

**"Strops Itself"  
as well as a  
Barber could  
strop it.**

Perhaps on some occasion you have come across a barber who has given you "the shave of a lifetime"—close, velvety—a razor touch that was almost a caress.

If so, it was because he was an exceptionally good stropper, and therefore had an exceptionally keen blade to shave with.

THE  
**"VALET"  
AutoStrop  
Safety Razor**

will give you every morning just this kind of shave, because the blade meets the strop at the very angle and with the very pressure which will give the keenest shaving edge. Moreover, one blade will last for months, or even years. That makes it the cheapest razor, too.

It is impossible for any razor to shave properly unless the edge is renewed by stropping every time; so the razor which can be most conveniently and readily stropped is the one which the man with a real beard on his face requires.

THE STANDARD SET consists of heavily silver-plated self-stropping "Valet" Safety Razor, twelve genuine "Valet" blades, and "Valet" strop; the whole in handsome leather-covered or nickel-plated case **21/-**
