Burglars in Port Hope Steal Chickens and Ducks

WAS KICKED BY A HORSE

Shooting Accident at Rice Lake

Burglars Steal Chickens and Ducks

Burglars are now turning their attention to chicken houses and last night that prize white Wyandott rooster belonging to Mr. Frank Lapp, Ridoat street, was carried off. Only a few nights ago Mr. Fielding, a neighbor of Mr. Lapp, lost a valuable Orpington rooster. Four very fine ducks the property of Mr. Geo. Edwards, College street, were all ready for shipment to Ingersoll but thieves stepped in on Saturday night and carried them off. Herb Swallow's visions of a fine duck dinner in the western town thereby received a rude jolt.—Port Hope Guide.

Was Kicked by a Horse

Mr. Geo. Hay, of Pleasant Point, was the victim of a slight but painful accident on Saturday afternoon when he was kicked by a horse. The hoof landed on his face and it required eight stitches to sew up the gaping wound. Dr. White was called and made the trip to the point and back in record time.

Shooting Accident at Rice Lake

On Thursday afternoon last, while duck shooting at Rice Lake, in company with his father, Col. N. F. MacNichtan, and Rev. Mr. Bremmer, Ted MacNichtan, of Cobourg, accidentally discharged the gun he was carrying, the charge entering his arm tearing away the flesh and shattering the bone. Medical assistance was sought at Rosemeath and on investigation it was feared that amputation would be necessary. With this in view the doctor ordered his removal to the Cobourg Hospital.—Port Hope Guide.

Played at Carleton Place

On Sunday, Nov. 8, Prof. W. J. Jacobs, Hartley street, presided at the organ in the Methodist church at Carleton Place and in reference to his playing the Carleton Place Central Canadian on Nov. 13 said: "Mr. Jacobs, for fourteen years an organist in Brockville, five of these at Trinity Church, occupied the bench of the Methodist church on Sunday. His courteous manners, thorough rehearsing and marvellous manipulation of the instrument captivated the hearts of choir and people. He gave a short recital after the evening service in response to a suggestion."—Brockville Recorder and Times.

Baby Taken ill on C.P.R. Flyer

Mrs. Thomas and her eight-months-old daughter (colored), are in the Port Hope hospital, the baby having suffered from several severe convulsions while on the C.P.R. train en route from Detroit to Montreal yesterday morning. Ward was wired to the local agent, Mr. C. R. Bradley, and A. W. George & Son's ambulance was present and removed mother and baby to the hospital. The little tot is much better today.—Port Hope Guide.

MARMORA

Miss Eliza Chisholm is visiting at Frankford and Belleville. Mrs. M. E. Carscallen is visiting her daughter, Mrs. Jas. Hodges, of Oakville.

GRAVEL ROAD

The farmers in this neighborhood were about through ploughing before it froze up.

SMUGGLE WHISKEY BY WATER ROUTE

Liquor Being Brought into the State from Canada.

Waterloo, Nov. 18.—District Attorney Jerome B. Cooper and Sheriff Michael J. Gleason went to Oswego on Friday afternoon, where they had a long conference with sheriff L. J. Parsons of Oswego county at the court house for the purpose of organizing a concerted method of breaking up the practice of smuggling whiskey which has been prevailing along the border since last July. It is said.

Burglars Break into Local Office

Several Articles of Value Removed and Door Broken Open.

Peterboro, Nov. 18.—On Friday evening between seven and seven forty-five o'clock the Imperial Life Assurance Company's office 147 Hunter street, over the Bank of Toronto, was entered by burglars and three electric stoves valued at about twelve dollars each and a steamer rug taken from the office. Mr. Wm. Morrison, a member of the staff of the Imperial Life had been at work at office until about 6 o'clock and a later arrival left everything intact, the door securely latched at 7. At 7.45, however, the woman who cleans up arrived to find the latch systematically forced, evidently by a jimmy and the articles mentioned stolen. She immediately raised an alarm and further search found that the burglars had evidently intended to carry their activities to the safe as a match was found near the door. Whether they were interrupted by somebody in the hall from carrying out the safe breaking or lost their nerve is not known. It is thought that their burglar equipment was not as complete as usual as they evidently depended on the street lights to conduct their robbery as only the stoves which could be distinguished by the street lights were taken. One of which was much easier to handle and a better stove was left untouched, the rest taken wires and all from the socket. The door where the burglars forced an entrance is very badly broken. No clue as to the identity of the men has been discovered as yet.

Several Smallpox Cases in Lindsay

Lindsay's medical health officer, Dr. McAlpine, reported three cases of smallpox—two in Lindsay and one in the country. The cases are of a mild type, and have been quarantined.

PORT HOPE

Nov. 18.—Walter on, who did the loop with his automobile on the other night of Monday morning and cost for the day and told the court that the gear of the car was those who witnessed were of the opinion in steering gear had been fixed. He will not be fined again unless the car are in full run.
