. Yours respectfully,

WM. CAREY CRANE."

AYER'S HAIR VIGOR is entirely free
from uncleanly, dangerous, or injurious sub-
stances. It prevents the hair from turning
gray, restores gray hair to its original color,
prevents baldness, preserves the hair and
promotes its growth, cures dandruff and
all diseases of the hair and scalp, and is,
at the same time, a very superior and
desirable dressing.
