

## Boys Soon Wear Out Ordinary Clothes

Most lads are small respecters of wearing apparel. That is why we have selected our full line of boys' coats, trousers, jerseys, hats and other furnishings from makers who know the need of boys.

Every article is made to wear well and stand the strain of running, jumping, climbing, ball playing and the many hundred other daily activities in which boys engage.

And there is an air of style in all our boys garments that places them in a class of their own, quite apart from rough and ready clothes.

Let us fit your sons with our usual attention to quality and price.

## ST. AGNES SCHOOL HAD A YEAR OF PROSPERITY

Annual Closing and Distribution of Prizes Last Night — Congratulations Addressed by Visitors Present — The Program and the Prize-Winners

In spite of war conditions the 15th annual closing of St. Agnes' School last night showed that institution to be progressing. "Two years ago the school was very small, last year we broke even," said the Venerable Archdeacon Beamish during the course of his remarks as chairman. "This year we are away ahead of that." He lamented the enforced absence of the Lord Bishop of the Diocese who is usually with them to attend the prize-giving. Letters from many former pupils were received. All are engaged in some valuable work for their country.

The program which followed clearly showed excellent quality of the work of the school, especially the pianoforte department. Two numbers in French very prettily given testified to the charm and usefulness of that language.

Rev. A. L. Geen in presenting the prizes to the Junior School was pleased to remark on the prize for General Proficiency. This means a good foundation as well as superstructure.

Mr. Brewin, of Ottawa, introduced as a representative of both church and state, told of his own experience at a prize-giving. This was in a dream, in which prizes were presented to those who deserved them most, i.e. the teachers. There were also addresses by the girls on such topics as "How to Dress a Girl," "What to do with a Girl during holidays," etc. Mr. Brewin paid high tribute to Miss Carroll, her sterling character being imparted to all her pupils. Going on as if speaking to boys with whom he is better acquainted, he reminded them there were two kinds of boys in every school. To one kind everything was wrong because he gave nothing, the other gave his loyalty and thus brought out the best of the school. The girls who are leaving have an opportunity to help make a new world. The old world has been smashed because the old idea was to get, to have, and to enjoy. The new idea is to give, to be, to serve, and to carry God into everything.

Mr. John Elliott, a member of the advisory board spoke with a cosmopolitan outlook, his aim is, hand in hand with Albert College and the new Collegiate which is to be built as soon as the war is over, to make Belleville an educational centre.

In presenting the music prizes, Mr. Wheatley spoke very earnestly yet encouragingly. The work in music had been good this year, but the girls had not had long enough for ground work. He observed an undue degree of nervousness. This is always due to (1) lack of self-confidence, which is not egotism but a knowledge requisite to what one undertakes. No power can help a girl do what she thinks she cannot do, (2) lack of self-control i.e. power of mind over body. Life is not playing a good hand but playing a bad one well. (3) concentration is the only cure. Lose yourselves in the part you play. Do not fear you are being laughed at. You owe to St. Agnes, to Canada, to the British Empire, "What I can do I ought to do, and what I ought to do I can do, and what I ought to do I will do."

Miss McQuig's prize will be presented tonight at her own recital. Other words of greeting and congratulation were spoken by Mr. H. F. Ketcheson, Rev. W. G. Swayne, Rector of Christ Church, Rev. Dickenson, Dr. Baker and Col. Ponton. The audience then adjourned to the art room. Miss Emma Clarke, who is in charge of this department, is too well known in Belleville to need further testimony of the excellent grade of work done by her pupils. Seven of the pictures exhibited immortalized Elm Pool and its picturesque surroundings.

The following is the program: A la Bien Aimee, Schutt, Miss Julia Parker. Mammy's Song, Gillette, Miss Betty Gillespie. Palonaise, Scharwenka, Miss Judith Brewin. French Reading, "Ma Normandie" Berat, Miss Gwendolene Lazier. Monastery Bells, Wely, Miss Marion Strickland. (a) Crescendo, Nason; (b) Etude in A flat, Miss Nancy Watson. Froggie's Lullabye, John McGhie, Miss Forman. The Butterfly, Greig, Miss Helen Falkenberg. (a) Voices of the Woods, melody in F, Rubinstein; (b) Hash-a-bye—Gerald Lang, Singing Class. Réverie, Vieuxpont, Miss Higgs. La Lettre Charge, scene 1 Labiche Hector—Miss Nancy Watson; Hortense—Miss Maud Macpherson. Rondo Capriccioso, Mendelssohn, Miss Jean Evans. Distribution of prizes.

### W. D. HANLEY CO.

Phone 812 - 329 Front St.

per prosecution of the war. Make no engagement for Saturday, 22nd June. Contribute the day to the Allied Cause and help to make the National Registration a success worthy of Canada's great war record.

### Fight 20 Hun Planes and Five are Downed

Capt. Alfred Atkey, M.C., A Young Toronto Flyer Wins Bar to His Cross.

