PANAMA**"FACTS are better than ASSERTIONS"**

The Isthmian Canal Commission wisely demanded a special quality cement for the Panama contract let May, 1905. The sea water clause, while necessary to insure the work, was undoubtedly severe. One of the largest American Companies tied the bid of Alsen's. The Government awarded the contract to Am. Alsen's in preference, at equal figures. The bids are on record at Washington. Alsen's product has always been recognized as of higher average quality than any other brand. It is ultra high grade and a more practically portland. It has become known as the "absolutely safe cement."

Over 40 years experience catering to Engineers of all countries and superior raw material should count for something.

"Most cement is good at times."

"Many cements are usually good."

"ALSEN'S—ALWAYS"

ALSEN'S - 45 Broadway, NEW YORK

A Cement which matures slowly is stronger ultimately, but we gladly furnish quick setting when specified.
