~~200~~

Sir I have to acknowledge the receipt of your letter of the 29th ultimo, with enclosure, in further reference to the application of Mr. A.L. McHicken for a Patent for a Mining Location on Sultana Island; and in reply I have to inform you that the sketch of the Location, although duly signed by a P.L.S., does not show the width and depth of the same. It is therefore returned herewith, in order that you may forward it to Mr. McHicken, with the request that he will furnish a Surveyor's description of the Location applied for; and you should inform him that such description must not include the strip, 50 links wide, along the north boundary of the Location, which it has been