Capt. Atkey, referred to in the following report, is the son of Anna Shaw Atkey, formerly of Foxboro and Alfred Atkey formerly of Toronto, now farming at Nunehor, Sask. He is a cousin of John Shaw of Foxboro and a nephew of Mrs. Don McDonald of Point Abino.

### PRIZE LIST

Junior School. General Proficiency—Mary Roberts, presented by Mr. E. Geen. Good Year's Work—May Vine. Physical Culture—Dorcas Walker. Greatest Improvement—Douglas Watson.

### Fourth Form

General Proficiency—Evelyn Bull presented by Mr. McKeown. Scripture and Physical Culture—Gwendolyn Lazier, presented by Mr. Percy Geen. Needlework—Mary Currie, presented by Miss Driscoll.

### Fifth Form B

General Proficiency—Mildred Smith, presented by Mr. Elliott. Old Testament, presented by Miss Carroll. St. George Willis and Jean Dunbar, equal. Physical Culture, Ruth Edgerly, presented by Rev. A. L. Geen. Most Conscientious Year's Work, Ruth Edgerly, presented by Mrs. Jennings.

### Fifth Form A

General Proficiency—Ada Kotherson, presented by Miss Nordheimer. Old Testament—Not awarded. Physical Culture—Not awarded.

### Sixth Form

General Proficiency, Not awarded. New Testament—Maud Macpherson, presented by Ven. Archdeacon Beamish. French, Maud Macpherson, presented by Mrs. F. Smith.

### Music

Piano, Nancy Watson, presented by Mr. Wheatley. 2nd prize, Helen Falkenberg and Marion Strickland, equal, presented by Mrs. Wheatley. Piano, Judith Brewin, gold bracelet presented by Mrs. Northrup. 2nd prize, Hedda Falkenberg, presented by Miss Milburn. Singing, Betty Gillespie, presented by Mrs. Wilford. Piano, Rosalind Irvine, presented by Miss McQuig.

### Special Prize for Boarders.

Neatness, Maud Macpherson, presented by Miss Milburn. Helpfulness and Thoughtfulness in the Junior School, Mary Currie, presented by Miss Carroll. Mr. Baldwin's prize (gold bracelet) for Best all round girl, Jean Dargavel.

### Tennis

Single (presented by Miss Nordheimer) Nancy Watson. Doubles (presented by Miss Nordheimer) Irene Stafford and Nancy Watson.

## Give 22nd June to Allied Cause

Make no Engagement for that Day Save the one with the Nation.

Preparations are rapidly nearing completion for the spectacular task which Canada will undertake on Saturday, June 22nd—that of registering in a single day, 5,000,000 men and women.

That the task is a stupendous one is best appreciated when one considers the vastness of the country, and the wide stretches that are only sparsely settled. But the importance of the work is such that there can be no thought of anything but unqualified success.

In order to facilitate the work you should plan to be at the registration booth at the earliest possible moment on Saturday, June 22nd. There are a number of questions which you will be required to answer and this necessarily means that a considerable time will be required for each registrant. If there is delay it must be borne with patience, strengthened by the knowledge that the information the Government proposes to obtain is essential to a pro-

pounds during 1917 as compared with 282,000 in 1916. The percentage of increase for butter handled was 19 per cent; cheese 27 per cent eggs 5 per cent; dressed meat 16 per cent and dressed poultry 11 per cent.

### Pert Paragraphs

CANADIAN CHEESE

Ottawa, June 15.—That a higher standard in the manufacture of Canadian cheese has been attained during recent years is indicated in an analysis made by A. McGill, chief Dominion analyst. Of one hundred and sixty-six samples analyzed only six were found to contain less than forty-five per cent milk fat, the minimum percentage allowed in the manufacture of good cheese.

### SON AN ALIEN

There are many puzzles presented about naturalization, but the Toronto Globe is right when it says that the surprising decision of a Montreal court that the son of a naturalized citizen of Canada, although a minor when the father's naturalization took place, remains an alien in this country and is exempt from military service, cannot be permitted to stand.

Montreal, June 18.—Recommendations will be made by the Canadian Industrial Reconstruction Association to establish facilities for industrial and scientific research. The executive committee of the association suggested this move at a meeting of the parent body here in Molson's Bank recently, and it was accepted. The executive committee also decided that a system of exchange scholarships between the English universities outside of Quebec and the universities in Quebec should be established. The desirability of getting into touch with western natural resources of their districts, with a view to the establishment of industrial plants there, was also approved. Plans of Senator Nichols in regard to the development of export markets were endorsed.

With the American Army in France June 15.—An American air squadron carried out the first all-American bombing raid yesterday, destroying certain German military establishments near Metz. Eight aeroplanes dropped ten bombs each on cantonments, supply sheds and railways in the vicinity of Metz. Dammery and Darncourt, returning in perfect formation without losing a single machine.

