

You are in Toronto - but I
 believe a well-known.
 I know what grief the
 will be to you all - especially
 you dear Mother -
 Isabel has always so much
 and unexpressed - that I
 expect she has more ill
 than anyone knew, for a long
 time - It is all so hard &
 here - Life has been me
 long seasons everywhere - the
 loss & isolation of her -
 when we have going from me
 and yet we must live
 and live on park -

Please give my love & sympathy
 especially to your heart -
 all love and to yourself
 by your prayer for
 healing in this time of need.
 Love & sympathy
