

HOW TO PAY OFF MORTGAGE

The Manufacturers' Life Insurance Company issues a plan of insurance by which, at a cost of about 2 per cent. of the amount, any man may pay off his mortgage and leave his farm in whatever way he mortgaged free and clear to his family, either during his lifetime or at his death.

JUST WHAT EVERY FARMER WANTS! A LOW DOWN WAGON

With Regular Height Wheels. We are the first in Canada to introduce HOLLEY'S PATENT STEEL DROP AXLE FARM WAGON

This has become immensely popular in the United States, where it was first invented and patented.

We mention only a few of its many good features:-

The front wheels are so attached to the axles as to prevent any whipping or slatting of the pole when wheels pass over obstructions.

By the same arrangement the wagon may be turned in a very short space.

It can be used with or without a box, and, by lengthening the gear, it is well adapted for hauling lumber, poles, long timber, etc.

THE MOST IMPORTANT FEATURE is that the BODY OF WAGON IS HUNG LOW, being only 15 inches from the ground.

It will be apparent to all that this makes it the most perfect and convenient wagon for Farmers and Teamsters ever before introduced, especially when loading heavy material. Please examine these wagons in our exhibit at the principal fairs.

ANDERSON'S DOUBLE ACTING Force - Pump

(FOR HAND POWER OR WIND-MILL.)

The Pump proper, that forces the water, is placed near the bottom of the well; is always PRIMED and lubricated; cannot possibly freeze. Has no leather suckers of any kind, no stuffing box, no rod working inside the conducting pipe—all of which add weight and create friction; but, instead, we give you a DOUBLE ACTING SUBMERGED PUMP, so constructed that the working parts are completely balanced at any depth; will wear a lifetime. The water does not settle back on the valves between strokes, but is kept in continuous motion, producing a continuous forced stream. The best and most durable Pump in the market.
