The Standard of Comparison

The New Master of the Road

Marked comforts, refinements and the most complete equipment characterize the McLaughlin-Buick "Master Six" five-passenger touring car and heighten those splendid qualities of appearance, riding ease and power that have made this model so often imitated.

The time-proven McLaughlin-Buick cantilever spring has been given an entirely new suspension that absolutely does away with any need for rear snubbers or shock absorbers. The famous McLaughlin-Buick Valve-in-Head engine, the clutch, the body construction—all evidence the painstaking care invested to make this car a master.

Standard equipment includes nickel-plated, double-bar spring bumper, drum type head and cowl lamps, rear vision mirror, new walnut instrument board, steering wheel and body trim, aluminum scuff plates, combination tail and stop light, cowl ventilator, transmission lock, etc.
