

The Greatest Value On the Face of the Earth

Overland \$890

**New Series
Model 75B**

Roadster \$870

f. o. b. Toronto

Never before at anywhere near its price — \$890 — has there been a car which would measure up to this one.

Take it point for point and compare it for downright value with any car you have ever seen or heard of.

In appearance, there is

nothing at the price to equal the superb style of its pure streamline body.

In comfort—no car at the price is so roomy, none at the price have cantilever springs—none ride so easily.

In completeness of equipment—every single thing is

furnished—not an extra to buy.

Go over the entire field and see if you can find such real tangible value in any other low priced car.

The Overland dealer will show you other value points—see him at once.
