TURKISH BLACK SALVE. UNDER THE PATRONAGE OF THE HONORABLI

THE EAST INDIA COMPANY. THIS SALVE, prepared from the original Re-ceipt procured from a celebrated Turkish Hakim, (physician) of Smyrna, in Asia Minor,

and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both these count, ies, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general an all classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and, for that purpose, have established Agencies in all the principal Cities. They flatter themselves that when its wonderful properties shall become more generally known, they will meet with that encouragement which the introduction of such a valuable medicament into a country justly en'itles them.-The contracted limits of an advertisement necessarily precludes their entering into any adequate detail of its merits, but, for the information of the public, they intend to publish, from time to time, public, they intend to publish, from time to time, such statements of cures as have or may occur, and statements of cures as have or may occur, most superior Steamer, which, if desired, will and for the present will content themselves with command a ready sale, and without doubt to advantage; or, if preferred, can be run with a large profit to her owners, as the following extract will which it has been used with the most complete DER BRACKS; TRUSSES Of all Killer, Markets and Compension of the C it will prevent or cure Cancers, also, Swellings arising from a blow on the Breast, Ring Worm, Pains in the Back, Rheumatism, Gout, Pains, in the Chest, Palpitation of the Heart, Complaints in the Liver, Spine, Heart and Hip, Rushing of Blood to the Head, Swelled Face and Toothache. A NALYSIS OF MINERAL WATER OF A POINT DU JOUR.—From Mr. Hout's Analysis of the Water of the Mineral Spring at Point du Jour, near L'Assomption, I infer that it will prove a valuable addition to those already discovered in Canada.

It appears to be well adapted to cases of scrofula, diseases of the skin, gout, rheumatism, and dyspeptic complaints generally.

Mineral Water to be useful should be taken for some time, and when it seems to lose its effect, that from another apring should be substituted; and one not agreeing with an individual, another may act kindly and effectually. Weak and deficate persons should seek the advice of a physician with regard to the employment of these watera—it would be a great blessing to society if these productions from the laboratory of nature were to supersede the vile and heterogenous compounds, with which the world is cursed, ander the name of "Patent Medicines."

Montreal, 11th March, 1880.

Montreal, 11th January.

I certify that I have used the Point du Jour Spring Water in my practice, and have found it to act as a mid purgative and alterative. From the quantity of Iodine it contains, it will, I doubt not, be found useful in acrofulous diseases and in some orm of apphilis, in addition to other remedies.
