Ottawa, May 17, 1910.

Sir,

Referring to your report for the month of April I beg to say that your remarks in reference to the treatment of colds and grippe have been noted.

In this connection the Department wishes to know whether use could not be made of the hospital building in connection with the Growstand Boarding school for the treatment of these and other diseases. It is presumed that the school authorities would make no objection and the services of the nurse would be available.

Your obedient servant,

Secretary.