### Increase in Western Traffic

A remarkable increase during 1917 in handling of live-stock and of butter, cheese, eggs, dressed meat and dressed poultry, over its lines in Western Canada is indicated in a statement compiled by the Freight Department of the Canadian Northern Railway. Any great increase in tonnage in these commodities, of course, could not be accomplished without pronounced progress in permanent farming in areas served by the C.N.R., in Manitoba, Saskatchewan and Alberta. It is significant that the prairie provinces are becoming exporters of dairy products where in recent years they were importers on a considerable scale.

During 1917, 11,363 cars of live-stock were handled over the lines of the Canadian Northern Railway system as compared with 7,245 during 1916. This is an increase of 4,118 cars or 57 per cent.

Of cattle in 1917, there were handled 5,421 cars as compared with 2,900 in 1916. Of hogs 2,274 cars, as compared with 1,768 in 1916. Of sheep 261 cars in 1917 as against 76 in 1916; and mixed stock 3,407 in 1917 as compared with 2,501 in 1916. The percentage of increase in cattle was 87 per cent; of sheep 243 per cent; hogs 29 per cent; and mixed 36 per cent.

During 1917 the produce shipped from stations on the Canadian Northern western lines reached a total of 24,618,000 pounds as compared with 21,436,000 pounds in 1916, an increase of 3,182,000 pounds or 15 per cent. The butter shipped amounted to 8,146,000 pounds as compared with 6,826,000 pounds in 1916, an increase of 1,320,000 pounds. The cheese shipped totalled 1,072,000 pounds as compared with 780,000 in 1916, an increase of 292,000. Eggs, in 1917, amounted to 5,980,000 pounds as compared with 2,980,000 in 1916, an increase of 2,990,000 pounds. Dressed meats handled over the lines amounted to 9,198,000 pounds in 1917 as against 7,865,000, an increase of 1,333,000. Dressed poultry shipments totalled 312,000

## Busy Trenton News

(From our Own Correspondent)

Trenton, June 17, 1918

Mr. P. A. Wallace, of Smith's Falls arrived here today on business. Dr. and Mrs. White were in town this morning from Picton en route for Toronto.

Mr. R. H. Yates, of Elmville arrived in town this morning on business.

Mr. L. D. Dapont, of Napanee, was a visitor here today.

Mr. F. A. MacDonald spent the week end in Picton.

Mr. and Mrs. J. W. Bloomer autoed through Prince Edward Sunday.

Miss Owens, of Bridgeport, was here over the week-end.

Mr. G. G. O'Brien, of Ottawa arrived here today on business.

Mr. and Mrs. E. L. Taylor, of Toronto arrived here today, visiting with friends.

Mrs. Thomas Ferriss, of Buffalo, arrived here today to visit with her son, Mr. Peter Ferriss who is stationed here on business.

Mr. Herbert Adams arrived here this morning on a business trip.

Miss C. H. Robertson, of Peterboro, who has been a visitor here over the week-end left today noon for Toronto.

Now you anxious fish eaters, why not buy Codfish, Flounder and Plaice and leave the good luxury Halibut in the sea for a change. Halibut is a luxury, so consequently it is a high price.

Mr. T. Perry, of Napanee, arrived here this morning on business.

Mr. W. K. Beddell, of Picton, was in town Sunday.

Mr. Keith Best, of Wellington, was a visitor here today.

Great strides are being taken for the national registration here. The ladies are very hard at work.

Mrs. Harold Timmones, of Madooc, was a visitor here today by auto.

Mr. George Raymond left for Ottawa today noon.

Mrs. F. L. Sparling, of Brechin, was in town over the week-end.

Miss M. Gothard was a visitor to Belleville Saturday.

Mrs. Frederick K. Burrows left for Montreal for a few days visit this afternoon.

Spare the children from suffering from worms by using Miller's Worm Powders, the most effective vermicide that can be got with which to combat these insidious foes of the young and helpless. There is nothing that excels this preparation as a worm destroyer, and when its qualities become known in a household no other will be used. The medicine acts by itself, requiring no purgative to assist it, and so thoroughly that nothing more is needed.

The International Red Cross is going to send a protest to Germany against the bombing of helpless hospitals behind the lines. We heard of a man once who tried moral suasion on a rattlesnake.—Times

Oxford County W.C.T.U. opposed the sending of tobacco in any form, to soldiers, and that demanded health certificates accompanying marriage licenses.

The Pill That Brings Relief.—When after one has partaken of a meal he is oppressed by feelings of uneasiness and pains in the stomach he suffers from dyspepsia, which will persist if it be not dealt with. Parole's Vegetable Pills are the very best medicine that can be taken to bring relief. These pills are specially compounded to deal with dyspepsia, and their sterling qualities in his respect can be vouched for by signs of users.
